

SCIATICA CURED.

ANOTHER TRIUMPH FOR DR. WILLIAMS' PINK PILLS.

Mr. Etsell, of Walkerton, Suffered for Months and Got no Relief Until he Began the Use of These Pills.

Of the many employees of R. Truax & Co., Walkerton, Ont., none stands higher in the confidence of his employers than does Mr. Thos. J. Etsell. He is an excellent mechanic, and has been in the employ of this firm for upwards of ten years. But although Mr. Etsell now ranks among the few men who are never absent from their post of duty, the time was when he was as often absent as present, all because of physical inability to perform his work. For years Mr. Etsell was a great sufferer from sciatica, and at times the suffering became so intense that for days he was unable to leave the house.

During these years, Mr. Etsell, as may readily be imagined, was continually on the outlook for some remedy that would rid him of the disease, but for a long time without success. Doctors were consulted and although he took the treatment prescribed, it did not help him. Then he tried electric treatment, but this also failed to give relief, and in despair he had about made up his mind that his case was hopeless and that he would be a suffering, helpless cripple to the end of his days. Then one day a neighbor advised him to try Dr. Williams' Pink Pills.

At first he refused, believing they would prove like other medicines, but the neighbor was so insistent, having herself been greatly benefited by these pills, so that at last he consented. The remainder of the story may best be told in his own words.

"When I began taking these pills," said Mr. Etsell to a reporter of the Telescope, "I had been off work for three months. The cords of my right leg were all drawn up, and I could only limp about with the aid of my stick. The pain I suffered was terrible. I could not sleep at all during the night, and I was in misery both night and day. At first I thought the pills were doing me no good but after I had taken six boxes I fancied I was feeling better, and was encouraged to continue the treatment. After that I got better every day, and by the time I had taken about fifteen boxes every vestige of pain had disappeared. For over a year," continued Mr. Etsell, "I have not had a twinge of pain, and although I am forty years of age I feel as well as when I was twenty. Pink Pills cured me, and I have no hesitation in announcing them the best medicine in the world for sciatica."

The cure of Mr. Etsell proves that Dr. Williams' Pink Pills are not an ordinary medicine, and that their power to cure in all troubles of the blood or nerves places them beyond all other medicines. You can get these pills from any medicine dealer or direct by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont. See that the full name "Williams' Pink Pills for Pale People" is printed on the wrapper around every box.

Why CATARRH Returns

Why does Catarrh of the Head often get better in the summer and return in the fall? Because dry weather drives the Catarrh germ to the interior of the body.

The only way to permanently CURE Catarrh is to kill the germs that cause it. The many widely advertised so called "Catarrh Cures" cannot do this. Yet if it is not done the coming winter will be like the previous ones or worse. For the germs multiply like every other living thing. When they become too numerous in the head they will spread down into the chest and lungs. Their invasion of the lungs is only a question of time. Their increase there means CONSUMPTION. Why run such a risk? Take your Catarrh in hand AT ONCE before winter set in. If you don't get rid of it in the Fall, you'll meet extreme cold weather with your system terribly weakened and undermined. Catarrh of the head is easy to cure under the proper treatment. Catarrh Specialist Sproule can do it quickly. Take advantage of his generous offer of
