Russell Gee to Get Trial-First Workout at Island Tomorrow.

With the arrival of Manager Mooney Menager George will have the first squad out for practice tomorrow morning, weather permitting, and it will be two-aday until the opening of the season.

The players will begin to drop in today, and it is expected that a good-sized squad will be ready for the first work-out. Anderson, utility man last year, is already here. Word was received from the Brooklyn Club last night that Catcher Snyder will report Thursday. Russell Gee, the local semi-pro receiver, was signed last night and will be given a thoro trial.

Gonzales, the shortstop, will not strive for about ten days. He has been playing ball in Cuba, and will need passports before he can come. This will take some time.

fore he can come. This will be time.

Manager Gibson is in good shape himself. He got into uniform while at the Giants' camp at Gainesville. Fla. The results of Gibby's trip south will soon begin to show. Gibson has the promise of a couple of pitchers and may also land an infielder.

with the addition of Snyder the Leafs have two experienced catchers, and a good boy in Gee, the local lad. There is plenty of infield and outfield material and a host of pitchers. This means that there will be a fight for every position and that goes to make a good club. All that is needed is sunshine and if this is not available it means that the outfit will pack up and hike for Easton, Pa., to get in the early stunts.

Duke Reilley and Bugs Herche will not be with the early arrivals. They want more money than that specified in the contracts tendered. It will be a case of "watchful waiting" and the victory to the party with the staying power.

The following are the clubs in the New International League: Toronto, Buffalo, Rochester, Binghamton, Baltimore, Jersey City, Newark, and Reading, Pa.

Major O. Have a Look!

We're kept pretty busy here most of the time of each day but you're always welcome to come in and "have a look," whether you buy or not.

You won't be disappointed. We're showing many new patterns and styles in both Suits and Topcoats. Quite a number of these new ideas are exclusive with us. There is just enough of the "novelty" about some of these garments to give the effect of high style—yet conservative

There is Service and Comfort in every Suit and Topcoat, and all reasonably priced. Say, \$20.00 to \$45.00.

RETURNED MEN

We've fitted out hundreds of the returned men in the last few weeks. Every one of them was given a Square Deal, and they're sending us many others. That's our story to the returned soldier.
