New York, April 23—The world championship, Boston Red Sox opened the baseball season here today against the New York Americans. NOW FOR THE SOUTH END PLAYGROUND SEASON

Rev. H. A. Cody's cosy workroom in his home, St. James street, last evening drew to itself a group of earnest men who discussed plans and talked hopefully of the future of the South End Improvement League. The chairman of the league, Charles M. Lingley, presided, for it was a meeting of the League executive, and the programme for a general meeting next week in King Edward school assembly hall was arranged. The annual meeting comes in May.

DEMANDS OF SOCIALIST CONGRESS IN PARIS

Paris, April 23—(Havas Agency)—The Socialist Congress yesterday passed resolutions demanding the return to the state of excess war profits and the levying of special taxes on wealthy establishments, financial monopolies, concerns in luxuries, railways and large enterprises, such as mines and banks. A resolution in the hours of labor, the fixing of minimum wages and rigorous protection of mothers and children were also demanded.

FOR NURSES' HOME

The ladies collecting funds to furnish the new home for the Victorian Order of Nurses is meeting with gratifying success. The objective is \$1,200, and already \$800 has been secured. A comfortable flat has been leased in the Haymarket square district, and when this is furnished and a housekeeper installed the nurses will have a home of their own. Formerly they were quartered in the General Public Hospital building, but as other demands for space pressed, they had to seek shelter elsewhere and a boarding-house in Paradise row was arranged for. This was not quite meet the requirements of the nurses, who are subject to call at all hours, and the new plan was adopted as a solution.

PLAN PARSONAGE FOR THE CENTRAL BAPTIST CHURCH

The congregation of Central Baptist Church, throughout all the branches of that organization, is concentrating upon a fund for the erection of a parsonage on the church property adjoining the edifice formerly employed as a playground for the scholars of old Leinster street school. Various means of raising money are being employed and others being devised and there seems an unanimity of purpose towards securing the new home for the pastor within this year. The recent sale of the old Brussels street Baptist church, which belonged to the Central congregation has given special impetus to the movement.

Italy's Premier Threatens To Leave Today Unless Satisfied

Must Have Fiume and Dalmatian Coast or Quit Conference

Paris, April 23—Premier Orlando threatens to return to Italy today unless there is a satisfactory adjustment of the Fiume and Dalmatian questions. Premier Lloyd George of Great Britain is trying to persuade the Italian leader to remain in Paris longer while he continues his efforts to reconcile the opposing viewpoints.

Lloyd George Trying to Hold Orlando in Paris While He Continues to Work for Adjustment of Differences; Further Reports on the Deadlock

The Italian delegation to the peace conference re-asserted today its determination to stand firm on the question of Fiume, indicating that unless the council changed its position the delegation would not return to the conference. An early settlement of the difficulty is consequently thought to be improbable.

With Premier Orlando still absent, Premiers Lloyd George and Clemenceau and President Wilson resumed this morning the consideration of questions concerning China and Japan.

It became known today that Premier Lloyd George tried unsuccessfully during the discussion last night to find a basis for agreement between the differing viewpoints of President Wilson and Premier Orlando on the Italian situation.

"ONE BIG UNION" ADVOCATES ARE OUTSIDE PALE

Edmonton, Alta., April 23—A climax was reached in the Trades and Labor council last night in regard to the "one big union" movement, which originated at the Calgary inter-provincial convention, when President McCraith, on calling the meeting to order, read the following protest:

"By order of the executive committee of the council and by virtue of the authority vested in it, I hereby declare vacant the seats of all delegates voting for and active in the interests of the 'one big union' which attitude and action are in every sense contrary to the constitution of the American Federation of Labor."

The following local unions were included as being those to which this ruling applies, and their affiliation is hereby cancelled—Local 1225, United Brotherhood of Carpenters; Federal Labor Union No. 49 and Local 4070, United Mine Workers.

"GO EAST ON THE BUTTER" The continued high price of butter has again forced oleomargarine to the front even among families who live comfortably but whose purse is not long enough to supply a large tableful of members with the expensive dairy product of the pure variety. This butter substitute is selling at forty cents which used to be the price for a high grade of creamery butter. In a large number of well regulated homes, thrifty housewives have put their feet down although they on the butter means a day, limiting them to two. The dinner meal is served butterless, which seems to be a pretty good idea, as saving of almost one-third the supply of butter is thus conserved. In large families a saving of this size soon resolves itself into a tidy sum of money.

Frederickton, April 23—Rev. Alfred W. Thomson, Presbyterian, port chaplain St. John, has been registered to solemnize marriage.

The following provincial appointments have been gazetted—James Burns of Inniskillen Station to an auctioneer, C. B. Copp of Port Elgin to be commissioner for taking affidavits to be read in the supreme court; Cuthbert Donald, of Upper Blackville, to be a notary public.

Late last night the train from Gagetown ran into several box cars standing on the line near the bridge across the St. John river here. The line was blocked for a time.

The first voting of returned soldiers under the recent provincial legislation in an election in a city, town or municipality, will take place in Frederickton on Monday next, when a plebiscite will be taken on the question of daylight saving. The difficulty of assigning the returned men to polling divisions has been solved by the decision to have one booth for soldiers.

The lot is owned by the heirs of the late Peter Dean, Jr. and the price offered by the company is \$1,000.

MONTECAL TRAFFIC Montreal, April 23—Mr. Justice Dulos this morning issued an order transferring stock in the C. P. R. Company to the value of \$22,000,000 held in New York on behalf of enemy aliens, to the finance minister of Canada.

DOCTOR IN COURT SETS OUT POSITION ON THE MATTER OF LIQUOR PRESCRIPTION

The case against a physician charged with writing a prescription for liquor to be used other than for medical purposes, was resumed in the police court this morning. The doctor made a sworn statement that on the evening of April 15, Chippewa Rockwell called at his office. He complained of a chill. His temperature was then 99.3. He prescribed a so called case bottle of liquor, telling the patient to use it medicinally only, as directed. The doctor said the reason why he prescribed a full bottle was because when the bottle was opened in small quantities, it is sometimes inferior in quality and would do more harm than good. He charged \$1 for his attendance.

Inspector Wilson said his contention was that according to the act the doctor had given a prescription for liquor, to be used as a beverage, which was contrary to law. The inspector asked the court for a conviction. The magistrate read the law. He said he could understand the high opinion of liquor would be given if he could not understand why a man would need a quart of liquor to help his cold. He reserved judgment until Saturday.

Violent Swing to Anarchy Feared Crisis is Reached in Budapest and Situation May Become Serious

Budapest, April 22—(By the Associated Press)—This city is going through a crisis worse than that of April 8. This is an apprehension that there will be a violent swing to anarchy, with the Socialists forcing control to Bolshevik leaders like Bela Kun and chiefs of the Red Guard. Looting, which hitherto has been held in check, or legalized as the "nationalization of property," and the assassination of the old political leaders and the aristocrats are feared.

There are reports that the Roumanians and Czechs have received orders from the Allies to march on Budapest. This is increasing the uneasiness here. It is felt, however, that the Roumanians are advancing merely to occupy the territories set aside for them by the Allied note of March 20, which resulted in the resignation of Count Karolyi, former premier.

The fact that the Communists are unable to prevent the Allies from occupying the districts involved is weakening the influence of Bela Kun and is causing violent hatred against the Allies among the Hungarians.
