## TOWN TOPICS.

**"A child's among ye, tabin' notes, An' fath' he'll prind it."**

A GOOD PRESENT.—The most useful gift you can make is to give a Wirt Pen. Apply to D. McGILLICUDDY, agent, Goderich.

The World's Fair fairs have gone on their way rejoicing, but Geo. Stewart still takes good notice at the reliable old stand, corner Hamilton-st. and Square, Goderich.

The lining that has been put on the fountain basin during the past week is warranted to hold water and last, and so are the supplies daily turned out by the people's favorite, J. J. Fridland.

The rest of the countryside is aware of the fact, but visitors may not know that R. H. Sallows, photographer, is turning out pictures equal to Chicago or Toronto for style and finish.

Merchants can get their Bill Heads, Letter Heads, etc., printed at this office for very little more than they generally pay for the same elsewhere. It helps to advertise their business, and also saves and gets prices.

I am now prepared to do any kind of plumbing work, also water service, at a reasonable price. I wish to make a request to those parties that are indebted to me for last year's account, to call and settle the same without further notice. G. N. DAVIS.

It is my intention to make Goderich my home, I best to inform the citizens of Goderich and vicinity if they will call at the store of G. N. Davis, I am prepared to do any work in the plumbing line. Workmanship second to none, and the charges not exorbitant.

ALFRED YORK.

What is some people's loss is other's gain. This is the case with Saunders & Son, who suffered loss by the fire in their place recently, but they are offering great bargains in goods damaged by smoke, such as wall-paper, a general assortment of tinware and all the fancy goods on the ground floor. But read their advertisement on page 8, and govern yourself accordingly.

## GOING OUT WEST.—Mr. W. E. Grace, the well known retired merchant, and one of our oldest residents, will leave on a trip to British Columbia on Tuesday next. He will be absent a year, unless as he himself expressed, "get homesick." The Goderich man who won't get homesick inside of a year is a rara avis.

Mr. James Church, sanitary plumber and steam fitter, has been secured by Saunders & Son to attend to that branch of their business. Mr. Church will remove his family to Goderich shortly and become a permanent resident. He comes well recommended from one of the leading firms in Toronto.

Fire.—On Saturday evening last a fire broke out in the rear of a house on Bruce-st., belonging to Mr. Geo. Acheson and occupied by Mr. P. B. Wallace. The alarm was soon given and the brigade hastened to the scene and had the flames under control in about five minutes. The fire brigade and the waterworks made a good team and did good work.

In the spring fruit promised a very heavy crop, but it is doubtful if there will be even a quarter of what was expected. This is due to a blight that has struck the trees, known as fire black; where touched by it the branches seem burned. It is said by horticulturists that this will work its way through the trees and ultimately destroy it, unless checked, and the only way to do this is to at once prune off the burned or dead branches.

HE'S SOMETHING OF AN ASTRONOMER.—Brantford Expositor: Mr. Vanatter, formerly on the composing staff of the Expositor, is now at Goderich, in Ontario. Alluding to the balloon electric light which the Courier has been using for the past few weeks, he laughed and said, "Why, it is just as far from Goderich as it is from Brantford." The Courier's vision is misty when it cannot tell the difference between an evening star and an electric light that could not possibly be visible ninety miles off. There is no electric light about it and nothing to be exercised about. It is a star of considerable magnitude and that is all there is about it.

NOT IN THE "BOOK TRUST."—The statement has been widely circulated, probably by parties who wished it might be true, that John B. Alden, Publisher, of New York, Chicago, and Atlanta, had joined the "Book Trust," which is trying to monopolize the publication of standard books, and to increase prices from 25 to 100 per cent. Mr. Alden sends us word that he has not joined the Trust, and there is not and never has been any probability of his joining it. The "Literary Revolution" which has accomplished such wonderful results within the past few years, in popularizing the literature of the highest character, no "trash" ever finds place on his list, still goes on. Instead of increasing prices, large reduction in prices has recently been made, particularly on copyright books by American authors. A catalogue of 96 pages is sent free to any applicant. One of the latest issues from his press, "Stanley's Emin Pasha Expedition," by Watters, a very handsome, large-type, illustrated volume, reduced in price from \$2.00 to 50 cents. This work tells a most interesting and complete story, beginning with the conquest of South Africa and continuing through years of Africa exploration, the revolt of the Mahdi, the siege of Khartoum, with the death of Gordon, the return of Dr. Junker, besides the story of Stanley's own adventures, including his successful Relief Expedition. It is one of the best and most complete works issued upon the subject. Send Alden your address, and you will receive his 96-page catalogue, and from time to time specimen pages of his new publications. John B. Alden, Publisher, 393 East St., New York also Chicago and Atlanta.

Goderich creameries, shipped from here 523 tubs of butter and 193 cheeses. The shipment was made to Edinburgh, Scotland. The cheeses were made at the Kinburn and Blake factories. This shipment of butter clears out all of Mr. Hannah's make until the last of July. The entire shipment amounts to about \$7,300, of which \$5,500 is for butter, and represents the make of the creameries for about three weeks. This will afford our readers some idea of the vast importance of the dairy industry to our farmers. Here is the very considerable sum of \$7,000 paid out in this immediate vicinity by one dealer for the products of the dairy, for the out-put of about three weeks. If our farmers would only devote to dairying, an industry for which our county is admirably adapted, the attention it deserves, they would soon be entirely independent of all wheat and would have established in its stead an industry which would be more profitable and vastly surer. We are glad to learn, however, that the farmers of this vicinity are now coming to appreciate the benefits of the creamery. Hitherto, Mr. Hannah has had to solicit, and sometimes almost beg patronage, but this year patrons are coming to him and asking him to send for their cream. This is as it should be, and indicates a new era in the creamery business. Dairying and stock raising is what our farmers is hardy more than nominal—\$1.00 a year. JOHN B. ALDEN, Publisher, 393 East St., New York also, Chicago and Atlanta.

Miss Ella Bates, of Ware, Mass., is spending a few weeks in town at her parents' residence.

"KNOWLEDGE" A NEW WEEKLY MAGAZINE.—Knowledge, a new weekly magazine, occupies a new field, and it accomplishes what it undertakes, it ought to be indispensable to every owner of a Cyclopaedia. It proposes to answer almost the infinite number of questions upon which one ordinarily consults a Cyclopaedia, and fails to find the answer, generally because the Cyclopaedia is not "up to date"—it was published, five years ago, or maybe, ten or more years ago. "The world moves," and the most important questions that want answers are of to-day, not of yesterday. For instance, Capri succeeds Bismarck as Chancellor of Germany: who is Capri? How do you pronounce his name? A terrible storm at Apia. What is that? How do you pronounce it? A revolution in Brazil a few weeks ago. What is the new status? And so on. If you consult any Cyclopaedia, and fail to find the answer to your question, or you find authorities differing, send a postal-card to Knowledge, and find your answer in the next week's issue. The magazine is published twice a year, with bound volumes at nominal price to its subscribers. A specimen copy of the magazine is sent free to any applicant. The price like all the issues of this publisher is hardly more than nominal—\$1.00 a year. JOHN B. ALDEN, Publisher, 393 East St., New York also, Chicago and Atlanta.

CREAMERY BUTTER.—Sasforth Expositor.—Last week Mr. John Hannah, of the Sasforth, Lonsdale, Kirkton and

## THE "TWELFTH" IN HURON.

How the Day was celebrated in Clinton.—A Large Attendance.

CLINTON, July 13.—The largest crowd that ever gathered in this town, and the most successful demonstration ever held in this section of country, was that which assembled yesterday to do honor to the memory of King William. In addition to the regular trains of the day six crowded specials brought in their quota from various sections, while from all the roads leading into the town a constant stream of vehicles made their way. It is estimated that at least there were from ten to twelve thousand people in town. Arches bearing appropriate mottoes had been erected in various parts of the town, while bunting, flags, and evergreens were displayed in all directions. At about two o'clock the lodges formed in procession and marched through the main streets.

On the arrival at the Agricultural Show grounds the platform was taken by County Master Todd, who briefly congratulated the brethren on the large and magnificent turnout, and incidentally referred to the occasion that called them out. He then introduced Mayor Doherty, who referring to the fact that it gave him much pleasure as a brother Orangeman to welcome them to the hub of the county, said he regarded it as an honor and privilege to address them from an Orange platform, and had no doubt they would always be true to the grand principle of the organization.

Mr. Todd apologized for the absence of Mr. Dalton McCarthy, who had been expected, but was absent in England. Mr. Clarke Wallace, Worshipful Grand Master, but at the last moment found it impossible to attend.

On behalf of the Board of Trade Mr. W. Jackson then presented to Mr. J. G. Holmes, of Toronto, who came in place of Mr. Wallace, a cordial address of welcome.

Short addresses were given by Rev. Mr. Hodgins, of Sasforth; Rev. Mr. Cascard, of Ripley; Rev. W. Craig, of Clinton; Rev. J. Edge, of Clinton; and Mr. Dickson, of Exeter.

The principal speaker of the day was Mr. J. G. Holmes, barrister, of Toronto, who spoke for one hour. Mr. Holmes eulogized the Orange body as a purely Protestant association without political proclivities. He stated that public sentiment would do towards Catholic emancipation now what King William and his forces did at the battle of the Boyne. He condemned both political parties for pandering too much to Catholic influences. He claimed that the result of the 6th of June was an evidence of the power possessed by Rome, and urged all to do what they could to resist the encroachment of the Church of Rome. His address was listened to with interest, and he was frequently applauded. At the close of his address the assembly dispersed, the visiting lodges returned home by the evening train.

The day was magnificently fine, and everything went smoothly and quietly without a hitch.
