

THE EVENING TIMES-STAR, SAINT JOHN, N. B., WEDNESDAY, MARCH 18, 1925

SAINT JOHN WILL HAVE CLASSY ARRAY OF ROWING TALENT

HILTON BELVEA HAS NOT RETIRED IS GLAD TIDINGS

Has Started Training—McCavour Has Spin In Harbor

That Hilton Belvea, former Canadian and U. S. National single scull rowing champion, has not retired will be glad tidings to local fans. Since the first of the month he has been working on his rowing machine, which he has installed in one of the dressing rooms at the Carleton rink, and he is slowly but surely getting into condition. Hilton is keen on staying a comeback and will in all probability represent Saint John in the Canadian Henley at St. Catharines, Ont. When it was reported some time ago that he had retired general regret was expressed for he not only won signal honors in the greatest aquatic classic in the world, but he also did much towards advertising the city. His decision to again take up the blades and fight to uphold the Loyalist city's reputation is welcome news.

Has Spin In Harbor.
Grenville McCavour, the classy junior oarsman of West St. John, is determined to make a mark in aquatic sports this season and celebrated St. Patrick's Day by taking a spin in his shell. His decision to again take up the blades and fight to uphold the Loyalist city's reputation is welcome news.

North End Boys.
Harry Givney and Willie Logan, two North End boys, will also be back in their shells this year and are expected to start training as soon as conditions warrant. Both are clever oarsmen and are expected to make good this season. The former is expected to participate as a senior this year and the latter as a junior.

Newcomer In Ranks.
Jack Ward of West Saint John plans to break into the game this year. He is a big husky youth and has the earmarks of a "comer." He is endeavoring to secure a shell and if he is successful he will enter junior competition this year.

Anthony Belyea is also talking of returning to the rowing game. He is developing into a husky youth and has had some years of experience in the shell. From this it will be seen that Saint John should have a strong representation in the rowing game this year.

Riot Was Narrowly Averted In Sussex-Truro Championship Game

Along the Sport Trail

By RAY HANSEN

THE BIG BASKETBALL series between the Rideaus of Ottawa and the Trojans of this city is only a few days away and the locals will do well to take advantage of every minute at their disposal to train faithfully for the encounter. It is already assured that they are to be pitted against a fast and aggressive quintette of basketballers so no effort should be spared to perfect their combination plays. The Trojans are undoubtedly one of the great teams ever banded together in the Maritime Provinces and the "Rough Riders" will find them worthy opponents. The Saint John boys should have no fear of the invaders although, on the other hand, they should not become over confident. It will be recalled that two years ago the McGill quintette, champions of the Dominion, came here to play the Trojans and found them great difficulty winning by a small margin of nine points. The Trojans did not have some of the star players they have in their line-up today so this should assure both the members of the team and the fans that they have a good chance to win out against the Rideaus and earn the right to go to Edmonton for the final.

WHAT NEXT? Women from Africa, India, China and Japan are seeking entry in the next Olympic games. Judging from accounts appearing in London papers the African girls are exceptionally fast runners and stellar marathon performers. While taking part in track and field events these women wear long robes tied under their arms. Those who have seen them claim they are very fast despite the fact that they are handicapped by wearing the robes. If they could be induced to adopt western garb they would undoubtedly make the American and European sisters work hard to retain their laurels. As far as the women from India, China and Japan are concerned the writer has no means of comparing their achievements with those of our own race. It suffices to say that if they enter the next Olympic meet their performances will be watched with more than ordinary interest.

DESPATCHES YESTERDAY said that every member of the Hamilton hockey team will be sold as a result of their recent action in demanding \$200 before participating in a play off with the Canadiens. This looks as if the magnates are playing right into their hands. With New York breaking into the great winter pastime it would not be surprising if they were all bought up by Tex Rickard et al. Sport writers in some upper Canadian editions are condoning the action of the players on the grounds that the post series was arranged solely to draw down large gates and, incidentally, large sums of money; that the Hamilton Club owners closed the season with an excellent financial balance, reputed to be \$25,000; and that a play-off with the second and third teams is wrong. The writer has already conceded that the post third teams is wrong, but nevertheless the players should have taken a stand at the beginning of the season or at the time the play-off was decided on. If a player is satisfied to sign for a stipulated amount it is none of his business how much the club owners make. If they were losing they would be expected to put up the wages just the same. The action of the players has left a blotch on professional hockey which is regrettable. As a result of this trouble it would be a wise move to eliminate this play-off next season and allow the team finishing first the right to play for the Stanley cup.

WHEN YOUNG JAKE SCHAEFER, world's champion 182 lb. billiard player, meets Roger Conti, European and French champion, in Paris next June it will be a meeting between two players who have performed the most sensational billiards in the history of championship tournaments. Schaefer started the billiard world in the recent title tourney when he ran off 400 points from scratch. Conti has run off 600 points in six innings and frequently finished 800 points in three innings. He has high runs of 471 and 472. The result of this match will undoubtedly be awaited with interest by billiard players and fans throughout America.

Manager Huggins of Yankees Will Play Combe In Centre

NEW YORK, March 18.—Earl Combe will play centrefield for the Yankees this year, and Joe Dugan will be the lead-off man, unless plans of Manager Miller Huggins, formed during the last few days at St. Petersburg, prove faulty. With the new order of things, and claiming that they add 25 per cent to the Yankee strength, Huggins saw his regulars trounce the second team yesterday, for the first time this season, 12 to 4.

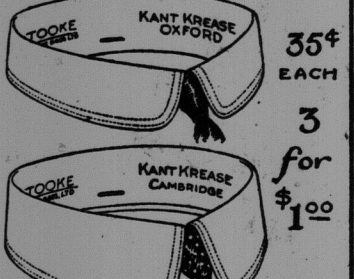

P. E. I. Legislature Opened Yesterday

CHARLOTTETOWN, March 17.—The second session of the fortieth General Assembly of Prince Edward Island opened today. It was the first time His Honor Lieutenant-Governor Heuts officiated and the first session since the days of the late Hon. T. Heath Havill, at which a Lieutenant-Governor appeared wearing state uniform. The Speech from the Throne told of the proposed expenditure of \$100,000 on highways and permanent bridges.

Manitoba Colonel Expected To Recover

WINNIPEG, March 17.—Lieut.-Col. A. W. Morley, clerk of the Manitoba Legislature, who was found in his home yesterday with a bullet wound in his chest, is expected to recover, according to attending physicians. Colonel Morley was slated on the police docket yesterday for hearing on the charge of theft. It is alleged that he converted to his own use, \$1,400 entrusted to his care by a Manitoba farmer.

NURMI SHATTERS 3 WORLD'S RECORDS BUT LOSES TO RITOLA

Phantom Finn Eats Meat Before Race and Had To Quit—Ray Equals Mile Record

NEW YORK, March 18.—Pavel Nurmi ran to three world's records over the protests of the Connecticut Association of the Amateur Athletic Union and a disordered stomach last night, but in the end, the stomach and the stomach ate the meat. The light-haired Finnish runner, who had been eating a meal of meat and potatoes, came to Paavo as he raced away from the field in the 5,000 metre event, one of the features of the Knights of Columbus track meet, the last to be held in Old Madison Square Garden. Four laps from the end, he staggered as he rounded a turn, shook his head, and held his left hand to his stomach. He struggled on, striving to regain his stride, as Ritola, who had been 80 yards behind, raced past him. Another circuit of the track and the Olympic star left the field. Before the race Nurmi had essayed a meal of meat, which had not had time to digest properly, and to this he laid his faltering at a critical time in his athletic career.

New World's Records.
Before he was forced to withdraw from the race, Nurmi had shattered three world's records. They were:
Distance..... Time Former time
4,000 yards..... 10:31 10:41-5-10
4,000 metres..... 11:30-4-5 11:53-9-5
2 1/2 miles..... 11:30-1-5 11:40-1-5
These records were held by Ritola.

HOCKEY MATCH IS THOROUGHLY ENJOYED BY FANS

Saint Johns Vanquish Moncton By Score Of 2 to 1

Hockey fans were treated to a sensational match in the Arena last evening when the Saint Johns vanquished the Moncton team by a score of 2 to 1. The game was wet, but quite hard, and although clever stick handling and accurate combination playing were almost out of the question the work of the numbers of both teams was all that could be desired.

The Saint Johns presented a makeshift line-up, but at that it loomed up as one of the best placed on the ice this season. Short in centre play a stellar game and secured both goals for his team in the first period. The visitors failed to tally in either the first or second period. In the third draw Bidlake out of the net and shot their only score. The game was exceptionally clean up to the closing stages, when No. 3 defence for the visitors started playing the man instead of the puck. On four occasions he should have been punished, but was allowed to continue after a warning to cut out his rough tactics.

Only a small number of fans turned out to witness the game, and this was regrettable, for the entire three periods had many thrills and occasional flashes of real hockey. There were many spills, but the players took them good naturedly.

The line-ups follow:
Moncton..... Saint John
C. Wilson..... Goal Bidlake
L. Wilson..... Defence B. Gilbert
P. Wall..... Forwards Kiley
C. Lane..... Boudreau
N. Cole..... Kiley
R. Noble..... Rathburn
N. Dobson..... Monthie
..... Mountain

After the Game.
The change in the line-up last evening brought out a few points which are being made for next season. Mountain proved an exceptionally clever defence player and if given a chance should develop into a strong contender for a regular berth on the team.

Short may not be the best skater on the roster, but he is one of the brainiest and is always up on the opponents.

Seeks Third Tennis Crown

Out on the California courts Miss Helen Wills, national women's tennis champion, is preparing for the coming season.

And according to reports is playing a better game than ever. Helen, as you will doubtless recall, has won the title for the past two campaigns and this year is out to make it three in a row.

TABERSKI IS SURE OF BILLIARD TITLE

Is Leading Nearest Competitor by 11 Games—Weston Replaces Greenleaf

NEW YORK, March 18.—With Ralph Greenleaf dropped from the league, Frank Taberski, representing the Fourteenth Street Academy, is assured of the championship as a result of the commanding lead he has taken in the national championship pocket billiard league race. With a record of 33 consecutive victories, 12 better than the mark held by Greenleaf, Taberski is now a lead of 11 games over his nearest competitor, Charles (Cowboy) Weston, who, according to an announcement by Frank Dwyer, has taken Greenleaf's place as the representative of the Hudson Recreation Academy in Philadelphia.

Arthur Woods of Syracuse is making a strong finish and as a result of his six straight victories over Louie Charles Harmon at Kreuter's Academy last week, he now is in fifth place and only a short distance behind St. Jean, in third place, and Allen in fourth place. Woods has ten games scheduled this week, two against West in Philadelphia today, six against Pasquale Natale in Baltimore tomorrow, Wednesday and Thursday, and two against Erwin Rudolph in Chicago next Saturday.

Weston also will be active, following his two games against Woods, he will leave for Minneapolis, where he will open a six-game series against St. Jean on Wednesday. Taberski will be idle. He has completed most of his schedule.

How Goals Were Scored.

PLAYERS CLASH AND SPECTATORS JOIN IN FRAY

Sussex Loses Title Series By One Goal Margin

TRURO, N. S., March 18.—A fighting spirit carried Truro to the Maritime amateur hockey championship last night after 20 minutes of sensational overtime play with Sussex, 1924 champions. The game ended in a tie at three all, but Truro won the title on the total goal system and this little town is wild with joy. The winning goal was made in the overtime period. A dispute that lasted several minutes followed after the goal judge had waved his flag, signalling a score. Sussex claimed that the puck did not go in and Referee Buzz McLeod of Moncton did not stop the play until Captain Vernon Hopper hobbled on to the ice with his blood-streamed leg which was injured in an earlier period. The goal was allowed and the record crowd on the side rafters and in every corner of the rink went into hysterics. It was the tying goal and the fair-haired Gordon Kuhn gets the credit for the tally.

Sensational Game.

The game will go down in history as the most sensational ever played in the province. Plays of many different angles were crowded into the night's performance and a near riot was narrowly averted. The latter came near being a reality when Harold Radcliffe, forward of the Sussex team, attacked Gordon Kuhn after the latter had tripped him. As Kuhn was being escorted to "sinners' avenue" Radcliffe raced across the rink and attacked Kuhn from behind. Players and spectators were into the mixup in a jiffy and only the cooler heads pulled the argument up the hatching post. Radcliffe was sentenced to the pen for two minutes. It was his fifth trip to the box during the game. Buzz McLeod, independent player with Moncton, was the sole official on the ice.

How Goals Were Scored.

First period—1, Sussex, Leclair, from Lamb, 6:00; 2, Sussex, P. Radcliffe, from Leclair, 19:30.
Second period—3, Truro, Smith, from Leclair, 19:30.

(Continued on page 15, first column.)
