The most terrible thing a man can hear

Back from the war, this son of wealthy parents had to confess a secret marriage to a poor village girl. He knew he had broken his mother's heart. And then he heard the most terrible thing a man can hear.

In "Home to Mother," Kathleen Norris has written what Major Norris declares to be her greatest story since "Mother."

He was punishing himself for falling in love—

And then he came back in the strangest way. Read "The House of Balthazar" by William J. Locke. It's the best yet.

The first fall frocks—

The new things—shown first. Frocks, suits, afternoon and evening, gowns, millinery, waists and coats—even clothes for the boy and girl going away to school. Good Housekeeping tells you where to buy any of the things shown—or will buy them for you.

If your child is different—

Could your child pass a test for mental efficiency? Do you know that what is often mistaken for stupidity is caused by bad eye-sight? Do you know one child in every five is handicapped by malnutrition? Dr. Frederick Peterson's article on "Child Training" is one of the greatest yet published anywhere.

Does a woman know how to be honorable?

A woman's club proposed 35 women for membership—in order to black-ball them. Do you know of a man's club which would do that? "A Woman's Honor" is a challenge. And Good Housekeeping is offering a hundred dollars for the best answer to the charge.

265 women wrote this—

Blue Monday need NOT be Blue Monday. 265 women have learned how to keep unpleasantness out of the laundry and in one complete article, they give their time, labor and money saving experiences.

Trained Nurse Had Never Seen Equal

Miss Murray, in Twelve Years' Professional Experience, Had Never Seen Anything Like Tanlac for Building Up Run-Down People.

"I have been a trained nurse for twelve years, and have had a great deal to do with medicine, but when it comes to building a person up from a weak run-down condition, I have never seen anything to equal Tanlac," said Miss A. M. Murray, who lives 202 Warwick Block, Winnipeg, while talking to a Tanlac representative the other day.

Miss Murray successfully practiced her profession in New York for eight years before coming to Canada four years ago. She has been equally successful here, and her services are greatly in demand by the many wealthy and influential people in the city. "I nursed thirty-five cases of influenza that winter," continued Miss Murray, "and I had to work night and day almost, and that was too much for me, and pulled me down something awful. Finally I had an attack of the flu myself, and after pulling through that, I was in an extremely weak, run-down condition. I was just utterly exhausted all the time. I was very nervous, and for the first time in my life, I was unable to sleep well, and would very often lie in bed and read for hours, trying to get sleepy. Why, I was just so nervous and run-down that I was actually irritable, and the most trivial things would upset me. My appetite left me entirely, and there were many days when a cup of tea was all I could take at a meal time."

"One of my friends induced me to take Tanlac, and it certainly is wonderful the way it has built me up. Why, I have actually gained fifteen pounds already, and I have only taken two bottles so far. All that nervousness has left me, and I sleep just like a child every night, and that tired, exhausted feeling has left me altogether. In fact, I feel just fine all the time, and I unhesitatingly recommend Tanlac to everybody. I never lose an opportunity to advise people who are weak and run-down, like I was, to take Tanlac, for I believe it is the best medicine they can get to build them up. I am sure that anybody who gives Tanlac a fair trial will feel just as I do about it, that it is a real medicine and can be relied upon to do just what they say it will do."

Tanlac is sold in St. John by Ross Drug Co., and F. W. Munro under the personal direction of a special Tanlac representative—Advt.

SEVENTY-FOUR SOLDIERS ARRIVE

Reached the City Yesterday Morning After Doing Their Part in the Great War—Were Welcomed by the Reception Committees.

Seventy-four New Brunswick men who returned from overseas on the S. S. Winifred arrived here yesterday morning and were discharged. Among those to return home was Lieut. W. F. Simonds, son of W. A. Simonds, Rockland Road. Lieut. Simonds went over early in the war with the Ammunition Column, leaving St. John the same time as the 26th. He was a prisoner in England he got to France and soon took his commission. He spent over four years in France and has been fortunate enough to come through without being wounded. Lieut. Simonds also has a brother overseas, Fred, who went to Siberia and is expected home soon.

Sergeant G. Walker, son of Dr. Thomas Walker, is another St. John soldier who got home. Sgt. Walker gave up a responsible position on the staff of a St. Louis university to enlist; was granted a commission in the artillery, but when it became apparent that he was not to go to England with the 9th Siege draft, took his place in the ranks. He subsequently was made a sergeant, got to France shortly before the armistice and went to Germany with the Canadian army. He was captured at Boulogne and sent to North Russia where he was in the Field Artillery, and again saw active service, this time on the Divina River.

The soldiers were met at the depot by the reception committees and given a hearty welcome home.

IN THE CIRCUIT COURT YESTERDAY

In Case of King vs. Hayes Mr. Justice Crockett Decided He Must Quash Indictment and Would Order a New Jury This Morning.

In the Circuit Court yesterday Mr. Justice Crockett, presiding, the case of the King vs. John Hayes was taken up and a true bill against the prisoner was brought in. On the objection of Daniel Mullin, K. C., the court decided that he must quash the indictment and adjourned to order a new jury. The prisoner was remanded.

An indictment was preferred against the prisoner for assisting the High Sheriff when in the execution of his duties on June 6, 1919. There were eleven out of the twelve jurors in attendance and a true bill against the prisoner was brought in. The prisoner was brought into court, but before he was arraigned, his counsel, Daniel Mullin, K. C., moved to quash the indictment on the following grounds: First, that the sheriff being disqualified as he was the prosecutor, the court ordered that Coroner Kenney summon the grand and petty jury. The coroner obtained the assistance of the sheriff in selecting and summoning the grand and petty juries.

Second, that he also availed himself of the sheriff's staff of constables to serve the summons on the grand jurors.

Mr. Mullin contended that under section 89 of the Criminal Code, he was entitled to have the indictment quashed. On these objections and also, he said, because of the course adopted by the coroner, prejudice was created and he moved that the indictment be quashed.

In view of this, His Honor held that he must quash the indictment and he said he would order a new jury this morning.

Those summoned as grand jurors are: Richard Arscott, Daniel Allan, Frank G. Bent, Michael L. Bohlen, Harold Chimo, Angus A. Chaisson, Alexander L. Flower, C. Percy Humphrey (foreman), Herbert G. Harrison, R. Keltie Jones (absent), H. E. Lemon and D. W. Ledingham.

Common Council Meeting Yesterday

Decided to go Ahead With Hawthorne Avenue Work—An Assessment Matter.

At a meeting of the Common Council yesterday morning it was decided to go ahead with the extension of the water and sewerage system from Park street to the ice house in Hawthorne avenue at an estimated cost of \$14,000, the work to be paid for by bond issue. A resolution authorizing the issuing of bonds to the extent of \$10,500 for the extension of the water system from the vicinity of the Municipal Home to the dry dock site at Courtenay Bay was also passed. Although the work has already been commenced on the latter extension, the authority for bond issue could not be given on account of the extension of Com. Bullock. The mayor presided and all the commissioners and the city engineer were present.

The council went into committee to discuss the Hawthorne avenue extension, and heard E. M. Olive, chairman of the board of assessors. He said the total assessable value of property in this street was \$48,450, but this value would be greatly increased by the water and sewerage extension. In reply to Com. Bullock, he said there were some lots on which there were no buildings. Com. Bullock said that he would look into the matter, as the scheme might find an opportunity of carrying out part of the scheme there, provided the council decided to provide water and sewerage. After the committee arose and met in council, Com. Jones put the motion authorizing the extension and it was carried unanimously.

It was brought to the attention of the council that property in Stanley ward was being assessed on an old valuation under one of the old terms of the union of Portland with St. John. The mayor suggested that this be looked into and that those sections of the ward which were receiving the same privileges as other parts of the city be assessed in the same way.

The commission of public works was given the authority to purchase a car load of cement for the work on retaining walls recommended at Monday's committee meeting and that Monday's committee meeting and that Monday's committee meeting.

The board of conciliation appointed to consider the regulations and by-laws of the Police Association submitted a report, but this was laid over until the next committee meeting.
