CURED OF THIS HORRIBLE DISEASE

Edmonton Girl Saved By "Fruit-a-tives"

Edmonton, Alta., Nov. 20th, 1911. "I had been a sufferer from babyhood with that terrible complaint, Constipation. I have been treated by physicians and have taken every medicine that I heard of, but without the slightest benefit. I concluded that there was no cure for this horrible disease. Finally, I read of "Fruit-a-tives" and decided to try them, and the effect was marvellous. The first box gave me great relief, and after I used a few boxes, I found that I was entirely well.

The heats of the single shells today demonstrated the difficulty of the 2,000 metre course, with its bridges and bends. The boats frequently bumped. E. B. Butler, of Toronto, won the third heat against Haylund, Sweden, in 7 minutes 55 seconds. The first two heats were fiasco. Kusik, Russia beat Heinrich, Austria, in the first, but the latter protested, and the heat will be rowed again. In the second heat, Inouilly, Australia, beat Stahnke, Germany, but was disqualified for cutting across the bend and interfering with the German. In the fourth Kinnear, England, beat Hoffman, Germany in 7 minutes 44 seconds. The Englishman was only padding at the end. The fifth was a row over for Merganser, Hungary, Simonsen, Denmark, won the sixth from Sourek, Bohemia, who withdrew before the finish in 8 minutes 40 seconds.

England, Thames Rowing Club, rowed over. The official record for the combined scores in the five competitions in which the military officers participated shows that Sweden is first with 545 points; France second, with 528; Germany, third, with 530, and the United States fourth with 527.

STATE TO HAVE LAWS FOR DINING

The evils of a bureaucratic form of government have reached a climax in the pernicious activity of the Kansas Board of Health, says the Washington Times. Under the pretence of a crusade to outlaw the gourmand these grave and reverend functionaries will carry out a series of experiments to determine the most scientific food for a man engaged in any given vocation. Gastronomy is to be reduced to rule of thumb. The gustatory charms of the table are to be measured in grammes and meters. The banker will be told that his line of work requires just so many units of protein, and a ditch digger will need a specific measure of calories to keep the human furnace going.

The specious plan of the Kansas organization should be exposed without further delay. The gourmand should be made to feel his own unworthiness, to be sure. He has never been a factor in gastronomic circles. But the gourmet, the epicure, the bon vivant—he is altogether a different sort of person. He has reduced living to a fine art, and in his scheme of things the arithmetical "heat units" have no part. To him the rare and exquisite savor means everything. Only incidentally is his food a nutriment. He would rather rise half hungry from a feast of nightingales' tongues and peafowl's brains than to get up satisfied and plethoric from a dinner of beef and potatoes. He belongs to a race which is already passing all too rapidly and is if the Kansas Board of Health really wishes to be of some service to mankind it should espouse his cause rather than become a party to his overthrow of the vanishing art of dining.

White corduroy Norfolk jackets are very stylish for the extra wrap, and are especially affected by the tailored girl, as they keep their shape and are too short to wrinkle.

MARATHONS SHUT OUT; F'TON DEFEATS WOODSTOCK

HOULTON 6; MARATHONS 0. Special to The Standard.

Houlton, Me., July 17.—Well Houlton did not find the rabbit's foot today. They had all sorts of luck and at the right time. A lucky hit by Watt in the third, and excusable errors by O'Brien and Frazier in the fifth and seventh, netted Houlton six runs, and here you have it all. Winters, O'Brien, Rice, Dutton and Corey all got good hits, but they were scattered. In the third Winters made a profit throw from center catching Fredette at the plate. In the fifth things looked good, but Urquhart tightened up and struck out Frazier, dashing all hopes. Rice and Pinkerton played fast ball, taking all chances, while O'Brien was close on to them with only an excusable error. For Houlton, Finemore, Hammond and Fredette were on hand with some fancy plays. Capt. Jack Watt was easily their hero after he made his home run in the third.

Table with columns: Winters, Frazier, O'Brien, Pinkerton, Dutton, McGovern, Corey, Houlton. Rows: AB, R, H, PO, A, E.

FREDERICTON, 6; WOODSTOCK, 1. Woodstock, July 17.—Fredrickton won its game in the first inning, pounding Burrows all over the field after two men were out, and two strikes on the third, netting four runs, and winning by a score of six to one. The only score made by the locals was a home run by Duff in the first although the bases were full on several occasions. Burrows who pitched a one hit game against Houlton last week, was benched in the first inning and Delano pitched a fine game. Brown was batted quite heavily but his team was behind him all the time. In the seventh inning the locals had a chance, but poor coaching kept them from getting a score. Perley beat out a bunt. King struck out. Reeves and Delano singled filling the bases. Perley was sent home, but he was caught by a mile. Corcoran filed out. Once again the bases were filled, but not a runner could get over the plate.

Table with columns: Winters, Frazier, O'Brien, Pinkerton, Dutton, McGovern, Corey, Houlton. Rows: AB, R, H, PO, A, E.

TORONTO CRICKETERS DEFEATED

Moorestown, N. J., July 17.—The Rosedale Cricket Club of Toronto was overwhelmingly defeated by a combined team of Frankford and Moorestown players in a one-day match here today. The Canadians were without the services of Capt. H. G. Wookley. The Moorestown-Frankford players made 292 runs for a total of 7 wickets. The innings was then called. Rosedale was all out for a total of 48 runs.

been a member of the foreign relations committee which reported to the senate the draft of the Hay-Pauncefote treaty with Great Britain in 1900. "I was of the opinion at the time I brought in the report that it left us in complete control in determining the position of our own vessels," said Mr. Lodge. "I did not suppose that any limitation was imposed and did not believe that the United States was included among the nations to be treated with equality under the treaty terms."

BLAMES CANADIANS FOR THE BRITISH PROTEST

Continued from page 1.

Washington, D. C., July 17.—When the senate today took up the Panama canal bill, Senator Lodge, at the opening of the debate, declared the United States had retained full rights under the Hay-Pauncefote treaty, to form its own policy toward American vessels.

The provision for free tolls to American ships, against which Great Britain has made formal protest, was defended by Mr. Lodge. He said he had

asked Senator Smith of Georgia, "Unquestionably," Mr. Lodge replied.

In the course of his speech Senator Lodge said: "There is little doubt what the result would be if the matter in question should be submitted to 'The Hague.'"

"Don't you think we would lose?" asked Senator Smith of Georgia.
