## KING'S BIRTHDAY

Royally Observed in Mother Country Today.

His Majesty Presents Colors to the New Irish Guards—A Brilliant Review.

LONDON, May 30.—The birthday of King Edward, who was born Nov. 9, 1864, was officially celebrated today, it having been decided, as announced in the official gazette, April 15, that his majesty's natal day was to be celebrated in London and on the home stations on May 30, as being the most suitable time for military display. On the other hand, foreign stations will celebrate it Nov. 9, the actual anniversary of his majesty's birth.

General interest in the celebration was apparently, not seriously, diminished by the expectations of the greater of the series of events surrounding the coronation. The towns throughout the kingdom were gaily decorated and beflagged today and the shipping at the various ports made the gayest displays of bunting. The day was observed at all the home military and naval headquarters, with parades and salutes. The chief celebration of the day was the ceremony of "trooping the colors" on the Horse Guards' parade here, and the presentation of colors to the new Irish Guards. Stands covered with crimson cloth were erected on three sides of the parade ground and were occupied by thousands of privileged spectators, including the United States ambassador, Joseph Choate, and Mrs. Choate, and the secretary of the United States embassy, Henry White.

Thousands of other people were grouped closely around the lines of sentries. The troops taking part in the ceremonies were battalions of the Irish Guards, Grenadier Guards, Scots Guards and detachments of the Life Guards. Tremendous cheering greeted the appearance of the king and his brilliant escort, which included many notables. His majesty, who rode between the Prince of Wales and the Duke of Connaught, wore the uniform of colonel of the Irish Guards. Lord Roberts, the commander in chief of the forces, who led the procession, also wore the uniform of colonel of the Irish Guards. Queen Alexandra and other members of the royal family viewed the scene from the windows of the Horse Guards. The crowds present bared their heads while his majesty proceeded to the saluting point. After an inspection of the line of troops and the presentation of the colors, the ceremonies ended with a review of all the troops on the ground. The king, during the afternoon, presented colors to the King's Grenadier Guards. The weather was wet and raw.

## PAUPER IMMIGRANTS.

An Enormous Influx Into the United States This Month.

NEW YORK, May 30.—Immigration is now at the highest point in the history of the country, and the average of the class of people coming here is regarded by some of the officials as the lowest.

Counting the immigrants on board steamships due to arrive today and tomorrow, the immigration for the month will reach the record breaking total of 88,600. In May of 1893, the previous record breaking month, 73,000 people came into the country in the steerage of the Atlantic liners.

The bulk of the immigrants are from southern and southeastern Europe. Immigration from Ireland, Germany, Norway, Sweden and Denmark has fallen off greatly. Seventy per cent of the immigrants now coming in are from Russia, Austria, Hungary and Italy. Most of these are non-producers.

The immigration authorities say the great rush of aliens is due to the commercial prosperity of this country and industrial stagnation in nearly every European country.

## POPE RECEIVES BISHOP.

Further Talk as to the Successor to Archbishop Corrigan.

ROME, May 30.—The pope today received in audience Bishop Charles McDonnell of Brooklyn, N. Y. The statement published by the Daily Mail of London, May 28, that at the consistory to be held June 9 the pope will nominate Archbishop Keene of Dubuque, Iowa, to succeed the late Archbishop Corrigan of New York, is without foundation in fact. It appears now to be extremely improbable that the pope will depart from his customary practice of appointing an archbishop's successor from among the clergy of the diocese in which the vacancy occurs. It is expected that the three candidates will be Bishop McDonnell, Auxiliary Bishop John M. Marley of New York and Vicar General Joseph F. Mooney or Chancellor Charles H. Collins, bishop of New York.

## GERMAN MILITARY REVIEW.

BERLIN, May 30.—The annual spring parade of the garrisons of the Berlin military district was held today on the Tempelhof Field. The weather was superb. The Shah of Persia was present in an open carriage, drawn by four horses, and the crown prince of Siam, Chulalongkorn, was also present, attended on horseback. Emperor William led the second regiment of the guards past the shah, who acknowledged the compliment by standing up in his carriage.

## FOUR OR SIX?

Ross Government's Majority in the Ontario Elections.

Comments of the Toronto Papers on the Result—Recounts May Help Whitney.

(Special to the Star.)

TORONTO, May 30.—The Globe, commenting on the result of yesterday's election, says that the majority for the Ross government is smaller than is desirable, but indications are that it will grow.

The World says that the parties are so nearly equal in strength that as after the election of 1898 immense importance will be attached to the by-elections.

The Mail and Empire says that at present the situation is similar to that revealed immediately after the last general election in that the government has a small majority. But the majority is smaller than that of 1898 and recounts may show it to be a vanishing majority.

The returns received this morning show both Algoma and Manitoulin have gone conservative, Smythe being elected in the former and Ganev in the latter constituency. These changes make the standing of parties at present as follows: Liberals 51, conservatives 47.

[The returns given below show liberals 52 and conservatives 46. A later despatch says Manitoulin is still in doubt.]

## DECORATION DAY.

The Graves of American Soldiers Banked With Flowers.

President Roosevelt Speaks—Costly Monuments Unveiled—Parade in New York.

WASHINGTON, May 30.—Decoration Day was observed here today, perhaps more generally than ever before. The local arrangements were in charge of the department of Potomac and included a parade of all the G. A. R. and other patriotic organizations, the decoration of monuments and graves, and addresses by the president and other men prominent in the affairs of the government. The principal exercises were held at Arlington, where a huge crowd gathered, including thousands of veterans, and where the president spoke. At 12 o'clock a national salute was fired by the Fourth Battery, U. S. field artillery. Music was rendered by the marine band and the memorial choir. The graves of the Union and Confederate dead were then decorated. Appropriate exercises were held at other places throughout the city.

CHICAGO, May 30.—A parade participated in by both the civil and the Spanish war veterans was the feature of the memorial demonstrations in this city today. Business was generally suspended and services were held in many churches. Owing to the perfect weather thousands of people visited the cemeteries.

MANILA, May 30.—The military forces observed Decoration Day as a holiday. There were impressive services at the American cemetery, though the bodies of only a few soldiers are now buried there. The American Club decorated the graves of the civilians. It was thought inadvisable to declare the day a public holiday.

NEW YORK, May 30.—Decoration Day was observed impressively in this city. Crowds attended all the exercises, the weather being fine. There was a parade of G. A. R. posts, National Guard Regulars, U. S. regular troops and blue jackets and marines from the navy yard. A soldier's and sailor's monument, said to be one of the costliest of its kind in the world, was unveiled in the Riverside Park.

PHILADELPHIA, May 30.—The feature of the Decoration Day exercises here was the unveiling of the memorial bust and pedestal erected to the memory of President McKinley by the Philadelphia letter carriers and P. O. employees. Ex-postmaster general, Charles Emory Smith, delivered the oration. The bust and pedestal cost over \$20,000 and stands in the post office building.

## ASHES FROM MONT PELEE.

NEW ORLEANS, La., May 30.—The British steamer Louisianan, of the West India line, which has arrived here from Trinidad and Colon, passed through the storm of ashes precipitated by Mont Pelee, being covered several inches deep with them. The atmosphere was so thick with clouds and strange haze that it seemed as if night had set in. Capt. Edwards took observations and found that he was about 107 miles from Martinique.

## CADOGAN WILL RESIGN.

NEW YORK, May 30.—Earl Cadogan's term of office as lord lieutenant and viceroy of Ireland is now nearing its close, according to a Herald despatch from London. The announcement came, the despatch adds, from his excellency himself, when, at the luncheon which followed his visit to the Cork exhibition, Lord Cadogan announced his early resignation.

## DR. WEBB MAY BUY.

BURLINGTON, Vt., May 28.—Within the past three days Dr. W. Seward Webb has conducted a party of prominent Canadian railroad men and capitalists on a tour of inspection of the Canada Atlantic railroad, and it is believed that an effort is being made to induce the Canadians to join Dr. Webb and his associates in the project of having the Rutland railroad purchase the Canada Atlantic. Joined to the Rutland railway and its connections, the Canada Atlantic would give a through system from Sudbury and Parry Sound to the ocean at Boston.
