

SPECIAL ANNOUNCEMENT.

THE HERCULES MANUFACTURING CO. are now prepared to give estimates and contract for the construction or remodelling of Flour Mills. Something entirely new for the millers of Canada—the most simple, complete, effective, and economical system of mill furnishing to be found in this country. Since starting to manufacture the world-renowned Hercules Grain Cleaning Machinery, we have made it a point to always be at the front and lead the market. We are now extending our operations, and purpose still keeping ahead. We contract for mills of any size, style and capacity, using a full line of the Hercules Grain Cleaning Machinery, Hercules Improved Flour Dressers, Hercules Scalpers, Bran Dusters, Shorts Dusters, etc.

We also control the manufacture and sale of Dobson's Improved Inter-Elevating Bolt. Our machines stand unequaled, unrivalled, unexcelled, the most perfect, latest and best. Small power, large capacity, and for durability and style of finish cannot be surpassed. Our staff of experts are the best and most experienced practical millers that money can employ.

We guarantee results as to quality of production and clean up on each and every contract we undertake. Write for prices and particulars, also see this page next month. Correspondence promptly answered.
