Don't Prod Your Liver in Action

No Greenness, Sickness, Constipation, Sick Headache, Quickens, No Cramping or Pain. Guaranteed.

The organs of digestion, assimilation, liver and bowels are closely allied and the proper action of any of these organs is largely dependent upon the health of the liver.

"Whipping" your liver into action with calomel or forcing your bowels with cathartics or laxatives or strong cathartics is a great mistake. A better, safer plan is strengthening and toning the whole digestive and assimilative system with Nature's own Liver Tonic (N.L.T.). which not only gives immediate relief, but genuine and lasting benefit. It acts on the stomach, bowels, liver, kidneys, heart, lungs, digestion and assimilation overcomes biliousness, corrects constipation and quenches thirst.

Get your system thoroughly cleaned and purified for once; stomach, liver and bowels working together in vigorous action. Take one tablet every day—just take one N.L.T. tablet occasionally to keep your system in condition and always feel your best condition and appetite and chances to keep well it is to get well.

Take N.L.T. and try it with this understanding that it may give you greater relief and benefit than any bowel or liver medicine you ever used.
