LITTLE HOPE OF JURY BEFORE CHRISTMAS

Defense Likely to Place Strong Claim On Gas Explosion Theory.

[Canadian Press.]
Los Angeles, Oct. 17.—Speedy completion of the jury trial of the McNamara brothers, who were charged with the murder of the late Senator John D. McNamara, is a possibility which the defense attorneys are now counting on. The trial, which began on the 15th of September, and which has been held down to Thanksgiving, is now expected to be completed by the end of the month. The defense attorneys are now counting on a verdict of acquittal, and are preparing to place a strong claim on the gas explosion theory.

The defense attorneys are now counting on a verdict of acquittal, and are preparing to place a strong claim on the gas explosion theory.

A Matter of Individuals.
Furthermore, an opinion rendered concerning one juror would not apply necessarily to the next one, the court's decision, resting under the law, upon his belief in the fitness of the individual juror.

DEATH OF MRS. M. JOHNSON

Estimated Resident of South London Found Dead in Her Room.

The death of Mrs. Mary Johnson, widow of the late Henry A. Johnson, took place suddenly yesterday morning at her late residence, 96 Elmwood avenue, South London. The late Mrs. Johnson had been in poor health for some time. During the summer she took a trip to Lake of Bays for the benefit of her health, and returned apparently much improved. She was out calling on her friends a short time ago, but during the past two or three days had been slightly ill. Yesterday morning she took breakfast in her room, and a short time later one of the members of the family went up to inquire as to her health, when she was found dead. The end had apparently come quietly and peacefully. Mrs. Johnson was a daughter of the late Mr. A. Thomson, of the post-office department, and her mother, Mrs. Thomson, survives her. She is also survived by two sons, Norman, of the Bank of Montreal, in Montreal, and Harry, in Toronto, and two

THIN, FRAIL WOMEN WITH PALE CHEEKS

Now Rapidly Learning the Way to Health and Vigor by the Use of Dr. Hamilton's Pills.

Thousands of half-dressed, emaciated, worn-out women are dragging out their weary lives simply because they don't know what ails them. Nine times in ten it's indigestion, which directly leads to anaemia, poor circulation, and eventually invalidism.

The first step towards relief is to flush out all wastes and unhealthy matter. Loosen the bowels—stimulate the liver—stimulate the kidneys. Once this is done, Dr. Hamilton's Pills will quickly manifest their health-restoring qualities.

"The best way to correct impaired digestion, to cure constipation, headache, liver trouble, and other ailments of the stomach and bowels," writes Mrs. Uriah A. Dempsey, from Woodstock, "is by the frequent use of Dr. Hamilton's Pills. I didn't know what it was to enjoy a good meal for months. My stomach was empty and nervous. I simply house-cleaned my system with Dr. Hamilton's Pills, and have been robust and vigorous ever since."

To keep the machinery of the body in active working order, no remedy is so efficient, so mild, so curative as Dr. Hamilton's Pills—good for men, women and children. 25c per box, at all dealers or the Catarrhose Company, Kingston, Ont.

SEARCHING FOR TEACHER STILL

Parry Sound Residents Come Upon No Trace of Violet Smith.

WILD RUMORS HEARD
River Dynamited Without Result—Woods Searched by Large Party.

Parry Sound, Oct. 17.—Detectives Markle and Boyd have returned from Dillon Port after dynamiting the river, into which it is thought Violet Smith, the missing teacher, may have fallen. They left here on Saturday at one o'clock with two men in a gasoline launch taking along a liberal supply of dynamite. Upon arriving at 3:30 they immediately began dynamiting, putting in twenty shots at various intervals before midnight. At each explosion the river bed was disturbed for considerable distance, the water being hurled as high as fifteen feet.

Wild Rumors Afloat.
There was no trace of the missing girl, however, and the party returned to Parry Sound. It was reported here yesterday and also this morning that the girl's body had been found in the bush to the rear of her boarding-house, and that she had been shot. These rumors, however, were mere street gossip. Having no foundation in fact, neither the crown attorney, detectives or any other authority had heard of it, and moreover there had been no report of the girl's body being found. The understanding is that should the body be found a messenger will be at once dispatched on the twenty-five miles to Parry Sound to notify the crown attorney and coroner.

Searched the Woods.
The search through the woods was continued by an enlarged force of thirty men, some of whom, came ten to fifteen miles to assist. So far as is known, however, the secret is as dark as ever. The peculiar affair, which may or may not be a tragedy, is the only topic of discussion in Parry Sound. At all corners today are little groups of men advancing various theories as to what may have happened. Mr. John Galt, M. P., has been making inquiries at all points within his riding and is at a loss to come to any definite conclusion.

Sectionmen Notified.
Every possible agency, including the Indian department, has been communicated with, with the request that all possible machinery be put in motion which may aid in finding the girl or her body. Today the C. P. R. sectionmen are being notified to be on the lookout for the girl's body, and train men will look closely along both sides of the track as their trains pass through the district north of Parry Sound. It was made known that left undone that might in any way throw any light on the strange disappearance.

CITY COUNCIL WANTS THE MILITARY CAMP

Resolution Adopted Calling on Government to Buy Tract of Land Here For Military Purposes.

The city council will make every attempt to secure the annual military camp of this district for London. At the session Monday night, Ald. Tancouk moved a resolution to the effect that the city should purchase a tract of land near the city for military purposes, was carried unanimously. By the motion, the city committed itself to pay a portion of the cost, the amount to be later decided upon.

There was no debate on the question, all the aldermen voting at once. This is the beginning of a campaign to bring the camp back. The board of trade will be asked by Ald. Tancouk to pass a resolution urging the city committee to do something, and other organizations will be invited to do the same.

In Paris and London It's Sealette

Since last this beautiful pile fabric was worn, a very great improvement has been made in its manufacture, and some of the high grades when made up into coats would puzzle the expert to detect it from the real seal at a glance without feeling the texture. During the last twenty years the price of seal skins has soared to such a height that a seal sacque is almost out of the question for the majority. This, together with the marvellous imitation of the real fur, which has been produced by the world's greatest manufacturer of pile fabrics, "LISTER," will tend to make the reign of sealette as king of all fashionable coat fabrics, which has been crowned and coronated in London and Paris, a reign of long duration and universal popularity. The new piles are beautiful, so furry and fine, you would wonder by what process they are made if you could persuade yourself they were not of natural growth.

All Stock New and Fresh

We did not carry a single piece of Sealette over. Our stock is all new and fresh from the Lister mills, as many customers know who have been inquiring and waiting for their arrival, in which there has been considerable delay owing to the fact that this maker cannot supply the demand for Sealette in England and France at the present time. They are here and ready now, and we venture to say the most beautiful Sealletes shown in Canada, imitating the real seal skin more perfectly than those of the last decade. 48 inches wide. Prices, per yard.....

\$3.50, \$5.00, \$7.50 and \$9.50

Caricul, \$4.50
