Canada belongs to numerous international organizations. Three of these are the North Atlantic Treaty Organization (NATO), the North American Aerospace Defence organization (NORAD), and the United Nations. On a scale of zero to ten, where ten means very important and zero means not at all important, how important do you think it is for Canada to remain a member of each of the following organizations? How about...

45. The North American Aerospace Defence organization (NORAD), which defends North America?
