Chief of Police Adams this morning made a surprise visit out the Lily lake road and succeeded in seizing one of the largest and most up-to-date stills yet seen here. A Montreal man is suspected of being interested in it, and also some local men, but whether there is sufficient evidence to proceed is doubtful.

about to begin. The cut will be heavy on both Crown Lands and privately owned lands.

The decision to cut more lumber is said to be the result of indications in the world-market that there will be a tremendous demand for lumber next year. France and Belgium are expected to have heavy requirements for reconstruction and the United States and British markets also are expected to be under-supplied.
