CALVIN AUSTIN'S STORMY TRIP.

The steamer Calvin Austin arrived in port this morning about eight o'clock with a small cargo and thirty-nine passengers. The Calvin Austin left Boston on Monday in a fierce blizzard, and, in fact, Captain Pike says, she was about the only boat that ventured out that morning. The wind was blowing off the coast and there was consequently a comparatively smooth sea. When Portland, Me., was reached, however, it was deemed advisable to remain there over night and she accordingly kept her mooring until the next morning. From Portland to St. John nothing unusual happened. The steamer leaves on her regular return trip tomorrow.

MILK DEALERS PAY UP.

The milk dealers who were reported early this week for selling milk in the city without a license have, with three exceptions, informed the court that they have fulfilled the requirements of the law. The three who up to this morning had not done so are John O'Leary, John Durant and Samuel Cunningham. These gentlemen will be proceeded against in the usual way if they do not at once take out licenses.

I. C. R. CLERKS HAVE HOPES.

Mr. Emerson Promised Them a Raise—But It Has Been a Long Time Coming.

There have been numerous reports of late that Hon. H. R. Emerson had sent a letter to some of the I. C. R. officials here promising faithfully that the pay of the clerks would be increased and that the increase would date from July 1st last. Careful inquiry fails to confirm this report and while the men are hopeful that they will receive an increase they have no positive promise that they will or that it will date from July 1st last.

The pay car has been a little behind time in arriving here during the past two months and it was rumored then that the delay was caused by the fact that it was taking extra time to make up the pay sheets in consequence of the increase, but this has proved to be false.

What did occur is this: Months ago a delegation of the local clerks went to Fairville and boarded Mr. Emerson's private car when that gentleman was coming from Fredericton to this city. They stated their case and he promised to look into the matter. Later he wrote a letter saying he felt safe in guaranteeing the increase. Shortly before elections, nothing more being heard of the matter, Hon. H. A. McKeown was approached on the subject. It is said that Mr. McKeown got angry and declared he was going to be a hold up and informed the clerks that he would have nothing to do with the matter. Mr. Emerson was again communicated with and whatever his reply was it is stated positively that there was no positive promise of an increase. The clerks, however, have hopes.

OPPOSITION CONVENTION.

Ward Representation for Friday Night Fixed—J. B. M. Baxter and John E. Wilson Prominently Mentioned.

The convention of electors of the city of St. John opposed to the local government will be held at the York Theatre assembly rooms (down stairs) on Friday evening next at eight o'clock. The convention is called by J. D. Hazen, M. P. P., leader of the local opposition.

The wards will be entitled to the following representation on the nominating committee:

- | Representatives. | Gays. |
|------------------|----------|
| Brooks | 4 |
| Sydney | 6 |
| Dukes | 6 |
| Queens | 2 |
| Kings | 11 |
| Prince | 13 |
| Victoria | 8 |
| Lafferin | 10 |
| Landdowne | 10 |
| Lorne | 10 |
| Stanley | 2 |
- Who the opposition standard-bearer will be is not yet known. A number of names are mentioned, but prominently among them are those of John E. Wilson and J. B. M. Baxter. It cannot be stated authoritatively that either of these gentlemen will consent to run. It is known that the opposition desire to get a strong candidate and any who may think they have a claim upon the nomination are willing to give way to "the man who is deemed the strongest."

A PACKED CONVENTION.

Dr. Smith Says Tweedie Ring Knifed Him—May Run as An Independent.

Dr. J. M. Smith, when called upon by a Star reporter this morning, was still of the opinion that last night's convention was packed. His name would have come before the convention had he yielded to the solicitation of his friends, but he thought that under the circumstances it was better to let the opposition have way and fair-minded Liberals could then judge for themselves. If it is the wish of his supporters that he should take the field as an independent candidate he is ready and willing to do it. He believed that it he runs, and there is strong probability of it, he could get the bulk of the independent Liberal vote. Just this morning he had received very encouraging promises of support which confirmed him in the opinion that if he wished he could effectively kill the Tweedie coterie in this city.

WELCOME WEATHER CHANGE.

A Number of Storm Staved Schooners Got Away Today.

The change in the weather conditions particularly the wind, has made glad the hearts of the local schooner owners and agents. For some days past a big fleet of these vessels has been tied up here, some for as long as fifteen days. The favorable conditions this morning enabled these vessels to get away and they made a pretty sight as they sailed out of the harbor. Some were anchored in the eddy, while others were tied up at different wharves where each day they were under heavy expense. The schooners that sailed this morning were the Kothessay, W. L. Edkin, Wanola, Preference, Louis V. Caples, Rewah, Harry Miller, Rolf Robertson, Janet E., Laura C. Hall and several others.

CHRISTMAS PAY FOR I. C. R. MEN.

I. C. R. employees will receive a half month's pay, that is up to December 15th on the day before Christmas. The St. John men will be paid by L. E. Ross, the terminal superintendent, who expects the checks for the men from Moncton in plenty of time to be cashed at the banks on Saturday, the 24th. In previous years the men were paid in cash, but since last summer the pay system has been changed and checks are now used entirely.
