Show the formula which appears on every box
of Lax-ets to any physician. Ask him if there
is a better medicine to move the bowels natu-
rally—gently yet surely. Lax-ets simply prompt
the forces of Nature—free from all irritant or
pain. Put up in the form of candy tablets—
pleasant to take and pleasant in effect—con-
venient in form. One Lax-et taken before meals
or on retiring always brings relief. In a
handy metal case only 5 cents a box. Sold by

Cattle Day in Forest.

Last Thursday was cattle day in Forest,
when the farmers turn over the cattle to
the local buyers and they are put out on
pasture. The majority of the following
were brought in that day, but a few were
turned over a few days previous:—

The cattle are in excellent condition this
spring, and the buyers and farmers were
consequently in good spirits.
It is estimated that \$28,656 changed
hands that day.

PIN YOUR FAITH

ON FERROZONE

A Time Honored Cure for Spring Ail-
ments that Every Physician
Recommends.

But every year has seen the popularity of
Ferrozene increase, to day it is used by the
people of many nations for weakness and debility
and the characteristic ailments of spring.

It enriches the blood supply and thereby
vitalizes and quickens the whole body.

Humors and impurities are driven off.
Disease germs of every kind are destroyed.

Nutritious material is supplied for restor-
ing the waste, and day by day the process
of rebuilding goes on till health that out-
lasts old age is established.

Mr. W. A. Renwick, of 285 Hunter St.,
Hamilton, Ont., writes: "A year ago I
became run down and lost my health. My
strength was greatly reduced and on account
of the weakness of my heart I was afraid to
work."

On going up stairs or walking fast my
heart would beat like an engine. I would
gas for breath and let exhausted quickly.

At night I would wake up in an excited con-
dition and find my heart going like mad.

In this terrible state nothing helped me
but Ferrozene. Each good it did me I can
hardly explain. It built up my strength,
put new life in my heart and made me feel
like a new man."

Even in advanced cases of weakness, Fer-
rozene is unfailing. Your druggist sells it,
50c. per box or six boxes for \$2.50, at all
dealers, or by mail from N. C. Polson & Co.,
Hartford, Conn., U. S. A. and Kingston,
Ont.

A Valuable Office Boy.

The employer was bending over a table,
looking at the directory. The new office
boy slipped up, quietly and poked a note in-
to his hand. The surprised employer open-
ed it, and read:—

"Honored Sir—Yer pants are ripped."

The superiority of Mother Graves' Worm
Exterminator is shown by its good effects
on the children. Purchase a bottle and
give it a trial.

The Beginning of Things.

Engraving on copper dates from 1459.
Cannon and small arms were introduced
in 1300.

Shirts, resembling those now worn were
in use in 1830.

The spinning-wheel came to the rescue of
women in 1330.

Barometers were first used by Torricelli
1670.

Bayonets came from Bayonne, France,
1670. Hence the name.

Lithography was first used in 1798 by
Alain Senefelder, of Munich.

Academic degrees originated at Paris and
Bologna during the twelfth century.

He Followed the Lady.

A native of Ireland started away on his
first trip. Never having been in a railroad
station he did not know how to get his
ticket, but he saw a lady going in and de-
termined to follow her lead.

The lady went to the ticket-box, and,
putting down her money, said:

"Maryhill, single."

Next in line was Pat, who promptly
planked down his money and said:

"Patrick Murphy, married."

His "Character."

There is a story of a Scotch gentleman
who had to dismiss his gardener for dis-
honesty. For the sake of the man's wife
and family, however, he gave him a "char-
acter," and framed it in this way: "I
hereby certify that A. B. has been my
gardener for over two years, and that dur-
ing this time he got more out of the garden
than any man I ever employed."

Coughs, colds, hoarseness, and other throat
ailments are quick-ly relieved by Vapo-Cresol-
ene tablets, 1c. cents per box. All druggists.

BROOKE COUNCIL.

Alvinston, 5th May, 1906.

Council met pursuant to adjournment.
Members all present.

Minutes of previous meeting read, and on
motion of Munroe and Spearman were ap-
proved.

Notice received from O. Lehrbass and
five others, asking Council to prevent the
watering of stock in No. 1 Drain, and to
not elect 72 out drains necessary.

Munroe—Darvill, that Drain Inspector
be notified to see to the enforcement of the
by-law for the maintenance of drains.—
Carried.

Munroe—McIntyre, that the by-law
authorizing the repairs to the 67 sidedrain
drain, across cons. 2, 3 and 4, be read a
third time and finally passed.—Carried,
read and passed.

By-law introduced read and authorizing
the construction of a new drain on the blun-
line between the 11th and 12th cons., and
across east-half lot 2, lots 3, 4, 5, 6, 7 and
w/ 8, going south on centre line of lot 2 and
emptying into the McEachern drain. Esti-
mated cost \$2,062.00.

McIntyre—Spearman, that by-law be
provisionally adopted, printed in pamphlet
form, and copies thereof served on each of
the parties assessed, with notice that a
Court of Revision on by-law would be held
in Alvinston on Saturday, the 2nd day of
June, 1906, to open at 4 o'clock p. m. Drain
to be known as the Watson Drain, Messrs.
Kelly and Munroe to be commissioners over
it, and Mr. Kelly to serve copies of by-law.

Carried.

Edward Kennedy applied for pay for 1
sheep killed by dogs, valued at \$17, and
Peter Campbell for 4 sheep killed and 3 in-
jured, valued at \$90.00, and on motion of
Kelly and Munroe, Mr. Kennedy was paid
the sum of \$10.00, and Mr. Campbell the
sum of \$66.00.

Farties for and against the changes asked
for in school sections were heard.

McIntyre—Spearman, that lot n e pt 12,
con. 1, 79 acres, be detached from S. S. No.
12, and added to No. 7. That by-law
authorizing this change be prepared and
submitted at next meeting.—Carried.

Joseph Douglas, owner of centre part of
lot 14, con. 8, applied in writing to have
the open part of the Zavitz Campbell drain
cleaned out.

Kelly—Spearman, that application be re-
ceived and Engineer instructed to make the
necessary examinations, estimates and as-
sessments and report with a view to having
drain repaired.—Carried.

Mr. Wm. Gray complained that the em-
bankment leading to the Gray bridge was
too narrow and needed guard railings.

Council as a whole agreed to inspect same,
Munroe—Spearman, that the Rickett drain
by law be read a third time and finally
passed.—Carried, read and passed.

Mr. McDougall complained that the box
and the drain on blind line road, cons 5
and 6, lot 16, was out of repair. Action
postponed.

Reeve reported on behalf of the bridge
commissioners that they had let the jobs
for the construction of two steel bridges,
the one near J. McGregor's at \$1,245, and
the one on con. road near A. McIntyre's at
\$1,525.

Spearman—McIntyre, that Council do
now adjourn to meet in the Village of
Alvinston, on Saturday, June 2nd, and
that a Court of Revision on the assessment
roll for 1906 be held at 2 o'clock in the
afternoon of the same day.—Carried.

IT REMAINS OLD AND MAKES NEW

FRIENDS—Time was when Dr. Thomas'
Electric Oil had but a small field of dis-
tribution, but now its territory is wide-
spread. Those who first recognized its
curative qualities still value it as a specific,
and while it retains its old friends it is
making new. It is certain that whoever
uses it will not be without it.

Dragged by His Team.

Magnetawan, Ont., May 14.—E. B. Park-
er, a farmer living four miles from this vil-
lage, was harrowing a field near his resi-
dence, when his team ran away, dragging
him along the ground and causing injuries
from which he died almost immediately.

Funny Accident in Africa.

Wires were down on the telegraph line
near Victoria Falls, Africa, the other day.
A herd of giraffes had got their necks en-
tangled in the wires at Iundhia and pulled
down a mile of them.

Little Bell Biographies

Mendelssohn

FELIX MENDELSSOHN (-BARTHOLDY), born at Hamburg
1809, died at Leipzig 1847, was one of the greatest composers
of the 19th century, and though not a brilliant player, he
was an organist and pianist of high distinction. His career, like Bach's,
Mozart's and Beethoven's, illustrates the power of good music in the
home. He began his studies under his mother, and first played in
public when only 9 years old. In his 11th year he produced 60 com-
positions—songs, cantatas, dramatic scenes and trios. At 15 he com-
posed his fine Symphony in C minor (Op. 10). And so great was his
precocity that at 17 he finished the score of his Overture to Shakespeare's
"A Midsummer Night's Dream," which, though more than three-
quarters of a century old, is still one of the most brilliant achievements
in modern music. His Oratorio "Elijah" and his "Scotch Symphony,"
have added considerably to his fame.

Of his piano compositions, the best known and most popular are
his "Songs Without Words," the scores of which were first published
in 1832, when he was 23 years old. They are full of a peculiar vein of
pure and charming melody and of simple sensuous harmony. Though
devoid of great technical difficulties, they require the aid of an instru-
ment like

The Bell Piano

With its rich, Singing Tone and its easy, flexible action, to render forth
all their lovely moods and beauty. The "Songs Without Words" are
pre-eminently for the home, and the Bell Art Piano is beyond all others
both the virtuoso's and the Home-Lover's Piano.

The full series of "Little Bell Biographies" in booklet form, illustrated, will be
