Not a drop of Alcohol

Doctors prescribe very little, if any, alcohol these days. They prefer strong tonics and alteratives. This is all in keeping with modern medical science. It explains why Ayer's Sarsaparilla is now made entirely free from alcohol. Ask your doctor. Follow his advice.

Unless there is daily action of the bowels, poisonous products are absorbed, causing headache, biliousness, nausea, dyspepsia. We wish you would ask your doctor about correcting your constipation by taking laxative doses of Ayer's Pills.

What Causes "Nerves"?

Most people say worry--they are wrong--the cause is in the blood which is thin, and lacks nutriment. To cure "Nerves" more blood, sinew and flesh are required. You get these quickly by taking Ferronine. No health bringer is so certain, no nerve strengthener more potent, no system tonic so well adapted to the wants of the run-down, nervous or sleepless. Let Ferronine build you up! Let it fill you with vim, energy and surplus vigor. It has done this for thousands.

There is an exhibition in a window in Saco, Me., the largest lobster that has been landed in those parts for years, if not ever. The lobster measures 30 inches in total length and his body proper is 20 inches long. Before boiling he weighed nine and one-fourth pounds, and boiled weighed seven pounds.

The lobster was caught by John E. Lewis, Jr., off Straton's Island in Saco Bay, in one of his traps last Wednesday. The big fellow was the only occupant of the trap, and none of the lobsters in the other traps near by was of greater than average size.
