BRIDGETOWN, ANNAPOLIS COUNTY, NOVA SCOTIA, NOVEMBER 23, 1910

NO. 32

### MYSTERY SOLVED IN THE DIGBY DISAPPEARANCE CASE

Body of Edward MacGregor Found in the Woods  
Not Far from His Home.—Skull Smashed  
and Pockets Rifled.—Nineteen Year  
Old Boy Arrested on Suspicion

The mystery regarding the disappearance of Edward MacGregor, of Digby, has been partly solved. The disappearance occurred on October 11th. A few days since \$100 reward was offered by the government for information regarding the missing man. On Sunday the ghostly remains of MacGregor were found in the woods near Digby on the border of a lake.

MacGregor was an old man, living alone in a desolate part of Digby county, three miles from the town. He was always known to carry a large sum of money, sometimes as much as \$100, and foul play has been suspected from the first.

Acting on instructions of Attorney General MacLean, Detective Hanrahan was detailed to make an investigation. The detective spent

a week at Digby and the surrounding country, investigating the matter. On his return to Halifax the reward was offered.

The appearance of the body when found substantiated the theory of foul play. The skull was smashed in two, and his pockets had been rifled, one left turned inside out.

Suspicion pointing to one Joseph Tebo, aged nineteen, he was arrested and lodged in jail. Tebo was seen in the vicinity of the MacGregor house the night the old man disappeared. The next day he displayed a large sum of money, although he was known to have been paid off by his employer the day before with only a few cents due him. The detective alleges that he has since spent about \$135 on a trip to St. John.

### Enforcing the Law

The Sydney Council have passed a resolution ordering the Liquor License Inspector and the Chief of Police, with his staff to "wipe out the liquor traffic from that city."

Kentville Advertiser: Kentville which has experienced by far too much of the evil effects of liquor for the past summer, bids fair to see a great change. The temperance committee have decided unanimously to go on and prosecute third offences, and a case for third offence against Mr. A. Franey will come up for hearing next Monday. Mr. Franey was fined \$50.00 about a week ago for bringing liquor into the country. The charge in this case is for keeping for sale.

Amherst Sentinel: All yesterday afternoon and up until nearly midnight last night Stipendiary McKenzie was busily engaged in Scott A. trials affecting the proprietorship of the Amherst and Terrace Hotels. This morning the cases were continued for argument, at the conclusion of which Stipendiary McKenzie gave judgement for the prosecution in all four cases and also granted order for the destruction of the liquor seized. It was the biggest day's work in Scott Act cases for some years.

Carpenter-Morton Roofing lays thirty inches to the weather, so it is not as liable to sag or buckle as other roofings. It is fire resisting and waterproof and will wear for years. Earl Freeman carries a complete stock and sells it under an absolute guarantee of durability.

**Red Rose Tea stands alone**  
in its sterling quality. Its reputation has been earned by sixteen years of uniform goodness. No other tea even pretends to be better. Some may claim to be "as good" but why take a substitute when the price is the same as Red Rose

Prices: 30c., 35c., 40c., 50c. and 60c.

### The Great Apple Way

Modern Thoroughfares, Thirty-four Miles Long to be Built in Spokane Valley.  
Spokane Wash., Nov. 18.—Two modern thoroughfares, each thirty-four miles in length, known as "the Great Apple Way" will be built the length of the Spokane valley, between Spokane and Coeur d'Alene, Idaho, at a cost of \$350,000. The preliminary work will be taken up in a few days and it is expected that actual construction will begin early next spring. The funds required will be contributed as follows:—States, 56 per cent, counties, 35 per cent, and land owners, 15 per cent.

The roads will be of oil and macadam, 24 feet centre with four-foot shoulders and lined on both sides with apple and elm trees, making two unique highways. Orchards and nurseries and irrigation companies operating in the valley have contributed trees and water and the work of caring for them will be done by ranchers along the routes. The work on the Washington side will cost about \$200,000 and will be done under the direction of the state highway commission and the Spokane County Good Roads Association.

"The first road to be built will be the extension of East Sprague avenue," said J. A. Perry, secretary of the Spokane County Good Roads Association. "The property owners there have contributed \$34,000 or about \$9,000 more than the proprietors of the Trent road. The route has been surveyed and work will be pushed next spring. This road will be 15 miles in length to the Idaho line."

"The Spokane & Inland Empire Electric Railway company has donated a bridge across the Spokane river and this span will be maintained by the states of Washington and Idaho. We have also received substantial contributions from other sources and are now in position to say that the two roads will be completed."

### Entertainment at Dalhousie

An entertainment given in the Methodist Church here on Friday the 18th ult. proved a great success, not only in affording profitable amusement but in the attainment of the object of its promotion, viz:—The raising of a sum of \$10. for the benefit of the widow of the late Glen Gillis of this settlement.

Postponed from Wednesday by reason of the inclemency of the weather we were favoured with a fine evening on Friday, and the people taking advantage of the opportunity presented, congregated in goodly numbers.

An excellent programme, consisting of vocal and instrumental solos, readings, gramophone selections, etc., was carried through splendidly, being supplemented with a descriptive talk, entitled "A Cruise with His Late Majesty King Edward VII in the Mediterranean."

The singing of the Doxology at 9.30 brought a very pleasant evening to a close, many thanks being due to all who took an active part in the programme.

The sum raised is small, the case a needy and deserving one and contributions however small will be gratefully accepted by the widow or on her behalf by W. Willoughby, care of Thomas Todd, Dalhousie, from any who love our common Lord and Master, and who realize that it is "more blessed to give than to receive."—COM.

### EXPENSIVE

Mrs. Ella Flagg Young, Superintendent of Chicago Public Schools, and President of the National Education Association, says, according to the School Journal for March, 1910, p. 275, that the ideal teacher has the following attributes: "Patience, philosophy, humor, good luck, steadfastness, health, persistence, clear-headedness, sympathy, diplomacy, persuasiveness, positiveness, gentleness, open-mindedness, force, enthusiasm, pointedness, clear-vision, independence, friendliness, and charm."

And an average daily wage of \$1.69. Twenty-one fine qualities for 8 cents a piece!

### Mrs. Jordan's Gift to New Brunswick

Mrs. J. C. Jordan, widow of the millionaire Boston merchant, who erected for himself a magnificent summer home at River Glade has presented that property to the New Brunswick government to be used as a hospital for the treatment of tuberculosis. For years the physicians of New Brunswick have been striving to secure suitable premises for the treatment of the dread disease and Mrs. Jordan's gift comes to us most complete in the province. The site was selected in deference to Mrs. Jordan, who was a Miss Stiles, of River Glade, and who has inherited a fortune of over \$1,000,000 by the death of her husband, which occurred about a year ago. The property is of some 600 or 700 acres and the buildings erected and maintained a fine stable of well bred horses there.

Mrs. Jordan was a yearly visitor to his River Glade home, until illness necessitated a trip to California, where he died. He was much interested in the district and maintained a fine stable of well bred horses there.

Mrs. Jordan's gift will be fully appreciated by the people of New Brunswick. While the death rate from consumption is decreasing and while the disease is more generally understood and active steps are being taken to arrest its ravages, there is no place in the province to which a patient may be sent for proper treatment. The climate of River Glade should be well adapted for the disease and the home and surroundings will be ideal for the purpose.

"There is plenty of space to work in and much good should result from Mrs. Jordan's kindly action. Premier Hazen and others interested were at River Glade recently, looking over the situation with which they expressed their delight. It is understood that immediate steps will be taken to derive the fullest advantages from this splendid donation for the welfare of the province."—Sussex Record.

### Movement for Abolition of Upper House Grows Stronger

LONDON Nov. 17.—An apparently inspired statement issued to-day from November 23rd as the date for the dissolution of Parliament. The Government, it is asserted, designs to pass the budget before appealing to the country, the debate on the financial measure proceeding in the House of Commons while the Lords are discussing the Veto Bill.

"That the 'Irish dictator' will figure largely in the Unionist campaign was indicated by the excitement at the annual conference of Conservative Associations at Nottingham this morning when Henry Chaplin, Unionist member of Parliament for Wimbledon, and former president of the Local Government Board in an opening speech denounced the Government, who he said, was handing over the rule of the country to the "Sworn enemy of England, who with the gold of foreign millionaires aspires to dictate our destinies."

London, Nov. 16.—Clearly the whirlwind is being loosed. The question now facing England is, Who will ride it and guide it? Upon the answer may depend the national existence. All political parties here are tracing themselves for the conflict, which everything indicates will be a battle to the death. Each side is determined to crush the other completely and forever.

### Noted Aviator Killed

Fell Five Hundred Feet and Was Dashed to Death.  
Denver, Col., Nov. 17.—With one wing tip of his machine crumpled up like a piece of paper, Ralph Johnson, the brilliant young aviator, holder of the world's altitude record, dropped today like a plummet from a height of five hundred feet into the inclosure at Overland Park aviation field and was instantly killed.

While the spectators crowded about and watched him his body lay beneath, the engine of the plane, with the white plane that had failed him in his time of need wrapped about it like a shroud. Nearly every bone in his body was broken. He had gambled with death once too often, but he played the game to the end, fighting coolly and grimly to the last second to regain control of his broken machine.

### MINARD'S LINIMENT CURES PAIN

HALIFAX EXPRESS ON I. C. R. CRASHES INTO SPECIAL  
Moncton, November 20—No. 9. I. C. R. express due in Moncton from Halifax at three o'clock yesterday morning, crashed into a special standing on a siding at Sackville. The locomotive of the express jumped the rails, running into the side of a van, smashing it beyond recognition and damaging the locomotive. The mail car and express were thrown from the track and the road bed was damaged for a considerable distance. That there was no loss of life is almost miraculous.

### Bridgetown Skating Rink

The Bridgetown Rink Company have sold out their proprietary rights to A. R. Bishop and F. R. Beckwith, who will conduct the Rink as a business enterprise. The business experience of Messrs. Bishop and Beckwith, together with their keen interest in sport augers well for the success of their new venture, and the public of Bridgetown look forward to another season of clean beautiful sport such as was provided for them last year by the Bridgetown Rink Company, with additional attractive features.

Hockey will be a prominent feature of the coming winter's sport. An associated Hockey League is in progress of organization to combine Kentville, Berwick, Middleton, Bridgetown and Annapolis. A number of improvements will be made in the Rink. A four feet board walk will be built around the ice without limiting the skating space. This will be a feature appreciated by many who would enjoy attending hockey matches and carnivals, but find it too cold for comfort standing in a limited space. The illumination will be improved by the addition of numerous Tungsten lights. A toilet will be added to the ladies' dressing room and other conveniences arranged. Music will be furnished by members of the Bridgetown Brass Band, and it is probable that the restaurant in connection with the Rink will be conducted under capable management.

If the present season's venture proves a success the promoters contemplate an outdoor gymnasium to supplant the rink during the warm season.

### Wedding Bells in Digby

TUPPER—SYDA  
A pretty wedding took place in Grace Methodist church, Digby, on Tuesday the 16th inst., when Mr. W. Robert Tupper, of Round Hill, was united in marriage to Miss Helen, daughter of Mrs. John H. Syda, of this town. The ceremony was performed by Rev. L. Daniel, pastor of the church, in the presence of a large number of friends, notwithstanding the disagreeable weather which prevailed. The bride, who was unattended, was gowned in black broad cloth trimmed with black moire silk, with picture hat of white moire silk with white plumes. She carried a bouquet of white chrysanthemums and asparagus ferns and was given away by her brother, Mr. Haylette H. Syda. After the knot had been tied the happy couple were conveyed to the St. John boat by Jones' cab enroute to Ottawa, Montreal, Niagara and other places of interest. After their return they will reside at Round Hill. The church presented a handsome appearance, being especially trimmed for the occasion. The presents were useful and valuable, the groom's gift to the bride being a gold watch. The wedding march was rendered by Miss Edrie Titus.—Courier

### ANNIVERSARY EXERCISES HELD AT PROVIDENCE METHODIST CHURCH

Rev. W. H. Heartz, D. D. a Former Preacher of the Circuit Delivers Anniversary Sermon.—  
Congregational Banquet on Monday Night.—Evangelistic Services Continued This Week

Anniversary exercises celebrating the 32nd year of the erection of Providence church of this town were held with much success on Sunday and Monday of this week. The full program as announced in last week's Monitor was carried out. The preacher for the morning on Sunday was Rev. Mr. Phillips, of Middleton, and it is safe to say that the large congregation that assembled at ten o'clock had their expectations of the preacher's eloquence and power amply fulfilled. At the evening service the church was thronged by friends and admirers of the preacher—Rev. W. H. Heartz, D.D.—a former pastor of the circuit, and during whose ministry Providence church was erected. The sermon was one of those discourses which are at the same time not only simple and searching but profound and convincing. The music for the day was of a high order, the solos in the anthems being taken by Mrs. Porter and Mr. F. Beckwith. A very much enjoyed song service was conducted in the Lecture Room at the close of the evening meeting.

On Monday evening a congregational rally and banquet were held

at 5.30, at the close of which a service was held in the auditorium presided over by Rev. L. Daniel, chairman of the Annapolis District. In connection with this service addresses on different phases of evangelistic work, were given by the following named clergymen of the District, Rev. J. H. Davis, of Granville Ferry, Rev. J. A. Hart, of Lawrencetown, Rev. C. W. Porter-Shirley, of Annapolis, and Rev. L. Daniel, of Digby. At the conclusion of these addresses Dr. Heartz, who is still in town, conducting a series of special evangelistic meetings in the church, laid before the congregation the plan for the week's work and most effectively impressed the people with the importance of such a series of services.

There was a debt of about five hundred dollars against the church, and although it was not the original plan to endeavor to meet the full amount, yet the congregation were so inspired by Dr. Heartz's generous offer that a movement was inaugurated by which it is expected that the entire indebtedness will be paid.

### Died While Viewing Funeral Procession

The death took place at Elmsdale, Hants Co., on Saturday last of Harding Fraser of this place. Mr. Fraser took sick about two years ago, but was able to be about until last spring when his physicians decided that an operation was necessary, and he was removed to Halifax. The operation, however, failed to effect a cure, and he was a great sufferer up to the end.

While the funeral services were being held his stepfather, Mr. Peter Tulloch, with whom he lived, and who had been sick for some days in bed, raised himself up to see the funeral procession leave the house, and in lying down again suddenly passed away. His death was so sudden and unexpected that it was a great shock to his relatives and the mourning friends. He was an old resident of Elmsdale and also one of its best citizens. Much sympathy is expressed for his widow, Mrs. Fraser, and the long strain of watching on and caring for her son, Mr. Fraser, in his long and painful illness.

### New Church at Torbrook Mines

Dedication of the Building With Appropriate Services in which Baptist Minister Assisted  
Middleton, November 14—The new Presbyterian church at Torbrook was dedicated yesterday. The movement for the erection of a church at the mines, at Torbrook started in March. Rev. G. L. McCain, the evangelistic pastor of the Presbyterian church at Middleton, was assisted by a committee which included Messrs. McLeod, Archibald and MacAloney, officers of the Canada Iron Corporation. The building, which cost about one thousand dollars, is all paid for but one hundred dollars. A grant was received through the Presbytery and Francis Burrows, of Wabana, and other outside friends gave generous donations. Rev. J. A. Ramsay, of New Glasgow, a former very popular pastor of the Middleton church, conducted the dedication, being assisted by Rev. Mr. McCain in the morning and Rev. C. H. Haverstock, Baptist, in the evening.
