In Cigars, Cigarettes, and all forms for Smoking and Inhalation.

SAVORY & MOORE, 143 NEW BOND STREET, LONDON, W.

AND ALL CHEMISTS THROUGHOUT THE WORLD.

THE BEST THREE TONICS OF THE PHARMAGOPŒIA; IRON, PHOSPHOROUS, AND CALISAYA.

WE call the attention of the Profession to our preparation of the above estimable Tonics, as combined in our elegant and palatable FERRO-PHOSPHORATED ELIXIR OF CALISAYA BARK, a combination of the Pyrophosphate of Iron and Calisaya never before attained, in which the nauseous inkriness of the Iron and astringency of the Calisaya are overcome, without any injury to their active tonic principles and blended into a beautiful Amber-colored Cordial, delicious to the taste, and acceptable to the most delicate stomach. This preparation is made directly from the ROYAL CALISAYA BARK, not from ITS ALKALOIDS OR THEIR SALTS,—being unlike other preparations called "Elixir of Calisaya and Iron," which are simply an ELIXIR OF QUININE AND IRON. Our Elixir can be depended upon as being a true Elixir of Calisaya Bark with Iron. Each dessert-spoonful contains seven and a half grains Royal Calisaya Bark and two grains Pyrophosphate of Iron.

PURE COD-LIVER OIL,

Manufactured on the Sea-Shore from Fresh and Selected Livers.

THE universal demand for Cod-Liver Oil that can be depended upon as strictly pure and scientifically prepared, having been long felt by the Medical Profession, we were induced to undertake its manufacture at the Fishing Stations where the fish are brought to land every few hours, and the Livers consequently are in great perfection.

This Oil is manufactured by us on the sea-shore, with the greatest care, from fresh, healthy Livers, of the Cod only, without the aid of any chemicals, by the simplest possible process and lowest temperature by which the Oil can be separated from the cells of the Livers. It is nearly devoid of color, odor, and flavor—having a bland fish-like, and to most persons, not unpleasant taste. It is so sweet and pure that it can be retained by the stomach when other kinds fail, and patients soon become fond of it.

The secret of making good Cod-Liver Oil lies in the proper application of the proper degree of heat; too much or too little seriously injure the quality. Great attention to cleanliness is absolutely necessary to produce sweet Cod-Liver Oil. The rancid Oil found in the market is the make of manufacturers who are careless about these matters.

Prof. PARKER, of New York, says: "I have tried almost every other manufacturer's Oil, and give yours the decided preference."

Prof. HAYS, State Assayer of Massachusetts, after a full analysis of it, says: "It is the best for foreign and domestic use."

After years of experimenting, the Medical Profession of Europe and America, who have studied the effects of different Cod-Liver Oils, have unanimously decided the light straw-colored Cod-Liver Oil to be far superior to any of the brown Oils.

SURGICAL INSTRUMENT DEPARTMENT.

Under the direction and personal supervision of W. F. Ford, Instrument Maker to St. Luke's, Mt. Sinai, New York State Women's Hospitals, Bellevue, and all the other New York Hospitals.

Manufacturers, Importers, Wholesale and Retail Dealers in
