A Nordheimer Piano Talk.

The house of Nordheimer has been established for 64 years. Year after year it has made and sold thousands of the Nordheimer Pianos, and in that time the most careful oversight has been kept so that all possible improvement in these instruments might be made. This piano could not be sold to so many people for so many years unless it were a good piano, one, indeed, of rare worth. The Nordheimer plan of easy payments permits you, as it has permitted others, to own a Nordheimer Piano of choicest workmanship and purest tone.

The annual tea and entertainment of the First Congregational Sunday school was held last evening in the schoolrom of the church. The attendance was good and the programme very enjoyable, consisting of songs, choruses, re-citations, drills, orchestral and other instrumental music. The children of the Children's Aid Home were entertained and thoroughly enjoyed themselves.Mr. Alfred Anundson, the esteemed super-intendent of the school, occupied the

PROUDFOOT CONCERT. A very successful concert was given last evening at the Proudfoot Memorial Church in aid of the building fund. Mr. J. A. Carrick presided, and the attendance filled the church. The concert numbers were all well received, those who kindly contributed being: Misses May Graham, Lent, Dunn, Mahon and Durst, and Messrs. Rev. Wiley, Riley, J. Arnold Thomson,

Webster, Stevenson, Pelly, Perrin, Wilsey and Prof. Pococke. ILLUSTRATED RECITAL. Mr. Thomas Mitcheltree, the blind pianist, who is giving three piano recitals this year of an illustrated nature, gave his second one last evening, and, as in the case of the preced-ing recital, it was highly instructive greatly appreciated by a large audience. Mr. Charles Percy, tenor, rendered able vocal assistance. Mr Mitcheltree's interpretations were of the works of Bach and Chopin.

My Restorative is my discovery, the result of my lifetime's work. I have personally tested it in thousands of cases as difficult as physicians ever meet. In my long experience I have so perfected to that it does not fall, save when a cause—like cancer—makes a cure impossible.

My success comes from strengthening the inside nerves. Common treatments merely doctor the organs, and best results are but temporary. My treatment restores the nerve power, which alone makes those organs act. It is like giving a weak engine more steam. Any weak vital organ does its duty when given the power to act, and there is no other.

BLAME ATTACHED TO NONE Verdict in the Case of Mrs. Mary J

Ball.

The inquest into the death of Mrs. Mary J. Ball was concluded last night, when the jury met and heard the evidence of a few witnesses, after which brought in a verdict exonerating everybody from blame in the matter. Relief Inspector McCallum testified o having persistently tried to get the

deceased to go into a home, or to her daughter's in Grand Rapids. Medical Health Officer Hutchinson and Dr. English, who made the post-mortem examination, gave evidence that the deceased had come to her death through natural causes, hastened by the cold weather, but that she was neither frozen nor starved to death. The jury brought in a verdict to the above effect, adding that the authorities had fully discharged their duties.

In a letter from Hon. Mrs. Pery, Castle Grey, Limerick, Ireland, they are thus "Having brought your Bronchial Troches with me when I came to reside here, I found that, after I had given them away to those I considered required them, the poor people will walk for miles to get a few." xt&w
