WM. MACDOUGALL, AUDITOR.

REPORT OF THE BOARD OF OUT-DOOR RELIEF FOR THE WINTER OF 1883-4.

The Board respectfully submit to the subscribers of the Out-door Relief fund, their annual report of the proceedings during the past year, together with the accounts showing the receipts and expenditure for the same period.

Before the Board commenced its operations several meetings were held composed of the City Clergymen, representatives of some of the National Societies and the Committee of this House, which resulted in the formation of a Protestant Associated Charities Organization.

The Board desires to record the valuable services rendered to them by the Charities Organization Society during the winter, particularly in the system of district visitation, which has thus had its first trial; let us hope that in the future, this feature of their work may lead to still better results as to the character of those getting relief. Their Secretary, Mr. Hollis, was daily at the Board, and rendered faithful and unremitting attention. Besides the members of the Board, the Revds. Messrs. Patterson, Doudiet, Hyde, Sadler and Ongerth, were weekly at the Board, and were faithful both in visiting and reporting the various cases that came under their care.

The Board in conclusion have to report that they believe the generous gifts of the friends of the poor entrusted to them have been as carefully and as usefully distributed as was possible.

The St. George and German Societies have been united with this Board in the relief of the poor as in the past winter.

The following table shows the number of families relieved during the season, the quantity of coal and firewood, and the nationality of the recipients:—
