Police Report Apaches at Work At Niagara Falls

NIAGARA FALLS, N. Y., March
24.—That apaches are loose in Niag-
ara Falls is the belief of local police
from reports of men arrested for in-
toxication during the past week.
These men tell of being approached
by strangers who pretended to recog-
nize in the prospective victim an ac-
quaintance of past years, and later
the victims are robbed either by force
or by cajolery or stealth and left
abandoned in the alley into which
they have been enticed.

Plainclothesmen will be assigned to
watch for this class of criminal. The
return today from the southland of
Detective John L. Roeder, veteran
thief catcher, who has been away on
vacation, will it is believed, be a de-
cided acquisition to the police force.
Detective Roeder went on duty to-
night within a short time of his leave
of absence.

The latest complaint of a street as-
sault is Eric Ericson, thirty-nine, of
Ashtabula, O., who told of two young
men waylaying him at Fourth Street
and Erie Avenue and robbing him of
\$20 last night. The complainant was
booked on an intoxication charge.
Later several youths were brought be-
fore the complainant, who was un-
able to fully identify any one of them
but the police believe they had the
right men in leash. The youths are
members of well known families po-
lice say, some of them having been
recently released on probation, but
because of the inability of the robbed
to establish an identification they go
unpunished.

THOUGHT IT WAS SUICIDE

A prominent merchant was discov-
ered a few days ago brandishing a
razor at midnight. His wife called for
assistance, but found he hubby was
only paring his corns. Far better not
to risk blood poisoning—use Putnam's
Corn Extractor, 25c. at all dealers.

PAINT LENGTHENS LIFE OF BUILDINGS AND MACHINES

Many an old ship has stood the
rack and ruin for years main-
ly on the strength of the tar or paint
applied to her sides, but sailors do
not wait for the ship's hull to become
weather beaten before applying the
first coat of paint. Farmers, on the
other hand, seem much inclined to let
their buildings reach a state of partial
decay before making any special
effort to safeguard them against the
play of wind and water. As a matter
of fact, nothing pays better than
paint applied immediately after the
building is constructed, in lengthen-
ing the life of the structure. The
same applies to farm machinery parts
especially the wooden parts and it
will always pay to paint such repairs
to machinery wagons, etc., as have to
be made before the work season for
these articles commences.

Good paint applied to farm build-
ings and machinery not only pre-
vents the good management employed in

serving them, but calls attention to
running the farm, a fact that helps
greatly in case the owner wishes to
sell either the farm or some of its
products. Many farmers have paid so
much attention to the economic value
of the farm that they have neglected
an important side of farm life. There
is no reason why the farmer and his
family should not have as attractive
a home as attractive as the city
dweller has. The farmer's neighbors
as well as the passing over, will
judge him largely by the care he
takes of his stock, his machinery, and
his buildings.

Painting is the easiest and least
expensive way of making sure of neat
clean surroundings, and is the best
way of preserving the lumber in
buildings, implements or machinery.
With sprig approaching, the time
has arrived for going the rounds of
the machine shed to pick out these ar-
ticles that can be moved to a warm
building for retouching with paint in
addition to their annual overhaul and
repair.

ANOTHER WORKMAN

ON HYDRO KILLER

NIAGARA FALLS, ONT., March
24.—Another fatality occurred in the
Hydro forebay at Queenston Monday
night when H. S. Bowen, a young
carpenter employed there, was almost
instantly killed when falling lumber
struck him on the head. Bowen was
working in the forebay, into which
a locomotive crane was lowering some
lumber in a sling causing the log-
ger to slip out and strike Bowen on
the head. An inquest was held at St.
Catharines today. The deceased man
came here from Cordova Mines, Ont.

Prince William of Sweden, second
son of King Gustave, is to visit Can-
ada and Honduras to explore the
ruins of prehistoric Indian habitation.
