

WHY WOMEN WRITE LETTERS

To Lydia E. Pinkham Medicine Co.

Women who are well often ask "Are the letters which the Lydia E. Pinkham Medicine Co. are continually publishing, genuine?" "Are they truthful?" "Why do women write such letters?"

In answer we say that never have we published a fictitious letter or name. Never, knowingly, have we published an untruthful letter, or one without the full and written consent of the woman who wrote it.

The reason that thousands of women from all parts of the country write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and suffering.

It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health; their keen desire to help other women who are suffering as they did.

NOTE AND COMMENT

William T Gregory, of Leamington, advocates through the press the forming of boys' potato clubs in all cities, towns, villages and hamlets throughout the Dominion. Patriotic citizens could supply seed, and have the land prepared for planting. Prizes could be offered for the greatest yields. In this manner all vacant lots, back yards, untilled gardens, etc., could be utilized to good advantage. In fact many towns have enough vacant lots to feed the people. This rivalry among the boys would also result in the same among the farmers and in this manner the food production of the country could be greatly increased.

Some Ontario municipal councils are passing resolutions calling for the prevention of emigration to the United States of Canadians eligible for military duty. The indignation felt at such contemptible "slacking" is well warranted. Men may think little enough of their duty to the country as to refuse to enlist when they are able, but the man who

SCHOOL TEACHER

Wards Off Nervous Break Down
Alburtis, Pa.—"I am a teacher in the public schools, and I got into a very nervous, run-down condition. I could not sleep and had no appetite. I was tired all the time. My sister asked me to try Vinol. I did so, and within a week my appetite improved and I could sleep all night and now I feel well and strong."

rushes over the border in fear of possible compulsory service is doubly marked. Like the rat that scampers out of a ship, he deserts his country in its hour of need—not only of men for military service, but of labor in industries.

When "womanhood franchise" is in force, the man who raises four daughters will have just as many votes in his family as the man who raises four sons. And why not? He spends just as much money raising them, his wife and he have just as much responsibility and work as the other man, his grocery bills mean just as much to the town he lives in as the other man's, he pays just as much taxes as the other man, and his daughters take as high a standing at school and in the community as the other man's boys. So, why not?

The Detroit News remarks that "a town in Illinois gave a public funeral for a tramp, stopping all business for half an hour." Would it have given him a square meal, a job and friendship with as much enthusiasm? But it's the way of the world all over again, if it's a tramp or the finest man in town. As long as he's alive he will be the target for half bricks, and as soon as he's dead there's a grand rush on the part of the brick heavers to turn their brigade into a rose garden.

The Ontario Sheep Breeders' Association, realizing that owing to the lack of a central depot where the wool of its members could be properly graded and prepared for the market, it was not getting as high a price as the growers of other provinces, has decided to establish such a depot at Guelph. It will utilize the entire poultry department of the Winter Fair buildings. R. W. Wade, secretary of the association, stated that the wool would be shipped to Guelph from all parts of the province, between May 15th and June 10th. It will be properly cared for and stored, and after it has all been received, experts will be sent there, under the direction of the Dominion Live Stock Branch of the Department of Agriculture, and they will proceed to grade the wool ready for the market. Expert clerks will also be provided, the wool will be weighed, and the names of the owners placed upon it.

Boys To Work On Farms

A campaign to induce high school boys to work on farms this summer will be undertaken by the trades and labor branch by its employment bureau, especially in the smaller towns. This system was inaugurated last year. Exemption from school examinations will be arranged. The boys will be under the supervision of the district representatives of the department of agriculture.

Miller's Worm Powders will eradicate the worm evil that bears so heavily on children and is believed to cause many fatalities. They are an acceptable medicine to children and can be fully relied upon to clear the food channels thoroughly of these destructive parasites and restore the inflamed and painful surfaces to healthfulness. They are an excellent remedy for these evils.

On Marriage

Some marry for the sake of a good companion and never discover their mistake. This is fortunate.

Never marry a man for his reputation. It is liable to be only a reported affair, borrowed from his ancestors.

Many marry to spite someone else, only to learn that they themselves have the worst of the transaction.

Marriage is a lottery full of chances; herein lies its fascination. All like to chance it, because everyone thinks to win a prize.

The affectionate people before marriage seldom hold out in the

same proportion after the knot is tied. It is better philosophy to commence only as you would live afterwards. From the matrimonial market the saints of both sexes were culled long ago. Do not expect to marry one.

Woman is sometimes the real cause of unhappiness in the married relations of life, but in the majority of instances the case is reversed, and she is really the true character in it.

No man or woman is perfect, and in selecting a life partner compatibility of temperament, a loving disposition, and a thorough knowledge of each other's character go a long way towards the promotion of lasting happiness.
