IMPOSSIBLE TO BELIEVE OPPOSITION SPEAKERS

J. B. M. Baxter Tells Fairville Electors that Copp's False Charges Have Been so Numerous as to Utterly Discredit Him—Premier Fleming and Other Speakers Win Approval of Electors.

The electors of Fairville turned out in force last evening when the Orange Hall was crowded to the doors by an intensely enthusiastic and appreciative audience of government supporters. The speakers, Hon. J. K. Fleming, John Barry, J. P. Mosher and J. B. M. Baxter, were constantly cheered and applauded as they proceeded to point out the honesty and excellent administration of the Fleming government. The feeling at the meeting proved beyond a doubt the result of the coming election.

The entrance of Hon. Mr. Fleming was the signal for a great outburst of cheering that made the rafters of the hall resound with the welcoming cry of a grateful people to the man who has, during the past few years, given such sterling service to this province. Hon. Mr. Fleming in his speech took up the manifesto issued by A. B. Copp, the leader of the opposition, and proved beyond a doubt the utter fallacy of that document, which bears the earmarks of a man with more brains than Mr. Copp possesses.

The speaker then went on to show that the charges in this manifesto were absolutely false, and proved conclusively that the old government had made the province liable for a debt of almost half a million dollars. Speaking of the Central Railway Hon. Mr. Fleming pointed out that the manner in which the old government had used this road had cost the province an enormous sum of money, the interest on which had to be paid by the people. One of the bills which the old government had left over to be paid by the coalition administration was for steel rails for the Central Railway. This bill amounted to \$45,000, and the rails were purchased six years before the Hazen-Fleming government went into power.

Another instance of the dishonesty of the old government was proven by the fact that the present administration collected over \$200,000 more revenue through the crown lands department than the old government in closing. Hon. Mr. Fleming asked the electors to support the coalition candidates in the coming election. When Hon. Mr. Fleming arose to leave the hall, the large crowd rose and gave three hearty cheers and a tiger.

Liberals Too. J. A. Barry, the former secretary of the Young Liberal Club, was the next speaker. Mr. Barry prefaced his remarks by expressing his pleasure at being present on the day when a Liberal man can be bulldozed by a Liberal machine, is gone. Why, said the speaker, there are hundreds of young men of the Young Liberal Club who will cast their vote this election and cast it for the Fleming administration.

Mr. Mosher was the next speaker. Mr. Mosher complimented the present government, made by Mr. Bentley, for the good Liberals, such as Hon. J. V. Ellis and Richard O'Brien, were supporting it. Both of these gentlemen, said the speaker, were never known to change their coat, unlike the acrobatic stunts which Mr. Pugsley pulled off in 1896. Mr. Baxter then dealt with the false charges brought by Mr. Copp against the Fleming administration, pointing out that that journal was not only abusive but was guilty of slanderous and malicious untruths.

Mr. Bentley, in closing, said that when the present administration went into power, it was found necessary to replace these patched up bridges with new structures thus putting the government under an additional expense.

An Apt Expression. J. B. M. Baxter, one of the county candidates, was the next speaker. Mr. Baxter spoke in glowing terms of Hon. J. K. Fleming, comparing him with Sir Leonard Tilley, saying that both of them were self-made men, who had bettered their lives as poor boys. Both of these men, said the speaker, are a credit to the country and in future generations, the people will speak of that big man, James Kidd Fleming.

Continuing, Mr. Baxter referred to the campaign as conducted by the Telegraph, pointing out that that journal was not only abusive but was guilty of slanderous and malicious untruths.

NEW AUTOMOBILE. The Motor Car and Equipment Co. Limited, have just delivered to John E. Moore, Esq., of this city, a 7-cylinder 60 (actual) H.P., 7-passenger 'White' Automobile, which is undoubtedly the finest car ever brought into this province. This car is equipped with the celebrated 'White' system of electric self-starting and lighting, which is the most perfected form yet adopted, being self-charging and requiring no attention whatever. The body with its straight lines, finished in dark blue with seats built up in air-cushions and covered with the finest grade of Spanish leather represents the highest type of the automobile builders' art. The motor in this car is of the block type of the same form as has been used by the White Company with such great success in their 'Thirties' and 'Forties'—all of the intake and exhaust passages and manifolds, and all of the water jackets and manifolds being in the same casting, with all the moving parts enclosed and shown up in sharp contrast to the conventional cylinder construction with its maze of manifolds and pipes exposed to view on lifting the hood. The wiring for the ignition and lighting, which are entirely separate, are contained in metal conduits on the frame, and are not connected with the body in any way. The Motor and Equipment Co. would be pleased to have anyone interested call and examine this car.
