Sept. 24, 1914. Dear Sir,-Your wonderful remedy received, and I took it according to directions, and am pleased to say the tapeworm was expelled, the head and all, in one hour and a half—first motion of the bowels. Your medicine is certainly a wonderful discovery, and no words can express my thankful-ness to you. During the last nine years I have taken five other doses of medicine and starved from 36 hours to 48 hours and 50 hours before I took their medicine, and it would only fetch part of it away. I shall tell my doctor at _____ of your tell my doctor at _____ of your great cure, that he may direct others oyou. I know of another lady who has been troubled longer than I, and will send your address to her. I feel it a duty to let all who need help, as I did, know of your worthiness, for can do for others. I hope you may be spared a long life to continue your noble work, but sincerely hope you will in some way leave your discovery, so that it won't die with you, for is so easy to take and acts so quickly.

Gratefully yours, Mrs. — Near Ingersoll. Ont. The original of this letter can be seen at 167 Dundas street.

Mother's Friend Many Children's Lives Saved SAVED LITTLE By Prof. R. L. Mulveney's World

FOR SICK CHILDREN. EXPELS STOMACH AND PIN WORMS.

This valuable medicine expels Stomch or Pin Wortns. It is not only valuable as a Worm Medicine, but is an excellent Tonic, Physic and Appetizer: strengthens the Stomach, Liver and Kidneys, and has stopped some of the worst cases of Wetting the Bed. Many children that were wasted away to a shadow have been built up and made healthy and well from its use, and their mothers made happy. Good for Coughs and Colds; also checks Fever, and is useful in cases of Whooping Cough, Measles or Scarlet Fever. It is a real Mother's Friend. and gains its name from restoring sick children to health and quietness.

This valuable medicine is working wonders in all cases of sickness among children. I have one case in mind just now of a little girl eleven years old, who had been treated for over four years without any marked improvement; in fact she got worse all the time. Her case seemed to puzzle the physicians in attendance, and they finally agreed that an operation on the stomach would be necessary to find out what was the matter. Her father being opposed to an operation, called and got a bottle of Mother's Friend He told me his little girl was in almost a hopeless condition, that she mea sured 38 inches around the stomach and her body wasted away to skin and bones; her arms no larger than a broomstick; she was a beautiful, patient child, with a lovely disposition to make a long story short. Mother's Friend took away the enlarged condition of the stomach, built her up so she was able to go to school, which was, of course, a surprise to everyone in their neighborhood, and her mother

and father made happy. Another case comes to my memory of a baby about two years old. The mother brought her to me in her arms. She was wasted away to a living skeieton and was a pitiable looking sight. This case was beyond all reasonable what you can do for me I know you faith is great if you ever expect this realize, or imagine, or believe that cights of an inch long; this spike is realize, or imagine, or believe that cights of an inch long; this spike is black, like the point of a black pin. bottle of Mother's Friend, and took it home, used it, and the little one was relieved of scores of worms of different kinds. It was about three months after when this lady brought the little one with her to my office. She was after another bottle of Mother's Friend for her own children and another for one of her neighbors she had recommended it to. I did not recognize either the lady or the child until she told m3 of the circumstances She said: "Do you not remember me bring-ing a baby in my arms all skin and bones? This is her; isn't she a fine healthy child now? No one would have believed it. Worms was the trou

About 9 o'clock one night a lady called for a bottle of Mother's Friend. She said her little boy had been taking fits for 24 hours and the dector had given him up with brain fever. She had asked a lady friend to call in and look at him and she pronounced him to have worm fever, recommended her to try Mother's Friend and a few minutes ofter taking the first dose he went to sleep and next morning was relieved of a let of stomach worms. The little fellow has had no fits since and he is healthy and well.

Dear Sir:

It is with pleasure we send a testi nonial for the good of others, to let the world. Your tapeworm extermiator is all you say it is in every way. My son had a tapeworm a year I do not know what we would have done if I had not seen your announce-ment in a Toronto paper. My son had treatment of doctors; one doctor in-formed us it would take two weeks to get this tapeworm away, and in-sisted on my son going to the hospital, but I could not send my child, for he is very nervous. Your cure expelled the worm in three hours without starvation or pain. My child used to put in awful nights grinding his teeth, tossing in bed, and never satisfied with his meals; it was the first tapemany, and differ, as some constitutions seem to stand the ravage of this putting it in the fire right away. Not cause to feel nervous to give the cure to her child. Just follow the direcions, nothing can go wrong. I am sure we will never forget you, and the good you are doing. We belong to the Life Brigade, and we wish you a long life and happiness and success in every way, thanking you for your kind attention in doing all you profess to do. Yours respectfully,

TAPEWORM

Toronto, Aug 15, 1912. To Whom It May concern: This is to certify that we have used Prof. Mulveney's World-Famous Tapeworm Cure with most gratifying results. My baby, two years old, took convulsions, and we discovered she had tapeworm. I lost no time in going to Prof. Mulveney to get his cure, which we got and used, and I am pleased to say baby was relieved of a monster tapeworm, about 20 feet long, the head and all, in about two hours, without causing her to be sick, and without previous fasting. I have great reason to be thankful, as we realize this remedy has saved baby's life. I am giving Prof. Mulveney her picture, taken a week after being relieved of this monster, which he will be able to show you. I have given him perfect liberty to use it in any way he may This is to certify that we have used liberty to use it in any way he may deem fit in order that others may learn of this wonderful remedy, Yours respectfully,

Why Not Try B'Well

It Makes People Feel Well

B'Well is a medicine that assists nature, made from roots, barks, herbs, leaves, etc. The concentrated extracts of these herbs tone up the stomach, regulate the liver, act on the kidneys, and it contains a harmless worm destroyer that is sure death to worms, but harmless to even the youngest infant and can be used with perfect safety.

B'Well is not a tapeworm exterminator and is not recommended velope, with your address wricten plainly, for reply. These remedies are sold only by PROF. R. L. MUL-VENEY, 167 DUNDAS STREET, man not going to enumerate the different diseases and complaints that am not going to enumerate the different diseases and complaints that people have been relieved of from the use of B'Well, as it would take up too much space. I can simply say that restlessness and disease cannot remain if you take this medicine for a time, and it will surely make you feel fine.

> It does not contain poison in any form, or narcotics that only relieve pain, but the different roots and herbs that regulate the system. It stimulates the stomach, liver and kidneys into healthy action, helps digestion, and keeps the bowels regular, expels all gas from the system and takes away the bad feeling around the heart and fearful feeling from the head, depressed spirits and melancholy simply vanish and a cheerful spirit takes their place. B'Well is a blessing to those that feel life is a burden, to them that are downhearted and unhappy from disease. B'Well carries the poison out of the system through the natural channels of health and as the poison is carried out of the system, nature restores herself and a cheerful spirit follows, as there is nothing like good health to make a person cheerful and happy. People treated for Epileptic fits have been restored by its use. Don't ask me if it cures this, that and the other disease. It is different from the most medicines advertised as cure-alls, and I am not advertising this remedy as such, but simply advertising it as a medicine that has and will regulate the system, carry the poison out of the blood, and common sense must surely tell you the result. Men and women who have been nervous wrecks, with hollow cheeks and sunken brow, have become plump, healthy and cheerful from its use, and I can only say what is has done for others it will surely do for you. Young men and women whose faces were covered with pimples and a sickening sight to look at are now free from them from its use. Men, women and children who had eating ulcers and running sores have been healed, and what it has done for them it is likely to do for you. Terribly itchy scaly skin diseases have disappeared from its use and the sufferers made happy and healthy.

> Prof. Mulveney's world-famous Tape Worm Remedy is saving thousands of valuable lives, and B'Well is doing just as much for those requiring this kind of medicine.

> The letters from people who have used B'Well are sufficient evidence as to its merits. Price \$1.25 per bottle, six bottles \$6.00.

B'Well is put up in powder form for convenience to send to foreign places by mail, which does away with all breakage. The package of powder makes twice as much medicine for the same amount of money. Full directions for making. Price \$1.25, six packages \$6.00.

Write for further information, free, and send self-addressed, stamped envelope with your address written plainly for reply. These remedies are sold only by Prof. R. L. Mulveney, 167 DUNDAS STREET, near corner of Ossington Avenue, between Arthur and Queen Streets, Toronto, Ont., Canada.
