

Gunmen Leader Shot to Death

New York, Oct. 6.—Big Jack Zelig, the eastside gang leader, who is said to have "passed the word along" to the gunmen of his gang to kill Herman Rosenthal last July, was shot early last night as he was riding in a northbound Second avenue car at Fourteenth street, by an eastside fruit dealer named Philip Davidson, and died in a Bellevue ambulance while being taken to the hospital.

Davidson climbed upon the open trolley car, and fired a bullet that entered Zelig's head just back of the right ear. The murderer told the police later that he had killed Zelig because this afternoon Zelig had enticed Davidson into a doorway in Broome street, near Eldridge street, had beaten the fruit dealer with a blackjack, and had then robbed him of more than \$400 in cash. Upon seeing Zelig riding back to his home in Second avenue about three hours later, Davidson, according to his own story, had chased the car for more than a block, and then had killed Zelig in punishment for the beating and loss of money he had suffered at Zelig's hands during the afternoon.

Davidson bore bruises about his eyes and on the nose, and substantiated his story of being beaten up by Zelig earlier in the day. When Zelig's clothes were removed from his body at the morgue shortly after he died in the ambulance, the police found \$500 in cash in one of the murdered gangster's pockets.

TRIPLE AUTO CRASH TAKES LIVES OF NINE

Car Hurled Over Bank by Collision in a Philadelphia Park—Machine That Caused the Trouble Was Travelling Wild at a Terrific Speed.

Philadelphia, Oct. 6.—Nine persons are dead as a result of a terrific collision between three automobiles at 10 o'clock yesterday in Fairmount park, on the northern edge of this city. The cars came together while crossing an embankment on one of the beautiful drives for which the park is famous. One of the automobiles, described as "running wild," so great was its speed, crashed into one car, which was hurled against the other.

Charles J. Spade, who escaped uninjured from the smash, except for slight cuts and bruises, declared that his car had just come out of the park and was crossing Thompson street at Thirty-third, when another car came flying out of the darkness and

crashed into his car before he could avoid it. Then the wild car, which it was later learned belonged to Edward Shaw, swung around by the force of the impact, plunged across the sidewalk through a guardrail on the edge of the street to the Pennsylvania tracks below. This car was a total wreck, and every man in it was killed. Two men in the Spade car were killed and one fatally injured.

When the Shaw car struck Spade's machine the latter was hurled backward and into a third automobile which was passing in Thomas street. This car seems to have escaped without any serious injury, for it made off at once in the darkness, and the police have been unable to learn who owned it or who its passengers were.

CONVICTS KILL GUARD IN WESTERN PRISON

Long Term Burglars in Westminster Penitentiary Make Desperate Attempt to Escape, But Are Finally Overpowered.

Vancouver, Oct. 6.—Prison Guard J. H. Joyson was killed and two other guards injured on Saturday afternoon while attempting to frustrate a desperate attempt of H. Wilson and Joseph Smith to escape from the New Westminster Penitentiary.

Wilson and Smith were in a stone-breaking gang, and as Guard Craig turned at the end of his parade Smith struck him on the head with a hammer, knocking him down. He jumped up and grappled with Smith, getting him down, but Wilson rushed in, and together they overpowered him and took his pistol. Then they ran towards the vestibule with Craig after them, but they had secured a good start. Guard Round, in charge of the vestibule, was standing in such a position that they were able to get right behind him before he noticed them, and when he turned the stolen revolver, he was struck in the head. Wilson, who was armed with a pistol, marched him through the tunnel leading from the vestibule under the wall to the brick yard, and with two pistols at his back compelled him to cross the brick yard as if they were being taken to some place to work. In that manner they succeeded in approaching Guard Morrison, and were close up to him before he noticed there was anything wrong. This guard was in charge of an evening gang.

Using the captured guard as a shield they forced Morrison at the point of

their revolvers to hand his own weapon over. The convicts walked both guards along the back fence to the brickyard, where Wilson was stationed on a long stand running along a wall at an elevation of 12 feet above the ground. Again sheltering themselves behind the two guards they covered Elson with their revolvers and demanded that he throw down his rifle and keys. He threw down his rifle.

At this point Joyson, who was employed in another part of the yard, and put his men under the charge of another officer, appeared and opened fire with his pistol. His shots were without effect. One of the desperadoes, Wilson, picked up Elson's rifle and fired at Joyson. It is believed that Smith, also armed with his pistol, then fired at Joyson. He died within a few minutes.

Wilson jumped for the keys thrown down by Elson, the guard who obeyed the command to throw down his rifle, but he was also armed with a pistol, and as Wilson tried to get the keys he fired at him with that weapon. "I am wounded, Smith," called out Wilson, and Guard Round, who had been held up in the vestibule and marched along, took advantage of the momentary inattention of Smith, as he turned to his fellow convict and struggled with him for the stolen keys. Smith was then crying. Other guards came rushing up and Smith and Wilson surrendered. Wilson and Smith are both long-term burglars.

ASQUITH UNMOVED BY THREATS OF UNIONISTS

British Government Will Not Bow to the Bluster of Ulsterites.

Ladybank, Fifehire, Scotland, Oct. 6.—The British Government will not bow to such threats as the Unionist leaders made in Ulster, declared Premier Asquith yesterday, in speaking on home rule. They had, he said, raised the spirit of lawlessness, but they must not imagine that they could confound their doctrine to a case which happened to be politically convenient at the moment. He continued:

"If that four-fifths of the Irish people demand is not granted, and if Ireland see their long-cherished aspirations frustrated, they may turn and say, 'We will take the law into our own hands.' No body of representative politicians has ever struck a more deadly blow at the foundations of democratic government."

SHOOTING FATALITY

Young Man Killed By a Charge Another Was Withdrawing.

Uxbridge, Oct. 6.—A shocking accident occurred here this evening. Three or four young men had been out in the country shooting. On their return to town they stopped on the road near a coal shed west of the railway station for one of its party. Arthur Johnson, aged sixteen, attempted to draw the charge from his gun. In the process the gun went off, the full charge striking Charles Cooper, aged nineteen, in the breast, killing him instantly. The young man was a son of James Cooper, at Engleham, who has been in the country several years. He was a printer by trade, and the eldest of a large family.

RACKS FOR TOWELS

When selecting a towel rack for the bathroom, look at the rod of twisted glass mounted in nickel. These rods have a decided advantage over the simple glass rod. The twist is just enough to keep the towel from slipping off as frequently happens with the smooth rod.

LIPTON TO CHALLENGE FOR AMERICA'S CUP

Irish Knight Will Make Another Attempt to Capture Famous Trophy.

Liverpool, Oct. 6.—Before sailing for America today Sir Thomas Lipton stated that he intended to challenge again for the America's cup.

The definite statement of Sir Thomas Lipton that he is about to make a fourth attempt to win back the America's cup confirms recent rumors that he intended to issue another challenge. There had, however, been some doubt as to the British yachtman's willingness to risk a further effort to gain the famous trophy, and conflicting reports had added to these.

The race, if it should be arranged, cannot take place before next year, as ten months must elapse between the sending in of the challenge and the race.

Since the last race in 1906 a new code of rules has come into force, and it is to consider the effect of these in connection with the American Yacht Club that Sir Thomas Lipton is now coming to America.

DR. SOWERBY RESIGNS

Former London Pastor Gives Up Church Because of Ill-Health.

Toronto, Oct. 7.—At the conclusion of the evening service in College Street Baptist Church yesterday Rev. Dr. A. T. Sowerby, the pastor, tendered his resignation on the grounds of ill-health, the resignation to take effect at the end of the year.

In a statement to the congregation, Dr. Sowerby pointed out that during the past summer he had received no less than five calls, one from the Northwest, and another from a state capital, made him when in Portland, Oregon, last year. All these, however, he had declined. His pastorate at College Street had been of nine years' duration, and he had been engaged in the ministry for 28 years without cessation, as a result of which he felt he needed a rest. The statement finished, Mr. Thos.

McGillcuddy, senior deacon, rose, and on behalf of the congregation expressed heartfelt regret and great surprise at the pastor's move. It is possible that the pulpit will be kept open for Dr. Sowerby, but his return, Dr. Sowerby came to Toronto from the Talbot Street Church, of London, prior to which he occupied a Boston pulpit.

DRIFTED THREE DAYS

Owen Sounders, Who Were Lost, Turned Up All Right.

[Special to The Advertiser.] Owen Sound, Oct. 6.—After three nights and three days drifting, Jeremiah Coushy, the colored man, who with his grandson, left here on Wednesday evening, in a small gasoline launch, to fish along the shores of Lake Huron, whose safety had been despaired of, was picked up on the shore of Little Thunder Bay, a small inlet near Penetanguishene, Saturday afternoon.

The southwesterly wind which prevailed at the time of their departure had carried them out into Georgian Bay, and shifting to the northwest, sent them drifting over to Sea Point, where their launch went ashore. Beyond hunger and exhaustion from exposure, the pair were little the worse of their experience, the fine weather being in their favor in this respect. They are expected home tomorrow.

EMBRO FAIR

Threatening Weather Kept Many From Seeing Fine Fall Show.

[Special to The Advertiser.] Embro, Oct. 7.—Threatening weather interfered with the attendance at the local fair, and somewhat spoiled a fine show as has ever been held in the district. The entries were numerous, and of splendid quality. Nearly all morning it threatened rain, and in the afternoon it sprinkled rain from 3:30 till 5:30, making it so very unfavorable for the showing and judging of horses.

In the evening a play was put on by local young people entitled "Grandmother Hildebrand's Legacy."

The orchestra, made up of the following musicians, Messrs. Ross, Campbell, and the Mitchell Bros., of Lakeside, between the acts, was exceedingly good. The proceeds totalled \$210.
