ATTORNEY GENERAL
IS ON THE JOB

Takes Hand in Matter and Orders Police Officers to Do Their Duty.

Attorney General Byrne has called the Chief of Police to account for not doing his duty in reference to the enforcement of the Prohibition Act and the Chief of Police has reported to the Council as follows:—

Campbellton, May 16, 1921
To His Worship, The Mayor and Town Councilors of the Town of Campbellton.

Dear Sir:—

I beg to state that on the 11th day of May inst., I was called up by phone by the Honorable J. P. Byrne, Attorney General of the Province of New Brunswick and he asked me as Chief of Police here, what we were doing in regard to the enforcement of the Intoxicating Liquor Act 1916. I replied that owing to instructions from the Town Council, that we were ordered not to take any part in the enforcement of the Act, and were not doing so. He also asked me regarding the resolution passed by the Town Council, and I explained to him verbally as I understood it, and that we were acting according to instructions from your honorable body. He replied to me that under section 156 of the Intoxicating Liquor Act 1916, did I not know it was my duty to enforce the provisions of the said Intoxicating Liquor Act. I replied that I was following my instructions from the Town Council. The next morning I received a letter, a copy of which is herewith attached, and you will kindly notice I am ordered by him to bring your attention to said resolution quoted, as conflicting with the duties laid down in Section 156 of said Act aforesaid. As ordered by him and following his instructions I am placing this matter before you for your consideration.

I remain,

Yours respectfully

JAS. H. ADAMS,
Chief of Police.

(COPY)

Bathurst, N. B.,
May 12th, 1921.

To the Chief of Police,
Campbellton, N. B.

Sir:—

Pursuant to our conversation over the phone, I beg to call your attention to the fact that the Town Council of the Town of Campbellton passed the following resolution at a meeting of the Council held February 28, 1921, that is to say: "Moved by Councillor Belleisle, seconded by Councillor Duncanson, that the police force be instructed to confine their activities to their civic duties and not to take any part in the enforcing of the Provincial Prohibition Act until such time as the government pays sufficient remuneration for their services or refunds one-half of the fines collected to the Town." I wish to point out to you that it is provided by section 156 that Police officers, policemen and constables shall have full authority and it shall be their duty to enforce all the provisions of the said Act, and by Section 96, every person who offends against the provisions of section 156 shall be liable, on a summary conviction to a penalty of not less than twenty dollars and not more than eighty dollars for a first offence and for a second offence to a penalty of not less than twenty dollars and not more than one hundred dollars, and for a third offence to imprisonment for not less than two months and not more than six months without the option of a fine.

I am in receipt of a telegram from the Rev. F. E. Boothroyd taking strong ground with reference to the resolution passed by your Town Council. It has also been represented to me that as a result of the resolution the work of enforcing the Intoxicating Liquor Act 1916 has practically ceased in Campbellton and that violations of the Act are open and flagrant and continuous and that drunkenness is prevalent. I regret to hear this very much because it seems to me that it is not a desirable condition to have existing, and I trust that, in accordance with your promise you will immediately bring to the attention of the Town Council that their resolution conflicts with the duties laid down by section 156 as to Police Officers, Policemen and Constables shall do with reference to enforcing the provisions of the Prohibition Act. I understand the Mayor of your town is away. I wrote him a few days ago with reference to this matter but have received no reply up to the present time.

I am,

Yours truly

J. P. BYRNE,
Attorney General.

A careful reading of the Attorney General's letters will convince our readers that the police are guilty of an offence under the act and can be prosecuted if they fail to attend to their duties in enforcing the law.

"I suffered terribly from Constipation and Dyspepsia for many years. I felt pains after eating and had gas, constant headache, and was unable to sleep at night. I was getting so thin that I was frightened and saw several physicians who, however, did not seem able to help me."

At last a friend advised me to take "Fruit-a-tives". I did so and soon I felt some relief. I continued with "Fruit-a-tives" and in a short time, the Constipation was banished, I felt no more pains or headache or the disagreeable sensations that follow dyspepsia. Now I am well, strong and vigorous."

To those who are hopin

We are in the coal business. Have we know conditions.

We cannot predict future price do not think further reductions as present mine wage agreements do not run until March 31, 1922.

There isn't much hope of gas reduction in freight rates.

If the proposed Pennsylvania Tax on anthracite becomes a law it will mean an additional 15.00 or cents after next July 1st.

Coal is far cheaper today than it was winter if you hold off That is absolutely certain.

You received the same advice—those who took it suffered no of consequence during the big oil coal strike.
