BENEFITS FROM HYDRO POLICY

Speeches of Governor and Premier at Opening of the Stephen Brickyard.

That great benefits should be derived from the proposed hydro extension policy of the government to all parts of the province was a statement made yesterday by Hon. Dr. W. E. Foster at the opening of the Stephen Brick Company, Ltd., new brick industry in East St. John. Lieutenant-Governor Pugsley, Bishop LeBlanc and others also spoke.

The governor spoke of the need of new industries in St. John and in this connection dwelt upon the subject of hydro-electric development, the object of which was to attract new industries to the city and province, to furnish cheap light and power and to promote the material prosperity of New Brunswick.

In a highly practical address Premier Foster again declared his faith in the great possibilities lying before the city in regard to industrial expansion on account of the enlightened hydro policy of his government. He outlined the government policy in this regard and asserted that it was a wise policy, particularly insofar as St. John was concerned. With the decline of the ship-building industry here and also the manufacture of lumber nearer the source of supply, it behooved the city to look more and more to an industrial expansion. Hydro power at cost, he declared, made this possible. He reiterated his belief that the development of hydro power could adequately supply the amount required by the city at a cost less than that prevailing in many of the Ontario cities. The success of hydro at St. John would strengthen his hands, he continued, when he went before the legislature and asked for a vote of money for an extension of the benefits of this policy to all parts of the province. Conditions obtaining at present fully justified the hydro policy. The contract from the electric power commission was now in the hands of the city in addition to an estimate of the cost of a civic distribution plant. It was now up to the citizens, he declared, to decide on the mode of distribution.

His Lordship Bishop LeBlanc spoke of the product that the plan would produce and its importance to industry at the present time. R. E. Armstrong, secretary to the board of trade, was present and spoke of the relations between the board and the different industries about the city. He wished the management the best of success in their new undertaking, hoping that the board of trade and the plans would always have friendly relations between them.

The Lee Brothers. Amongst the most interesting figures at the function were John Lee and Henry Lee, who for many years manufactured brick on this site, in the same vicinity where their father before them first began the making of bricks seventy or more years ago.

When Henry Lee entered the room in which the banquet was being held his appearance was signalled by an outburst of applause which betokened the esteem in which the retired brick manufacturer was held by the audience.

£40,000 FOR HOSPITALS. Citizen of Cheltenham Made Generous Bequests.

London, July 8.—(By mail)—Daniel Clark, who died last week at Cheltenham, where he had lived in retirement for some years, left a will under which charitable institutions will benefit to the extent of approximately £40,000. There are bequests of £20,000 each to Cheltenham General Hospital and Leeds General

O. McPherson, Furniture Dealer, Undertaker, Armstrong, B. C. Minard's Lumber Co., Ltd. Yarmouth, N. S.

Dear Sirs:—Since the start of baseball season we have been hindered with sore muscles, sprained ankles, etc., but just as soon as we started using Minard's Liniment our troubles ended. Every baseball player should keep a bottle of your liniment handy.

Yours truly,
W. E. McPherson, Secretary of Armstrong High School Baseball Team.

Edmund Vance Cooke, and Rev. Dr. Robert Norwood, Canadian poets who have made for themselves great names in the world of literature, were the

HUSBAND AND WIFE NEARLY DEAD WITH CHOLERA

The chief symptoms of cholera are vomiting and purging, occurring either simultaneously or alternately, and are usually sudden and very violent, and the matter ejected from the stomach has a bilious appearance and a nasty bitter taste.

On the first symptoms appearing, Dr. Fowler's Extract of Wild Strawberry should be taken, and the trouble checked before it becomes serious.

Mrs. Isaac Smith, Campbellton, N. B., writes:—"We have been using Dr. Fowler's Extract of Wild Strawberry for cholera. My husband and I were pretty nearly dead with it until we started to use your medicine, and thanks to it, we have found great relief, and are recommending it to all our friends."

77 years' reputation stands behind "Dr. Fowler's," therefore you are not experimenting with some new and untried remedy when you get it.

Price, 60c. bottle; put up only by The T. Millburn Co., Limited, Toronto, Ont.

speakers at the afternoon and evening programme at Chautauqua yesterday. Mr. Cooke gave a recital of his poems in the afternoon and Dr. Norwood delivered an impressive address in the evening. The concert party at the afternoon and evening performances consisted of Miss Millicent McIvor, soprano; Miss Joy Babcock, violinist; Miss Emily Wallen, pianist, and Miss Helen Ballin, contralto and pianist. The programmes were of outstanding merit yesterday.

The North End Nationals are taking a two weeks' vacation and will not take part in any ball games until their return. The eleven members of the team left this morning by the steamer Majestic for Holderville, where they will camp out for the next fortnight.
