THE DAY'S EVENTS REVIEWED

By requesting President Wilson to institute general peace negotiations on the basis of his former declarations of war aims, and by asking for an armistice on land, sea and air, Germany is revealing to the world how bad for her the military situation has become. The events of yesterday unmistakably show the growing weakness of the German position. In Belgium the enemy has to evacuate a large strip if not all of the coast, and is even burning the Bruges docks. His new linewill run about six miles east of Bruges.
