The total parade strength is 256, with still 111 men to report for duty in the course of the next two weeks. The unit has a depot battalion of 76 men and by Saturday this will be 100 strong, which when added to the 173rd will give it one-half of its complement. This record is remarkable considering the fact that the battalion entered the field with three other regiments seeking men.

Contractors' Methods.

An animated discussion over the methods of certain contractors and promotors operating in Canada was the feature of vesterday's meeting of the Provincial Builders' and Supply Association. It was stated that some of the firms came to Canada with no capital and took contracts. When they departed and the person who let the contract was frequently left to settle unpaid bills. A committee will take the matter up with the Dominion and provincial governments.

Increases for Firemen.

Increases for every member of the fire department were sanctioned by the board of control yesterday. The general increase to the firemen totals \$6029.71, but the increase to officials calls for an additional \$541.68. The controllers also sanctioned the committee's recommendation that a motor chemical and hose cart he marginased.
