Torbay Very Indignant.

Editor Evening Telegram.
Dear Sir.—The electors of Torbay demand an explanation from Messrs. Howley, Higgins and Bartlett, in connection with the meeting held here on Thursday night. For what reason did the two policemen accompany the few St. John's men to Torbay? Was it to raise trouble here, or did they think we were like a pack of hooligans and uncivilized. I might say Mr. Editor, for the information of the Tory gang that we are a law-abiding people and are not going to stand and have such treatment meted out to us; might say also, Mr. Editor, that some of the fellows who came down from the city in carriages had imbibed "not wisely but too well" and these were the same crowd that made the meeting "enthusiastic." If the explanation is not forthcoming we voters of Torbay are willing to take our own time and have our revenge. Higgins, Howley and Bartlett will get theirs on Oct. 30th. Thanking you for space Mr. Editor, I am
Yours sincerely,
A VOTER.
Torbay, Oct. 18, 1913.

NO EXCURSION TRAIN.—Owing to the lateness of the season the Reid Nfld. Co. have discontinued the Sunday Excursion Trains for this year.

SOLID GOLD WATCH FREE

Testimonials.

ST. BRENDAN'S.
Oct. 10th, 1913.
Dear Sir.—I received your letter of the 30th concerning the engine and I must say that I found it perfectly satisfactory and up to what I expected. I found it far better than all the other engines I have seen this past season. I did recommend and will, all fishermen who are going to get an engine to get a Fairbanks Morse as I believe them to be the best.
Yours truly,
(Sgd.) JAMES CROKE.
WESLEYVILLE.
Oct. 10th, 1913.
Mr. Geo. M. Barr.
Dear Sir.—I received your letter about the engine. The engine is everything a fisherman requires. Reliable and easy to understand and a boy of ten years old can drive her as well as an experienced man. I prefer the Fairbanks Morse engine to any other on the market. I am delighted with the engine in every way. I have spent time and money to give the engine a good reputation. THE FAIRBANKS MORSE ARE THE BEST.
Yours truly,
(Sgd.) PETER ROBERTS.

M. P. Gibbs and His Influence

There is a great lot of talk going around these days about M. P. Gibbs who has an insane idea that he is influential for getting votes. M. P. is the most unpopular man that ever donned shoe leather. He is a quibbler and a deceiver, fond of the grab and consequently is not liked. It was generally understood that Mickey had gone to Okak—having been defeated everywhere else—to seek election, but it seems that people are mistaken as Gibbs is said to be preaching to the electors of Mr. Main in support of Gaffney. We hope he won't.

Rossley Theatre.

Large crowds again filled Rossley's Theatre last night all eager to see the marvelous feats performed by the Great Carrol. How he releases himself from the bars of the Egyptian torture board is simply a marvel to all. He invites any one from the audience to examine and fasten the bars to their own satisfaction. He is causing a great sensation here as has done all over America, and none should miss seeing him.

Girl's Nerves Fully Restored

Was Never Able to Obtain Lasting Benefit Until Dr. Chase's Nerve Food Was Used.
Too many girls grow up with weak, anemic bodies and exhausted nervous systems. Indoor life and too much application in school are sometimes the cause. The blood needs enriching and the nerves need strengthening by such treatment as Dr. Chase's Nerve Food. This food cure is doing wonders for many thousands of girls whose parents had almost despaired of their ever developing into strong, healthy women.
Mrs. J. Bagnall, 395 Woodville avenue, Toronto, writes: "My daughter suffered from nervousness since childhood, and many medicines she tried did not do any lasting good. We read in the papers about Dr. Chase's Nerve Food, and my daughter used it with wonderful results. This treatment has built up her system and so strengthened the nerves that she feels like another."
Dr. Chase's Nerve Food, 50 cents a box, 8 for \$2.50, all dealers, or Edmanston, Bates & Co., Limited, Toronto.

Pointers.

The Tories have adopted a new method of canvassing. When visiting the suburbs they usually bring all their committee along (what's left of them as they are being disgusted in seeing they are fighting a lost cause and are leaving nightly) to help swell the meetings.

Wiggles says he has got Bell Island in his pocket. It must be the whistle which he blows when refereeing a football match over there.

People of Torbay are demanding an explanation from Howley, Higgins and Bartlett as to why they brought two policemen to Torbay with them on Thursday night.

Quidi Vidi is ninety per cent Liberal. Somebody must have been "coddling" the News about the Tory fiasco held at Quidi Vidi last night. Never had they such a frost before; it surpassed Portugal Cove. Howley told them several stories about his travels to Salt Lake City. Higgins told them he was always a Liberal but he had good reasons for becoming Tory. Bartlett said Sir Robert Bond was a good man, was born with a silver spoon in his mouth, that he was a statesman but had no idea how to run the affairs of the country. This caused quite a twitter among the Liberals present. When it is known that there are only five Tories in Quidi Vidi, it can be imagined what a frost it was. A heeler from the city called out three times for cheers for the Tories but only their committee responded. Higgins will get a greater licking than Gibbs got.

It was a pitiful sight to see the "Pullet" and two chicks coming home last night with their feathers drooping and their "stallwart" committee cackling to keep their courage up. They won't have a feather left by Polling Day.

Read Evidence for the Jury in this issue. It will pay you—oct16,13

Minimise The Loss.

Practically farmers may easily minimise the loss, due to a backward and cold season, by the judicious use of Sulphate of Ammonia as a fertilizer.

Sulphate of Ammonia contains over 20 per cent of nitrogen, as against 15 per cent in Nitrate of Soda, and is therefore more than 25 per cent better than nitrate of soda as a means of quickening and increasing the growth of crops.

The use of Sulphate of Ammonia has increased enormously of late years and it is recognized to be the most valuable fertilizer obtainable. By its judicious use the production of root crops per acre may be doubled, and the growth of late crops stimulated. We invite the attention of Farmers to our special pamphlet on the best methods of using Sulphate, copies of which will be forwarded free to any address on application.

The price of Sulphate is moderate, and our terms are accommodating. ST. JOHN'S GAS LIGHT COMPANY. Board of Trade Building, St. John's. July 8, 11

Everybody admits that the Fairbanks Morse "is a good engine." oct15,t

A Question.

Editor Evening Telegram.
Dear Sir.—Would Mr. Moses Young the Tory candidate for this town, tell "J.H." of Harbor Grace, if he, Moses Young, has changed the opinion he had of Mr. Edward Parsons before he became his colleague? These were his words: "If you are a friend of Parsons, tell him, not to come to Spaniard's Bay; he'll poll no votes there." I am afraid you are not as stable as the Moses of old. However, it won't make much difference, your political experience will be short, and the repentance sweet. Let "J.H." hear from you "Mose." He is anxious.
Yours etc.,
BIG BEN.
Har. Grace, Oct. 17th, 1913.
