**Coaker Bosses  
Combing for Candidates**

Mr. Grace District is fully alive to the dangers of a Coaker-Collishaw control over the public interests. That once great city sees in the advent of a Monroe Government the return of its old time prosperity.

Port de Grave voters will bid farewell to Coakerism as polling day consequently the Monroe candidate will be given a rousing majority.

Harbor Main shows the back of his hand to Hawco to-day for no Coaker candidate is wanted there again. Good times under a Monroe Government is more preferable there than another four years of the misery of Coakerism.

In St. John's, Ferryland, Placentia, Burin, Fortune and Burgeo, the misery candidates have a hopeless cause to fight for. All these districts will give assailing majorities for the Monroe standard bearer.

No misery candidates will be tolerated at all in either the East or West of St. John's, and no man knows better to-day than F. T. McGrath's nominee for Coakerism, L. Edward Emerson.

The city has been ransacked for the past two weeks to find five more misery candidates to get under the shower of bullets which Emerson will be smothered with on the 2nd of June.

Edward Emerson and F. T. McGrath never encountered such an epidemic of "sickness" amongst possible Coaker-Collishaw candidates as they have met with in St. John's in any former experience of theirs. Too sick to fight is the only consolation they get from all their appeals on behalf of Coaker and Collishaw.

**Stability and Economy  
Under Monroe**

St. John's will elect six standard bearers for the policy of economy and a stable government under Mr. Monroe.

Conception Bay will elect nine more members to support the same good cause.

With the great majority of the rest of the outports falling into line on behalf of the Monroe Government, the rule of a Coaker-Collishaw combine is killed forever.

Bay de Verde has suffered so much from the tyrannical rule of Coakerism that it is determined this time to support a Monroe Government.

Carbonar will increase its majority against the Coaker-Collishaw nominee for voters there fully realize that a stable government under Monroe means settled conditions and a more prosperous town.

Emerson as a Coaker-Collishaw political tool will enter the discard pile in a few weeks more.

Collishaw no doubt would like to see another era of depression in this country as an excuse to stage another pit prop venture with Government funds.

Vote for Emerson and you vote for Coaker and Collishaw to rule St. John's.

Vote for Monroe candidates and you vote to rid the city from the Coaker-Collishaw interference.

Vote for Emerson and you vote to invite the Sheriff and the Bailiffs to confiscate your property for a ruined St. John's under More Coaker domination would lead to this as sure as the sun will rise to-morrow.

The Hickman-Coaker-Collishaw party would soon kick the plank of Economy away from them once they could get their grip on the public chest.

The fake messages from the outports published in the Advocate are merely the squandrels of their frantic heeler's here.

Go are the Hickman-Coaker hopes from St. John's entirely. From Petty Harbor in the West End to Bell Island in the East End, the sentiment is enthusiastically in favor of a Monroe Government.

Some things we would like to know. How is Sir William Coaker going to explain the dead set and personal attacks he and the Advocate made on Mr. Hickman one year ago?

Will Sir William apologize to Mr. Hickman for the many insults and abuse which he and the Advocate heaped upon Mr. Hickman when Sir William's now famous regulations were challenged?

What answer is Mr. Hickman going to give for his many expressed opinions of Sir W. F. Coaker last year?

Will Mr. Hickman tell the people why he was so suddenly converted to Coakerism or why Sir William sud-
