BIG FAIR AND CHANCES TO WIN PRIZES OF \$500

City Cornet Band and Navy League Opening Great Attraction Next Monday

Next Monday, Oct. 14, Thanksgiving Day, has been chosen by the City Cornet Band for the inauguration of their fair in St. Andrew's rink. No organization in St. John can appeal to the people for financial aid with a greater competence than can the City Cornet Band. Its record for many years is a most honorable one. It has assisted gladly on all public occasions and has to its credit more than one project for the betterment of the community. Its work cannot be carried on without financial resources and it is to replenish the treasury that the fair is conducted again this year.

Apart from this the band is showing fine patriotism in dividing its receipts with the Navy League. But irrespective of all these things what the band means to offer at the fair will be 100 per cent value for every expenditure made by the people who patronize it. There are to be many features, some of them very striking.

Just in passing keep in mind the ship Navy League used in the recent league campaign. The band is having it much enlarged and it will be mounted with very striking effects and on a deck the boys of the juvenile band in sailor array will be a nightly attraction with singing of old time chanty songs. Including the six round the world trip drawings with 185 prize winning tickets aggregating \$2,510 value. The capital prizes are two of \$500 each.

THE STREET CARS AND THE HIGHER RATES

The first week of six cent fares on the street cars developed the expected crop of misunderstandings, arguments and mix-ups but the conductors say the public is now pretty well familiarized with the change—the word "change" being applicable in two senses. The chief difficulty seemed to be the idea that the old issue yellow tickets were still good for five cents. Much time was spent on the cars explaining that these tickets had been entirely discarded and a new purple ticket substituted. The company redens the old tickets at its expense. Superintendent Hazen McLean says in spite of the delays consequent upon explanations, the schedule was well maintained. There has been complaint from several sources that although the fares have been increased there is still inadequate accommodations at the rush hours and many are forced to stand in the aisles.

DUE TO HEAVY RAINS In spite of a rainfall of almost three inches over the week-end, the only trouble reported to the public works department yesterday was a blockade of a culvert at Russell street which had caused an overflow. A fair amount of work had been done by the time the men arrived and considerable difficulty was experienced in clearing away the debris before the trouble was overcome. The exceedingly high tides brought the water up over the roadway at the Marshall bridge and also on the Spar Cove road yesterday, but without doing any serious damage.

THE RIVER COLLISION The tug James Holly with coar and lights on tow arrived at Hamstead last night, and this morning left for the bend in Long Island, where the tug Premier is aground and partially submerged. It is the intention of the owners to save as much as possible of the cargo and to employ a diver, and after lightening her start pumps working in an endeavor to float her. If they are successful, she will be towed to the city for repairs. The bow of the D. J. Purdy is said to have scored the steam pipes and penetrated to the boilers. No one seems to know just how the accident happened.

IMPORTANT MATTERS BEFORE VETERANS

Representative on Land Settlement Board Nominated at Request of Premier Foster

On last Saturday the quarterly provincial executive meeting of the N. B. Provincial Command Great War Veterans Association was held in the hotel quarters, Wellington Row. C. F. Bishop, vice-president, presided in the absence of Major Barton of Moncton. Those present were:

Lieut. O. W. Lawson of Campbellton, provincial secretary; H. Allingham of St. John and E. J. Ruddy, local secretary; J. W. Warner, St. Stephen; J. Ashford, Fredericton, and Walter Farley of Sussex.

A resolution was passed urging upon the federal government the retaining of permanent employees all returned soldiers now occupying positions in their own provinces. Among other things this would remove the men from the influence of politicians.

A communication from the New Brunswick premier, Hon. W. E. Foster, was read, asking the association to nominate a representative for the Land Settlement Board, which his government is organizing in co-operation with the Dominion parliament. Accordingly, H. Allingham was selected by the G. W. A. members.

It is confidently expected there will be considerable land for the returned soldier boys available in this province through arrangements to be made with Ottawa and which plan will be discussed in the almost immediate future.

A letter from the Canadian Pacific Railway executive offices offering their Fredericton Junction experimental farm property as a training ground for prospective soldier farmers was received and interestingly discussed.

At present the only experimental farm in this section of Canada is at Truro. The returned soldiers are desirous of being agriculturally trained on the same kind of soil they will eventually own, and furthermore they want to spend their money in New Brunswick.

A vote of thanks was passed to W. H. Hattaway for gifts of bound volumes of his writings.

Adjournment until the first Saturday in January.
