PRICE OF BROOMS.

Convention in Chicago Aims at Advancing It.

Chicago, Feb. 18.—Seventy-five delegates of the Broom Manufacturers' Association of the United States and Canada to-day began a discussion at the Grand Pacific Hotel that is expected to result in a horizontal raise of at least 10 per cent. in the price of brooms. The association, which represents almost 90 per cent. of the broom output of the country, was called to this special meeting for the purpose of getting better prices for brooms, an advance being necessitated, it is explained, by the recent increase in the cost of broom corn.

THE MASON & RISCH PIANO CO., Limited, 32 King St. West. "The Little Man's Complaint." "Well," said the little man to the big policeman, "I get the worst of it financially for being small." "How is that?" enquired the good-natured officer. "Take for instance I have a suit of clothes made, it costs me just as much as it would cost you for a suit, and I don't need nearly as much cloth. I have to pay for the extra cloth you take." "That so," replied the officer. "It's a fact, too, but when Archambault the tailor at 125 Yonge-street, is making fashionable and serviceable suits for men of all sizes for thirteen fifty, no one should complain of the cost."
