Catarrh, Catarrhal Deafness, Hay Fever.

A new Home Treatment.—Sufferers are
 not generally aware that these diseases are
 contagious, or that they are due to the pres-
 ence of living parasites in the lining membrane
 of the nose and eustachian tubes. Microscopic
 research however, has proved this to be a fact,
 and the result is that a simple remedy has been
 formulated whereby catarrh, catarrhal deaf-
 ness and hay fever are permanently cured in
 from one to three simple applications made at
 home by the patient once in two weeks. N. B. —
 For catarrhal discharges peculiar to females
 (whites) this remedy is a specific. A pamphlet
 explaining this new treatment is sent on re-
 ceipt of ten cents by A. H. Dixon & Son, 303
 West King St., Toronto, Canada—Scientific
 American.
 Sufferers from catarrhal troubles should
 carefully read the above.
