Just a word MAYO'S

When you have an old and tried friend sometimes he's taken for granted so much that he kind of gets 'way back and forgotten, although he's always to be relied upon, and always ready when wanted.

Mayo's Tobacco is just such an old and trusted friend only it has the advantage of never being shoved into the background, its always to the front—even on the firing-line. Our brave lads fighting all swear by Mayo's, and it gains fresh friends all the time.
