

## SCHOOL BOARD HEARS OF NEED OF MORE ROOM

Architect Submits Idea for  
Enlargement at City  
High School

GROWTH WAS LARGE  
IN RECENT YEARS

Application for Post as Physical  
Instructor—Appoint-  
ments—Other Business

Methods by which better accommo-  
dation could be secured for the grade  
XII pupils, who number 37, and are  
now meeting in the Assembly Hall of  
the High School, were discussed at the  
meeting of the School Board last night.  
A committee consisting of the visitors  
to the school and the chairman of the  
manual training committee was author-  
ized to act in the matter. It was point-  
ed out by Dr. L. M. Curran, chairman  
of the board, that in the last 10 years  
the population of the High School has  
advanced from 660 to about 1,100, a  
gain of about 400, while the total in-  
crease of the whole school population  
in the last 10 years has been 1,100.  
Capt. D. V. Palin appeared before the  
board to ask for appointment as physical  
instructor.

With reference to obtaining addi-  
tional High School accommodation, Mr.  
Worrell reported grade XII was still  
meeting in the assembly hall where  
suitable furniture had now been placed.  
At no cost F. Neil Brodie had prepared  
plans for an extension of the trustees  
building over the vacant lot and the  
syndicate site which might be built  
later if more High School accommoda-  
tion was needed and would give six  
class rooms.

**MORE ROOM NEEDED.**  
Dr. Curran said the question was  
whether grade XII could remain where

**3 New Gas Range Features**  
MORE convenience, more economy  
and less labor are now possible in  
gas cooking by the introduction of  
three new features in McClary's Gas Range.  
The first is the porcelain enameled oven  
lining—smooth, cleanable and sanitary.  
This durable lining resists the action of  
sulphur fumes and dampness. Rust proof!  
Another is the one-piece porcelain  
enameled top which improves the appear-  
ance of both range and kitchen.  
The third is the unbreakable Pyrex glass  
door with thermometer attached to regu-  
late cooking.  
McClary's Gas Range has always given  
utmost satisfaction and these three new  
features make it even more desirable.

**McClary's  
GAS RANGE**

It is or whether outside accommo-  
dation must be secured. Mr. Palmer did  
not believe the class should remain in  
the assembly hall all year.  
The question whether the vocational  
school would relieve the crowding of  
the High School was debated.  
Dr. L. M. Curran, chairman, presid-  
ed. Others present were Mrs. D. P.  
Chisholm, T. H. Carter, S. W. Palmer,  
E. R. W. Ingraham, Dr. J. K. Higgins,  
H. Colby Smith, Thomas Nagle, S. A.  
Worrell, acting superintendent of  
schools, and A. Gordon Leavitt, secre-  
tary.

Approval was given of Miss Roberta  
Smith's appointment as reserve teacher  
for the High School. Miss Frances  
Russell was appointed to the Partridge  
Island school and her name was placed  
on the list of reserve teachers. Mrs.  
E. R. Taylor and Mrs. D. P. Chisholm  
with Mr. Worrell were appointed a  
committee to have supervision of opor-  
tunities.

**TEACHER APPOINTED.**  
Miss Jennie Munro was appointed  
teacher in a new primary grade in  
King George School. Mr. Moore hav-  
ing requested one year's leave of ab-  
sence, Mr. Pickard was appointed to  
his duties on the staff.  
Dr. G. G. Murdoch's bill for \$324.50 for  
plans and surveys in connection with  
the vocational site was referred to the  
vocational committee.

Dr. J. K. Higgins was appointed as  
an additional visitor to St. Vincent's  
boys' school.  
Applications for positions on the  
teaching staff were O. Fred Brewer,  
Frederick; G. L. Kierstead, West  
Saint John, and John A. Mayes, Glass-  
ville. Miss Bertha A. Brittain re-  
quested leave of absence because of ill-  
ness. Leave was granted till the end  
of the term. James F. Browne thank-  
ed the board for salary increase.

**INSURANCE.**  
The finance committee reported  
\$20,000 insurance had been placed on  
the new vocational school.  
The secretary's report showed 8,902  
pupils enrolled, 4,908 boys and 4,994  
girls. Of the enrollment the percent-  
age in daily attendance was 93.51.  
Teachers' salaries totalled \$93,511.  
The Board of Health reported five cases of  
scarlet fever and two of diphtheria.  
The permits issued for attendance at  
school in the last few years were stated  
as follows: 1,280 in 1923; 1,214 in 1924;  
1,235 in 1925; 1,239 in 1922; 1,320 in  
1921.

A concern offered a free trial of a  
fuel-saving device and the letter was  
referred to the buildings committee.  
The request was made that the  
board would have cheap frames pro-  
vided for the drawings of the provin-  
cial cost-of-arms made by the pupils  
of Aberdeen school. The secretary was  
authorized to procure the frames.

**WANTS POSITION.**  
Capt. D. V. Palin, cadet instructor,  
appeared before the board asking for  
appointment as physical instructor un-  
der the board at a salary of \$1,800, he  
to carry on and extend his present  
cadet work and the board to receive  
the cost of arms made by the pupils  
of Aberdeen school. He explained in Moncton the  
cadet instructor is the appointed physical  
instructor and receives \$1,800 in  
addition to his cadet salary.

On Mr. Nagle's motion the chairman  
and acting superintendent were to in-  
quire from Moncton and the Board of  
Education regarding regulations gov-  
erning the appointment of a physical  
instructor and to report to the board.  
The janitor to LaTour school hav-  
ing died, the visitors were authorized  
to arrange for a successor.  
The representative of F. Neil Brodie,  
architect, appeared before the board  
to show a proposed alteration of the  
vocational school plan recommended by  
Fletcher Peacock, director of the school.  
The original plan called for eight  
showers for the girls, the showers to  
have slate walls. Mr. Peacock prefer-  
red marble instead of slate because of  
the darkness of the location and rec-  
ommended having the walls of white

**Many Hospitals, Hotels  
and Railroads specify  
WABASSO Cottons for  
their Sheets and Pillow  
Slips.** In these large in-  
stitutions, such articles are  
changed every day. Experience  
shows that WABASSO Cottons  
stand up better to such strenu-  
ous demands of wash and  
wear, and retain their beauty  
longer than any others.

**Wabasso

You, too, will find it an economy to  
insist on "Wabasso."

marble and reducing the number of  
showers to five to bring the cost to the  
original estimate.  
Action was deferred temporarily  
awaiting the arrival of Mr. Peacock  
to take up his duties.

**NOT IN CONTRACT.**  
It was said the electric wiring and  
standards for lighting the three flights  
of steps on the main entrance of the  
school had not been included in the  
contract.

Mr. Carter and Mr. Palmer were au-  
thorized to arrange for the wiring of  
the standards.  
P. Neil Brodie applied for the pay-  
ment of \$8,000 on his account of archi-  
tect fees for the vocational school. His  
total fees are \$19,600, of which he has  
already received \$9,000.

**TRUANT REPORT**  
The first report of G. Herbert Green  
as truant officer, showed that during  
the month he had visited 146 homes  
and 22 schools and had taken one case  
to court. Of nine truant four had re-  
turned to school and five were reported  
as habitual truants. Of those staying  
away from school there were 18 who  
were out for lack of proper clothing.

**New**  
THIS new kind of laundry  
soap makes a thick soap-  
suds solution. Pour this  
into your tubs, boiler or  
washing machine. Use it  
instead of bar soap.

**USE enough Rinso to get  
good lasting suds that stand  
up after the clothes are put  
in. These rich soap-suds  
SOAK dirt out. No more  
harmful rubbing!**

**SOAK clothes an hour—  
overnight if you wish.  
Then rinse. Because Rinso  
dissolves completely, it  
rinses out thoroughly leav-  
ing clothes snowy white.**

Rinso is made by the makers  
of Lux to do the family wash  
as perfectly as Lux does all  
fine things. Get Rinso from

## BRIGHT FUTURE FOR FARMING VISIONED

Sir Arthur Currie Says More  
Men Willing to Engage in  
Agriculture.

VANCOUVER, Oct. 14.—"There  
must be no sectionalism," said Hon.  
Sir Arthur Currie, Principal of McGill  
University, who arrived here today  
from Montreal to take part in the  
opening exercises of the new Univer-  
sity of British Columbia buildings in  
Point Grey.  
"The three fundamental things on  
which we must base our future," con-  
tinued Sir Arthur, "are agriculture,  
manufacturing and transportation. I  
see a most prosperous outlook for  
agriculture, for the world is steadily  
increasing its demand for the products  
of the soil. Agriculture is no longer  
concentrated along the line of tradi-  
tion, but modern scientific methods  
are being employed. In this connec-  
tion I favor government encourage-  
ment of the science of agriculture and  
there ought to be demonstrators  
always available. We must more men  
willing to farm and these should re-  
ceive every assistance to aid them to  
success.  
"There must be give and take as  
between agriculture and manufactur-  
ing. There must not be free trade to  
the detriment of the one class, nor a  
tariff that is for the benefit of  
the other alone."

## Move Begun to Bar Paper Stock Sales

ALBANY, N. Y., Oct. 14.—Action  
has been instituted to prevent further  
sale of the stock of the Economy  
Pulp and Paper Company, which was  
promoted by Judson Culp, to raise  
funds for the purpose of building a  
pulp and paper plant in Canada.  
Culp, who is under arrest in Roch-  
ester, charged with misrepresentation  
and obtaining money under false pre-  
tences, is said to have offered in-  
vestors in the company, a return of  
five times their original investments  
as soon as sufficient money could be  
obtained to start the project.

## Argument Begun In Saint John Case

OTTAWA, Oct. 14.—The Supreme  
Court of Canada reserved judgment  
today in the case of the ship Clack-  
mas vs. the schooner Cape D'Or, an  
appeal from the Exchequer Court of  
Canada, Nova Scotia admiralty.  
Argument was begun in the matter  
of the city of Saint John, N. B. vs.  
Charles Donald, and will be continued  
tomorrow.

## Grattan O'Leary Is Standing In Gaspe

QUEBEC, Oct. 14.—Grattan O'Leary,  
Ottawa journalist, has been named  
official Conservative candidate in  
the constituency of Gaspe to oppose  
Hon. Rodolphe Lemieux. Dr. L. P.  
Gauthier is also standing in the Con-  
servative interests.

## 2 Government Ships Sold For Lake Service

MIDLAND, Ont., Oct. 14.—Two  
ships of the Government  
Merchant Marine, the Canadian  
Pathfinder and the Canadian  
Engineer, which have been in the  
harbor here for some time, have  
been purchased by the N. W. Pat-  
erson Company, of Fort William.  
These vessels will be added to the  
fleet already operated by this com-  
pany, and are now being made  
ready for service.  
It is expected they will sail for  
Fort William shortly for a cargo  
of grain.

## Report of Slaying Of Informer Denied

MONTREAL, Oct. 14.—Rumors in  
Montreal's underworld state that Nie-  
gro Neri, who turned king's evidence  
in the famous Bank of Hochelaga hold-  
up and murder in April, 1924, for which  
four men were hanged and two sent  
down for life, has been killed in an  
Italian town by pals of the gang.  
Captain of Detectives Mercier, who  
worked on the bank case, declared to-  
day that he knew nothing whatever  
about the matter.  
A similar denial was received from  
the office of the Consul-General of  
Italy.

## GAME PLENTIFUL IN YORK COUNTY

CANTERBURY, York County,  
Oct. 14.—The hunting sea-  
son is now in full swing and sev-  
eral deer have gone down before  
the hunters' bullets. Moose and  
deer are plentiful, but reports are  
that partridge will be scarce.

## Orders Cancelled In Seamen Trouble

Canadian Press Despatch.  
PERTH, Australia, Oct. 15.—(Via  
Reuters)—The South African govern-  
ment has cancelled orders which it had  
given for Western Australian timber,  
the reason therefore being given as the  
interference by the Australian seamen's  
unions with South Africa's chartered  
steamers.  
This is a development of the unoffi-  
cial strike of British seamen which  
for the past two months has inter-  
fered with shipping at Australian,  
New Zealand and South African ports  
but has now been called off at all  
empire ports except London.

## Saint John Vessel Loses Her Rudder

YARMOUTH, Oct. 14.—The Saint  
John schooner Frances J. Elkin,  
Capt. S. Z. Rafuse, is anchored in Yar-  
mouth Sound with the loss of the rudder.  
This vessel is en route from  
Parabola, which port the schooner  
left about four weeks ago for New  
York with a full cargo of laths. On  
Sept. 21 the vessel was in collision off  
Grand Manan with the schooner Able  
C. Stubbs and put into Saint John with  
loss of head gear.

## Erin Asks Ontario Hydro Works' Data

TORONTO, Oct. 14.—Impressed  
with the success of the Ontario hydro  
electric system, and in view of the fact  
that a great hydro plant is being con-  
structed on the River Shannon in Ire-  
land, two representatives of the Irish  
Free State Government, Hon. Patrick  
McGilligan, Minister of Commerce and  
Industry, and Hon. Gordon Campbell,  
called at the offices of the Provincial  
Hydro Commission here yesterday to  
obtain information on its methods of  
developing and distributing power.

## Flemming Speaks At Grand Falls

GRAND FALLS, Oct. 14.—Hon. J.  
K. Flemming, Conservative candidate  
in Carleton-Victoria, Charles Elliott,  
J. L. White and A. M. Chamberlain  
spoke here tonight at a political meet-  
ing held in the Opera House. Dr.  
C. A. Kirkpatrick presided.  
The speakers discussed the various  
issues of the campaign and Mr. White  
read an extract from a letter he had  
received from Premier Baxter to the  
effect that if Grand Falls were de-  
veloped the development would not  
cost the people of the province a cent.

## Gwatkin's Estate Is Almost \$100,000

OTTAWA, Oct. 14.—Major-General  
Sir Willoughby G. Gwatkin, formerly  
of the Canadian militia, who died in  
London, Eng., early this year, left an  
estate of nearly \$100,000 to his bro-  
ther, Rev. Canon Walter Henry  
Trelawny, Ashton-Gwatkin, of Can-  
terbury, England, according to the  
will filed for probate here today.

**BOVRIL**  
puts  
**BEEF** into you

Bovril puts energy into you—Bovril  
puts vitality into you—Bovril puts Beef  
into you!  
Bovril is the concentrated nourishment  
of Prime Beef. Drink Bovril to build  
you up after illness.  
Independent scientists have proved the  
body-building power of Bovril to be  
vastly greater than the amount taken.  
Bovril is concentrated from Prime  
Beef and sold only in Bottles.

**Wyoming to Abandon  
Last Street Car Line**  
CHEYENNE, Wyo., Oct. 15.—Wyom-  
ing is about to become a state without  
a single street car service.  
The Sheridan Electric Railway  
Company, operating the last street car  
system in the state, has made applica-  
tion to abandon its lines.  
The Sheridan Railway serves that  
town and a small agricultural and  
coal mining region adjacent to it. The  
owners declare the automobile has so  
taken away their passengers that they  
have been operating at a loss for sev-  
eral years.  
**MARLER EXPLAINS ACTION.**  
MONTREAL, Oct. 14.—Hon. Her-  
bert M. Marler, government candi-  
date in St. Lawrence-St. George, told  
those who assembled for the opening  
speech of the campaign here last  
night, that he entered the Mackenzie  
King government because he had ob-  
tained what he wanted in the four  
years he had been in Ottawa, name-  
ly, a scientific advisory tariff board.  
**U. S. SENATOR DEAD.**  
INDIANAPOLIS, Oct. 14.—Samuel  
M. Ralston, United States Senator  
from Indiana died today at his coun-  
try home north of this city. He would  
have been 68 years old December 1.

**BLACKHEADS**  
Blackheads simply dissolve and  
disappear by this one simple,  
safe and sure method. Let  
two ounces of peroxide powder from any  
drug store—sprinkle it on a hot, wet  
cloth, rub the face briskly—every black-  
head will be gone.
