SHIN BONE OF MAN GRAFTED ON WOMAN

New Leg Taken From the Body of Unclaimed Dead.

[Canadian Press.] New York, July 14.-By grafting the shin-bone of a man on to a woman suffering from necrosis, thus practically giving her a whole new lower leg, the surgeons of the New York Hosping for Deformed Limbs, have

Hospiese for Deformed Limbs, have completed an operation unique in surgery. Up to now, operations of this sort have been confined to experimental work done on dogs.

The first essential was to get a good healthy bone to take the place of the one eaten by disease. After a time one of the hospitals which handle emergency cases reported that a man had been killed in an accident. As the body was unclaimed and would have gone either to potters' field or the dissecting table of some medical college, requisition was made for one of the legs, from which the tibia was taken. It was kept in an ice-box, immersed in a strong sait solution, until the surgeon was ready to use it.

THE RULING PASSION

Superannuated Fire Horse Turns Out

When Gong Sounds.

Ottawa, July 15.—The ruling passion of a veteran Ottawa fire horse was this week shown to survive old age and superannuation. Some time ago one of the Ottawa brigade horses, with a record of nearly fifteen years of duty well and nobly done, was superannuated. He was turned over to Thomas Angel, caretaker at the exhibition grounds, on condition that only light and easy work be required of him, which consisted in the occasional pulling of a grass mower around the grounds. Last Tuesday Mr. Angel and the horse were mowing the grass near the fire station located in the exhibition grand stand. An alarm came in, and as the gong rang out its summons to the fire horses the aged veteran pricked up his ears and snorted. Then, as the doors flew open and the clatter of hoofs swept past, with bells clanging and reels ratting, the spirit of the past came again to the old steed. He started in pursuit of the reels, and Mr. Angel, after tugging at the lines and shouting unavailing "whoas," finally had to leap out of the way of the grass cutter and let the equine go.

With the mower rattling and clattering at his heels, the animal dashed
