Island of Orleans, Que.

My dear Mr. Mitchell,

I cannot tell you how much I appreciate your taking the trouble to write me as you did on May third with reference to the McGill Graduates' Society dinner in New York. I enjoyed the meeting, particularly as I have not visited the Society there for four or five years.

If you would let me know next year well ahead of time, I would be very glad to meet again the graduates in Quebec.

With all good wishes,

I am,

Ever yours faithfully,

Principal.
