THE KING'S HEALTH.

LONDON, Nov. 3. The Lancet says it is in a position to state with authority, that the accident to King George resulted in a severe shock, much bruising and pain, but that there has been no serious outcome of his dangerous mishap. There is no evidence whatever of any visceral lesion or any fracture, although His Majesty is still confined to his bed. This is necessitated solely by muscular stiffness following bruising.

COUNTED ON BONAR LAW'S RESIGNATION.

LONDON, Nov. 3. The Daily News lobby correspondent says that Carson had counted on Andrew Bonar Law resigning with him on the specific issue of the Dardanelles organization, but that an audience Mr. Law had with the King on Oct. 18th, when Carson's resignation was impending, directed his mind into another channel. Many of the papers discuss the Premier's remarks regarding the Dardanelles, but none draw from them the inference that it is the intention to withdraw the expedition. It is generally believed that as a result of the debate in the Commons there will be no further Cabinet resignations and that Churchill will remain as Chancellor of the Duchy of Lancaster. Carson's position henceforth probably will be that of the leader of a considerable body of Unionists and some Radicals who will act as a parliamentary opposition in the Commons, devoting themselves to criticism, with a view to keeping the government on the mark and well informed on the country's view regarding the conduct of the war.

A VOTE OF CREDIT.

LONDON, Nov. 3. Another vote of credit will be introduced into the Commons next week. Announcing this fact to-day the Premier did not mention the amount. It is expected to be £250,000,000 or £125,000,000.

"Still Getting Worse."

"No one can measure your 'Nerve Force' as it leaves you." "Prescription A" will increase your "Nerve Force" is the very motive power of the body as petrol is of the engine.

If you are using up too much Nerve Force through overwork, worry or other causes—you are like a motor car with a leaky petrol tank, however good the mechanism it must break sooner or later.

Now Prescription "A" not only restores lost Nerve Force but actually increases it to a remarkable degree. Try it. You will really be astonished at the result.

vitations, which are being largely circumscribed among men of military age, to join the army. This amazing blunder was disclosed by Lord Derby himself, who, while addressing a meeting of middle aged recruits, said that nobody should be surprised if they received invitations, as one had been actually sent to the Minister of War.

LORDS IN SESSION.

LONDON, Nov. 3. Cabinet responsibility for the conduct of the war and the censorship were discussed, criticised and defended at a short sitting of the Lords this evening. The session was a somewhat tame affair, after the great debate in the Commons yesterday.

LONDON BUDGET.

LONDON, Nov. 3. The vigorous support which Asquith and Briand have promised to Serbia is seemingly about to be realized. Besides the Anglo-French troops, including British cavalry, who already are in southern Serbia, British and French transports arrive daily at Salonika. The troops from them are being sent up country immediately to attempt to check the Bulgarian march from Velese toward Monastir. Other transports have landed troops at Kavala, on the Aegean Sea, near the Bulgarian border. At the same time diplomats continue their efforts to secure the support of Greece and Roumania for Serbia, who fought with them in their last Balkan war.

As time passes, Serbia's position grows more critical. The Austro-German drive from the north is proceeding slowly but surely while two Bulgarian armies are approaching Nish from which place the Serbian Government has moved to Mirovitza, near the Montenegrin frontier. The Serbians are fighting stern, defensive battles. From German accounts it is apparent that their main armies are making good their retreat, leaving as the Russians did in Galicia and Poland very little.

There is no further news of the Russian expedition, several days ago reported off Varna. The opinion is held in the Entente Allies countries, that Roumania, where there is continued agitation in favor of intervention on their side, will allow the forces of Emperor Nicholas to move across her territory. If this decision is reached, it is believed it will be influenced by the activity of the Russian army in Galicia, where, according to Russian official reports, General Ivanhoff has won another victory over the Teutons on the Stripa River. Further north in Volhonia, also is heavy fighting. The Russians claim to have checked an Austro-German offensive, which had for its object the capture of Czartorysk. In fact all along the eastern front the Russians, according to the German official report, are making a series of attacks from the Gulf of Riga to Roumania. It is admitted that the Germans were compelled to withdraw their lines in the lake district, but other Russian attacks were claimed to have been repulsed.

In the west unfavorable weather is interfering with operations.

Both British and French submarines are now in the Sea of Marmora, where the French submarine Turquoise was recently sunk by the Turks.

WILL NOT SIGN ANY PEACE AGREEMENT.

PARIS, Nov. 3. France will not sign any peace agreement until after her restoration by the right of victory, and until she shall have obtained all the guarantees of durable peace, said Premier Briand to-day. This statement was included in the ministerial declaration of the new Cabinet which was read

before the Chamber of Deputies and senate.

SMITH SUCCEEDS CARSON.

LONDON, Nov. 3. George Cave, Unionist member of Parliament, has been appointed Solicitor-General, succeeding Sir Frederick Smith, who has taken the portfolio of Attorney General.

BRIAND SUSTAINED.

PARIS, Nov. 3. A resolution expressing confidence in the new Briand Ministry, was adopted to-night by a vote of 515 to one.

FOUND LOST MACHINE GUN.

LONDON, Nov. 3. In one of the battles around Ypres the 13th battalion of Canadians lost a coil machine gun recently. A German aeroplane was brought down within the British lines front, having a pilot and observer, both dead, and the lost machine gun on board. The aero fell only twenty yards from the trenches, then occupied by the 13th battalion.

LANDING AT KAVALA.

LONDON, Nov. 3. Reports of the landing of Allied troops at Kavala, are hailed here. The operation is considered to be an excellent piece of offensive strategy. Kavala not only is the great tobacco port for Turkey, but is the terminus of three important highways, by one of which the Greeks in 1913 outflanked the Bulgarians and forced them to retire out of Macedonia and eventually won the war. The occupation of Kavala by the Entente Allied troops will necessitate, it is believed here, several new distinct defensive concentrations by the Bulgarians.

ACTIVITIES IN BULGARIA.

PARIS, Nov. 3. According to despatches from Salonika, Bulgarians are advancing beyond Velese and the port of Thessalonica, the defiles of Babuna after desperate fighting, but the Serbians still hold the principal part of the defiles near Perlepe. The Bulgarians have not repeated their attacks upon Krivlak which is held by the French. Evacuation of Monastir by the Serbians is denied. A French man-of-war yesterday bombarded a Bulgarian supply train between Xanthi and Dedaghat.

DESTROY ASIA MINOR PORT.

LONDON, Nov. 3. Four allied torpedo boat destroyers have mined the sea port of Thessalonika in Asia Minor, forty miles southwest of Smyrna. A message from Athens said that the Turkish forts, custom buildings, government barracks, and a large part of the Turkish quarter was destroyed.

REPORTED FRENCH SUCCESS.

PARIS, Nov. 3. Additional victories for the French in Kamerun are announced. A French column in Kamerun captured on October 25th a post on the Sonde-Durda-Yaundé railway. The enemy loss was heavy. The French lost among Europeans was light. Twenty-six natives were killed and seventy-nine wounded. Continuing their march the French took Esaba on Oct. 27. The railway which had been partially destroyed by the enemy has been completely repaired.

FORCED TO WITHDRAW LINES.

BERLIN, Nov. 3. The War Office announced to-day that Field Marshal von Hindenburg has been forced to withdraw his lines between Seventen and Islem Lakes on the north end of the Russian frontier.

GERMANY FEARS FAMINE.

GENEVA, Nov. 3. Owing to the high price of food in Germany neutrals are leaving the country for Switzerland. Under the heading "Can we hold out," the Neue Zeitung says, "Hardly had we crossed the threshold of the second year of war when the question became settled; another anxiety then faced us, namely the dearth of first necessities in the matter of food. Will our enemies succeed in defeating Germany by famine?"

SUPER-SUBMARINE TRAPPED.

LIVERPOOL, Nov. 3. The Daily Post published the report of the capture of one of Germany's latest super-submarines, 250 feet long, carrying in addition to torpedo tubes, four guns of fairly large calibre. The submarine was launched at Stettin a fortnight ago. The Post states that within a few hours after leaving the base she was caught in one of those traps that we have so skillfully laid for these craft somewhere in the German ocean. The crew are said to have been made prisoners.

ROME THREATENED WITH FLOOD.

ROME, Nov. 3. Rome is again threatened with flood, following the experience of last winter, when the Tiber overpowered its banks with unprecedented frequency. Thus far no loss of life is reported.

PEACE TALK AGAIN.

ROME, Nov. 3. The Messaggero asserts that Count Bernadotte, Swedish Minister to Switzerland, is taking a principal part on behalf of these Germans who favor peace negotiations, in an effort to bring them about. The Messaggero says the Count, someone, organized a league of neutral states for

defence, and that these interests are now using their influence in favor of peace counting on the support of Switzerland.

STEAMER ASHORE.

CAPE TOWN, Nov. 3. The steamer British Prince, 5,770 tons, Cape Town to Ludritz, Zubot, in German Southwest Africa, is ashore on Possion Island. There are 32 persons aboard, with mails and valuable cargo. The ship is said to be in no immediate danger.

GERMAN STEAMER SUNK.

NEW YORK, Nov. 3. A despatch from Copenhagen says the German ship Gedania was sunk by the British submarine in the Baltic to-day.

WHITLOCK RETURNING.

WASHINGTON, Nov. 3. Brand Whitlock, American Minister to Belgium, has cabled the State Department that he was preparing to return to the States for a vacation on account of ill health.

EASINGTON REPORTED AS MISSING.

LONDON, Nov. 3. The British steamer Easington, Sydney, N.S., Sept. 24, for St. John's, is posted at Lloyd's as missing.

WILL RECOGNIZE CARRANZA.

WASHINGTON, Nov. 3. Sir Cecil Spring-Rice gave notice to the Mexican government that both Britain and France were about to extend recognition to General Carranza in Mexico.

Great Chemist Praises Zam-Buk.

Mothers Who Use This Famous Balm Have Backing of Science

Mothers who use Zam-Buk, because they have proved it to be a splendid healer, will be interested to hear the result of a test of Zam-Buk by Mr. W. Lascelles Scott, the great English chemist. He says:—"I have made an exhaustive analytical examination of Zam-Buk and find its active constituents are of exclusive vegetable origin. It contains none of the impure and irritating mineral drugs and animal fats present in ordinary ointments. The antiseptic and bactericidal (germ-destroying) powers of its preparation are proved by my tests to exceed those of carbolic acid, yet Zam-Buk neither cauterizes nor inflames even a very sensitive skin, but ends skin disorders.

"I have no hesitation in certifying the purity of Zam-Buk and its value for skin injuries and disorders." Mothers who have not yet tried Zam-Buk should profit by the above. Zam-Buk is unequalled for eczema, cuts, burns, ulcers, running sores, piles, cold sores, abscesses, chapped hands, etc. All druggists and stores sell Zam-Buk at 50c. box, 3 boxes \$1.25.

Final Prohibition Rally

The St. John's Prohibition Committee held its final meeting in the Casino Theatre last night, the hall being filled to its utmost capacity. Dr. H. M. Mosdel presided, and after a few brief remarks introduced Hon. R. Watson, the first speaker of the evening. Mr. Watson spoke for about twenty minutes and strongly protested against argument brought forward that the movement was opposed to church teachings.

Mr. A. E. Hickman, M.H.A., followed, and dealt with the question in a practical manner. He quoted statistics that were at once reasonable and convincing. He referred to the fact that the different Government institutions contained a class of people that were directly or indirectly the victims of alcohol. He would not say that Prohibition would immediately change such conditions, but he felt that in after years we shall reap the benefit of the measure.

Mr. W. J. Ellis, President of the T. A. and B. Society, was the next speaker. His speech too was a practical one. He referred to the work done by the celebrated Father Mathew and explained the attitude of the Society he represented towards the drink traffic.

Mr. W. White followed and dealt with the question as it affected the employer and employee and emphasized the fact that drink lessened the competence of the workman.

Laid to Rest.

All that was mortal of the late Mr. M. A. Devine, J. P., was laid to rest at Belvidere Cemetery yesterday afternoon. The funeral took place from the late residence of deceased on King's Bridge Road and was exceptionally large. The procession included Capt. A. Goodridge, who was representing His Excellency the Governor; members of both branches of the Legislature and Executive Council, Judges of the Supreme Court and members of the Constabulary, while a large number of other citizens brought up the rear. At the Cathedral prayers for the dead were recited by Rev. Fr. McDermott, Administrator.

10 Cent Cascarets

Best Laxative for Liver and Bowels

Don't stay constipated, headachy, bilious, with breath bad or stomach sour.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from a cold, constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets to-night, put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, bad cold, offensive breath and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. All druggists sell Cascarets. Don't forget the children—their little insides need a gentle cleansing, too.

Mechanics' Fair Closes.

The Industrial Fair promoted by the Mechanics' Society was brought to a successful close last night by a grand dance in which over 200 couples participated. The music was supplied by the C. C. Band and the direction of Capt. Arthur Bailey and was of the usual high order. Previous to the dance, the articles left over from the previous night's sales were auctioned and fetched fancy prices. During the evening refreshments were served by the ladies in charge, by whom much of the success of the Fair is due. It is expected that the proceeds will be in the vicinity of \$800.

Ladies' Costumes Fall---1915---Styles.

Was there ever a more fickle lady than Dame Fashion? She is always making changes, and this season has surely surpassed herself.

There is a more decided change in this Fall's styles than has been known for many seasons. While materials are similar, Serges, Gabardines, Tweeds, Cord, etc., the designs are absolutely unlike any of their predecessors. Coats are of many styles, chiefly a la militaire, with high collars, snug-fitting sleeves, and the entire coat in some instances is beautifully braided. Skirts are much fuller, both pleated and gored, and are worn very short.

As descriptions are quite impossible, we can only say that we carry the largest and smartest line of Ladies' Costumes in the city.
