

Freddie Logan's Praise For Gorman

Former International Champion Returns from Race—Gorman Looks Good for Diamonds.

In discussing Charlie Gorman's chances of becoming this year's skating champion at the Diamond Trophy meet, which is to be held at Lake Placid on February 10 and 11, Freddie Logan, former international champion, who arrived home Saturday after attending the championship meets at Plattsburgh and Saranac, expressed the opinion, last night, that the local speed king is going better than ever, and his chances for taking the highest honors are the very best. Mr. Logan said that, on hard ice, Gorman seems to be the general favorite but Gorman is showing fine form lately and his recent success has been due to his own skill and the fact that the other prominent speedsters of America, Mr. Logan described Gorman as the strongest skater of the field, and said that he would like to see Gorman at Lake Placid, where so far as he is concerned, the local boy's strength will bring him home a winner over the rest of the field of trophy aspirants.

The former international champion described Gorman's performance at Saranac as spectacular and heady. The local favorite displayed good judgment and certainly deserved every point he obtained.

In one of the preliminary heats in the 400 event at Saranac, a large place came out of the blade of Charlie's skate and by clever work he managed to get placed at the finish. Joe Moore beat him a pair for the semifinal and Moore and Gorman skated the distance on soft ice in 41.25 seconds. Gorman, who had been using a pair of skates about an inch shorter than the speedy New Yorker's found the blades to be of great advantage especially on soft ice and it is expected that he will try the longer blades at the coming meet at Placid.

Others to arrive home Saturday from Lake Saranac were White Logan, international fourteen year old champion, Irving Leonard, Canadian twelve year old champion and Elmer Ingram, who went with Frank Gorman to attend the recent championship meets. Frank Gorman and Tommy Treadwell remained over to skate in the events which are to be held on Lake Placid jointly with the Diamond Trophy meet.

White Logan, who is the son of the former international champion, bids fair to follow in the footsteps of his father in attaining the highest honors. In winning the 220 yards for boys of fourteen, the youngster skated the distance in the fast time of 22.25 seconds. It is thought that this is a record for a boy of his years and the authorities are investigating with a view to making it known if such is the case. Young Logan brought home a splendid gold medal for his win at Saranac and a bronze medal for taking third place in his race at Plattsburgh. The youngster skated a lot of credit for his excellent performance in view of the fact that he was racing against boys who were much larger than himself.

Irving Leonard, who it will be remembered thrilled the spectators at Lily Lake when he won the Canadian championship for boys of twelve years and under, was another to arrive from Saranac on Saturday. Young Leonard was met at the station by his proud mother and despite the fact that his face was badly cut up, the youngster wore a broad smile when he stepped off the train. While leading the field in his race last Wednesday, Irving had the misfortune to strike a block causing him to fall and sustain quite severe injuries to his face. In spite of the fact that his fall cost him the race, the youngster proved game and the crowd took his luck very sympathetically.

All those returning from the championships expressed great pleasure at the way they won the Canadian championship for boys of twelve years and under, and said they were confident of winning the Diamond Trophy meet.

FIRE AT ST. JOHN'S
St. John's, Nfld., Feb. 3.—Fire today caused \$100,000 damage to buildings on Water street, the principal business thoroughfare of this city. Six business houses were burned out.

Died

MacGOWAN—On February 4, 1922, after a short illness, May A. MacGowan, beloved wife of J. L. S. MacGowan, leaving behind her husband, one infant daughter to mourn.

Buried at Monday from her late residence, 220 Duke street, Service at 2.30 o'clock.

The only food that will help you put on flesh and increase your weight.

NUTRATED IRON

Series of Sermons Began Yesterday

Rev. H. B. Clarke in Portland Methodist Delivered Able Address—Subject, "Job and Satan."

Rev. H. B. Clarke, pastor of the Portland street Methodist church, last evening began a series of sermons on the Book of Job, and took as the subject for the first of the series, "Job and Satan."

The passage selected as his text was Job 1-3: "Then Satan answered the Lord and said, doth Job fear God for naught? The Book of Job, the speaker said, had been characterized by Carlyle as the finest thing ever written with pen, and the world's greatest classic, either in the Bible or out of it. The Book was written to solve the mystery of suffering, and was a complete answer to the early teaching of the Jews that Jehovah was a God who rewarded good and punished evil. The Book was written as the result of a long experience of later years, for they saw the wicked prospering and the righteous suffering, and it was to give them the right idea of the mystery of suffering that the Book of Job was written. This book teaches that suffering is not always sent as a punishment for sin, but is often sent as a remedy to lead men and women into a larger outlook on life. The author of the book was unknown but the lesson taught by his writings still lived. The Satan mentioned in this book was not, the preacher said, the Devil or great adversary of man, but was a son of God who had a cynical cast of mind and was always looking for motives in everything that was done, and his imputation that Job was serving God for selfish purposes was just a manifestation of that cynicism.

God who knows that Satan is a real follower of His from right motives, gave permission to Satan to apply the test proposed, only stipulating that the man himself must not be touched. Job was a rich man. He had a family of which he was fond and proud, and Satan decided to attack him through the loss of riches and family, and in one day his herds were destroyed and his family taken away by death. Satan waited for him to curse God, but instead he met his loss with these words: "The Lord gave and the Lord hath taken away. Blessed be the name of the Lord." Having failed at his first attempt, Satan made another trial, and last time he was given permission to afflict Job in his body, but he must not touch the life. The plague of boils was sent, and amid the greatest of physical suffering and agony, Job said: "Shall we receive good at the hands of the Lord and not evil also?"

Conditions today were much the same as in the time of Job, and it was just as hard to understand the mystery of suffering. We questioned why some should be afflicted and others not. The thing to do was to follow the example of this man of old and put our trust in God, take the rough with the smooth, and in God's good time all would be well.

Dorchester Term For Joseph Axtell

Escaped from Industrial Home and Stole Watch and Chain—Sentenced to Four Years.

In the police court Saturday morning, a sentence of four years in the Maritime Penitentiary at Dorchester was imposed on Joseph Axtell, who was charged with stealing a watch and chain, the property of William Woods, and of having escaped from the Industrial Home. At the first hearing of the case the accused pleaded guilty to the theft charge, but not guilty to the second charge. On Saturday he consented to the jurisdiction of the police magistrate and received the sentence of four years in Dorchester.

Sunk Teeth Into Policeman's Hand

Louis Daley, a character whose name had an unenviable record in police court circles, has appeared in the Hometown again as a result of a set to which he had with Police Officer Melnick, late Saturday night, as a result of which Daley is in the hospital and Officer Melnick is nursing a severely lacerated hand.

At 12.45 Saturday night, Daley was on Prince Edward Street, near the corner of Richmond, in an intoxicated condition. He was ordered home by the officer, and refused to obey the order. Melnick thereupon proceeded to place him under arrest, and Daley resisted violently. There was quite a struggle during which Daley managed to sink his teeth into the policeman's hand, biting two fingers through to the bone. As a result of the blows exchanged Daley was sent to the hospital, while a charge of being drunk and violently resisting arrest awaits him on discharge from the "G. H. P."

Officer Melnick's hand was severely lacerated and required medical attention, having to be dressed both Saturday night and Sunday. "I received a dangerous wound," said Daley, "but I am not hurt."

Daley had just completed a tour of two months in jail, a sentence meted out on a charge of assaulting a young girl while he was in an intoxicated condition. The offense was committed at the residence of the victim.

WHAT HAS BEEN DONE AT CONFERENCE

Washington, D. C., Feb. 3.—Here are the outstanding accomplishments of the International Armaments Conference as officially revealed at the plenary session:

The completion of a treaty by the United States, Great Britain, France, Japan and Italy, limiting the size of their navies and putting an end to the race for superiority in naval armament.

The completion of a treaty forbidding the use of poison gas in warfare, and making it illegal in the eyes of international law for a state to manufacture and use chemical weapons.

A tripartite agreement by the United States, Great Britain and Japan providing for the maintenance of the status quo in Pacific territories under prescribed areas outside the boundaries, this to eradicate suspicions and to create better feeling among the Powers.

Announcement of a complete settlement of the long standing controversy between China and Japan over Kailashou in the Province of Shantung, under which Japan is to surrender the former German leasehold and China is to regain complete control of the territory and of the Shantung railroad.

Announcement by Great Britain, through Arthur J. Balfour, that she would return the port of Wei-Hai-Wei to China, in harmony with the retirement of Japan from Kailashou.

An agreement to adhere to the time-honored "open door" policy in China, the resolution providing for an international board of reference on China to settle disputed questions, and the abandonment of the policy of "spheres of influence" in China.

The adoption of a four Power compact in terms pledging the Powers to respect each other's territory in the Pacific and calling for a conference of nations when the peace of the Pacific region is threatened. This compact will abrogate the Anglo-Japanese alliance, when ratified.

A settlement made outside of, but in view of the conference of the dispute between Japan and the United States over the Island of Yap, in accordance with the claims advanced by Secretary of State Hughes for cable rights in that island.

A formal pledge from Japan to withdraw from Siberia and from the northern portion of the Island of Sakhalin as soon as certain conditions have been realized. This pledge is regarded as fulfillment of the promise of moral trusteeship to Russia.

Practical abrogation of the "Twenty-one demands" through adoption of the "open door" pledge relative to China and the settlement of the Shantung question.

Fountain Figure Was Demolished

The citizens who visited the west side docks yesterday missed a landmark as they crossed the square at the head of Rodney street, the stone pillars and figure of the drinking fountain having disappeared, leaving nothing but the drinking basin in sight. The top portion fell about 6.30 on Saturday evening and the figure was completely wrecked.

The fountain was erected in 1899 by the Band of Mercy of St. Jude's church and had been a great blessing to man and beast in the 23 years it stood on the square. It is supposed the cause of the accident was a gradual weakening of the cement and the jar of the passing trains.

Fortunately there was nobody near when the large female figure came tumbling to the ground or there might have been a loss of life. So far as can be ascertained the only person in the vicinity was a teamster who had just driven from the fountain after giving his horse a drink.

The figure, which was representative of a woman, was about 15 feet high and was made of iron. It was impossible to make any repairs to it.

The arrests were made by Sergeant Smith, and Officers Lewis, and Hughes.

speech, expressed his appreciation of the thoughtfulness of the Byng Boys in tendering him such an enjoyable reception, and also his great pleasure at being able to present not merely as a transient guest but as one who is to be actively associated with military life in this city and district.

He said that it afforded him great pleasure to know that he was to reside permanently in a city of which he had many happy remembrances from the past. The speaker also expressed his appreciation of the many assurances of co-operation which he had received from the officers of the district.

Among those present who had never attended the conference of the Byng boys were Lieut.-Colonel Newcomb, Lieut.-Colonel T. E. Powers and Major Vince, of the local permanent staff; H. P. Poole, of Montserrat, P. E. I., and H. C. Sheppard, of Toronto. These gentlemen all expressed their appreciation of the kindness of the club and their desire to be present at future gatherings of the Byng boys.

At the conclusion of the addresses, a musical programme of songs and choruses was carried out and greatly enhanced the pleasure of the evening's entertainment.

LILY LAKE SKATERS
Lily Lake is a popular spot these days, over fifteen hundred skaters were on the lake Saturday afternoon, some two thousand or more yesterday, while large crowds enjoyed a moonlight skate both nights.

ENTIRELY NEW TREATMENT FOR BRONCHITIS, CATARRH, NO INTERNAL MEDICINE TO TAKE

Years ago the profession fought Catarrh by internal dosing. This upset the stomach and didn't remove the trouble. The modern treatment consists of breathing the healing, soothing essence of Catarrhose, which goes instantly to the source and the trouble. Catarrhose is successful because it penetrates where liquid medicines can't go. The balsamic vapors of Catarrhose drive out the germs, soothe the irritation, relieve the cough, makes Catarrh disappear quickly. For bad throat, coughs, bronchitis, Catarrhose is a wonder. Two months' treatment one dollar. Small size, 50c. Sold everywhere, or The Catarrhose Co., Montreal.

PILES
Do not suffer from Piles. The only cure is Catarrhose. It is a powerful medicine for Piles. It is a powerful medicine for Piles. It is a powerful medicine for Piles.

Do not suffer from Piles. The only cure is Catarrhose. It is a powerful medicine for Piles. It is a powerful medicine for Piles. It is a powerful medicine for Piles.

Sons of Temperance Meeting in Kent Co.

Warne Government Not to Tamper With Prohibition Act—Officers Elected.

Sunny Bay, Feb. 4.—The fifty-eighth quarterly session of Kent County District Division, Sons of Temperance (5th of Kent and Upper Westmorland District) was held yesterday in Notre Dame, Kent County.

Reports showed eight active divisions in the District with 350 members—McKenna Mills (Notre Dame 57, Gladstone 45, Grayville 31, Moncton 43, Scotch Settlement 40, Dorchester 34, Sunny Bay 37).

The attendance was fifty. The following committees were appointed: Ordinal:—H. H. Stuart, Finance and Audit:—Percy Falconer, Witfrid Fritzie, Grete MacKinnon.

State of the Order:—W. J. Culberson, Mrs. C. L. Taylor, George Johnston, Annie Grant, Mrs. James Cobham. Resolutions:—C. L. Taylor, H. H. Stuart, Robert Johnston, Mrs. Charles R. Lockhart, John MacKinnon.

Officers Elected
The following officers were elected for the ensuing year: D. W. P. Calvis I. Taylor, Notre Dame; D. W. A. Mrs. Charles E. Lockhart, Notre Dame; D. Scobie and Treasurer:—H. H. Stuart, Sunny Bay (re-elected for seventeenth year).

D. Chaplain:—Miss Annie Grant, Scotch Settlement. D. Conductor:—John MacKinnon, Scotch Settlement. D. Sentinel:—Percy Falconer, Notre Dame.

D. Patron of Young People's Work:—Mrs. C. L. Taylor, Notre Dame. D. Past W. P. J. Irvine Blaney, Sunny Bay.

The following resolutions were adopted: 1. Thanks to Notre Dame Division. 2. Regrets at the absence of G. W. P. Rev. W. J. Kirby of Moncton.

3. We would strongly urge upon all divisions and upon all other good citizens in our community the necessity of seeing that the rising generation is thoroughly trained in the knowledge of the evil physical, mental and moral influences of intoxicating liquors and other poisonous drugs.

4. We would strongly urge upon all divisions and upon all other good citizens in our community the necessity of seeing that the rising generation is thoroughly trained in the knowledge of the evil physical, mental and moral influences of intoxicating liquors and other poisonous drugs.

5. We would strongly urge upon all divisions and upon all other good citizens in our community the necessity of seeing that the rising generation is thoroughly trained in the knowledge of the evil physical, mental and moral influences of intoxicating liquors and other poisonous drugs.

6. We would strongly urge upon all divisions and upon all other good citizens in our community the necessity of seeing that the rising generation is thoroughly trained in the knowledge of the evil physical, mental and moral influences of intoxicating liquors and other poisonous drugs.

7. We would strongly urge upon all divisions and upon all other good citizens in our community the necessity of seeing that the rising generation is thoroughly trained in the knowledge of the evil physical, mental and moral influences of intoxicating liquors and other poisonous drugs.

8. We would strongly urge upon all divisions and upon all other good citizens in our community the necessity of seeing that the rising generation is thoroughly trained in the knowledge of the evil physical, mental and moral influences of intoxicating liquors and other poisonous drugs.

9. We would strongly urge upon all divisions and upon all other good citizens in our community the necessity of seeing that the rising generation is thoroughly trained in the knowledge of the evil physical, mental and moral influences of intoxicating liquors and other poisonous drugs.

10. We would strongly urge upon all divisions and upon all other good citizens in our community the necessity of seeing that the rising generation is thoroughly trained in the knowledge of the evil physical, mental and moral influences of intoxicating liquors and other poisonous drugs.

11. We would strongly urge upon all divisions and upon all other good citizens in our community the necessity of seeing that the rising generation is thoroughly trained in the knowledge of the evil physical, mental and moral influences of intoxicating liquors and other poisonous drugs.

12. We would strongly urge upon all divisions and upon all other good citizens in our community the necessity of seeing that the rising generation is thoroughly trained in the knowledge of the evil physical, mental and moral influences of intoxicating liquors and other poisonous drugs.

13. We would strongly urge upon all divisions and upon all other good citizens in our community the necessity of seeing that the rising generation is thoroughly trained in the knowledge of the evil physical, mental and moral influences of intoxicating liquors and other poisonous drugs.

14. We would strongly urge upon all divisions and upon all other good citizens in our community the necessity of seeing that the rising generation is thoroughly trained in the knowledge of the evil physical, mental and moral influences of intoxicating liquors and other poisonous drugs.

15. We would strongly urge upon all divisions and upon all other good citizens in our community the necessity of seeing that the rising generation is thoroughly trained in the knowledge of the evil physical, mental and moral influences of intoxicating liquors and other poisonous drugs.

16. We would strongly urge upon all divisions and upon all other good citizens in our community the necessity of seeing that the rising generation is thoroughly trained in the knowledge of the evil physical, mental and moral influences of intoxicating liquors and other poisonous drugs.

17. We would strongly urge upon all divisions and upon all other good citizens in our community the necessity of seeing that the rising generation is thoroughly trained in the knowledge of the evil physical, mental and moral influences of intoxicating liquors and other poisonous drugs.

18. We would strongly urge upon all divisions and upon all other good citizens in our community the necessity of seeing that the rising generation is thoroughly trained in the knowledge of the evil physical, mental and moral influences of intoxicating liquors and other poisonous drugs.

19. We would strongly urge upon all divisions and upon all other good citizens in our community the necessity of seeing that the rising generation is thoroughly trained in the knowledge of the evil physical, mental and moral influences of intoxicating liquors and other poisonous drugs.

If you would only try "SALADA"

BLACK OR TEA GREEN we are sure you would no longer be satisfied with ordinary tea. The flavour is unique and its richness unexcelled. Your grocer sells it.

Furness-Withy Defeated Scribes
Steamship Men Sailed Away from Telegraph-Times on Water Covered Ice Saturday.

After the main game between the U.N.B. and St. John teams on Saturday afternoon the Furness-Withy vs. Telegraph-Times contest was staged. The ship men got away on the long end of a 3 to 2 score, having a decided advantage by reason of their superior nautical skill on a rink that was covered with water in spots.

The newspaper men had rather the better of the territory play but the steamship six had a regular stone wall in the nets in the person of Eddie, not Ray, Hansen, who stopped about everything that came his way. Ray was on the T.T. team spending most of his time trying to smash the side out of the rink with his ivory dome. Great physical exhaustion was manifested by players on both sides, due to the strenuous pace with which the game was carried on. Although defeated, the newspaper team still think they can beat the Furness-Withy outfit on good ice, and have accordingly challenged them to another game for next Saturday afternoon.

The lineup follows:
Telegraph-Times: Goal—E. Hansen. Defence—J. B. Hansen, J. B. Hansen, J. B. Hansen. Centre—J. B. Hansen. Right Wing—J. B. Hansen. Left Wing—J. B. Hansen. Spares—J. B. Hansen.

Boxing Show Held in Minto Friday
St. John Boxer Put Young Barney Away for the Count—Preliminary Went to a Draw.

A boxing show was held in Minto, N. B., on Friday night, the bouts were staged in the Minto Opera House with a large gathering of fans in attendance. The main bout brought together Young Barney of Minto, formerly of England, and Jack Sullivan of the well known St. John featherweight, Young Barney started off fast and through his speed and aggressiveness earned the margin for the first four rounds, in the fifth Sullivan started the millage, flooring his opponent for the count of nine, from then on Sullivan was the favorite on account of his strong punching ability. Sullivan sent over right to the chin knocking out Young Barney in the seventh.

Two Minto boys were the principals in one of the preliminaries, namely Young Frank Gallant vs. Young Willie Spencer, this bout was declared a draw.

James L. McNulty, of St. John, acted as referee.

Conducted Service in St. Paul's Church
Rev. Mr. Flemming of St. John's (Stone) Church Delivered Interesting Sermon Last Evening.

The Rev. Mr. Flemming of St. John's (Stone) Church, conducted services in St. Paul's last evening. His text was taken from St. John 14:19, "And other sheep I have which are not of this fold, and these also must I bring."

Mr. Flemming spoke of the early missionary work carried on among the Eskimoes. He said it began just twenty years ago when Hans Egede and his wife tried to Christianize the Eskimoes of Greenland. They were, he said, a most warlike race and great difficulty was experienced breaking down their pagan belief, so that both Egede and his devoted wife were subject to many insults and every effort was made to discourage them. At the end of ten years the pair were merely tolerated, when they were joined by two Moravian priests, the brothers Stark. The four by their united efforts were the means of the beginning of Christianizing of the Eskimoes of Greenland and Labrador. The results obtained which were beginning to be apparent today, Mr. Flemming said, were a wonderful tribute to the courage, faith and perseverance of those early missionaries.

During the services Mr. Percy Bourne, in a special anthem rendered the solo "Seek Ye the Lord."

At the evening service two new members were received into fellowship.

SERVICES AT THE MAIN ST. CHURCH
The services at the Main street Baptist church were attended by large congregations yesterday, the number at the communion being one of the largest for some time. At the morning service the pastor, Rev. Dr. Hutchins, spoke on the subject, "The Night is Far Spent and the Day is at Hand." The Sunday school had the largest number present this season, 338 being in attendance. At the evening service two new members were received into fellowship.

WEDDINGS
A quiet but pretty wedding took place on Saturday at the parsonage of the Main street Baptist church, when Rev. Dr. Hutchins united in marriage Miss Hattie Lucinda Burt and Chasman I. Milner. They were attended by Mr. and Mrs. Robert G. Boyce. The young couple will reside in this city.

NATIONAL HOCKEY GAMES

Champion Senators of Ottawa Ten to Six—St. Patrick's Three to One.

Ottawa, Feb. 4.—Ottawa's crisp hockey team maintained its lead in the National Hockey League by defeating the Hamilton Senators ten goals to six at local arena Saturday night. Netminder, Donnelly, netted four goals, while the Senators scored three.

The Ottawa team, which was undefeated in the league, appeared in uniform, but their underdog status was a good account of themselves, and one time, close to the end of the second period, had a lead of six goals to nothing on the visitors.

The Ottawa team at this stage of the season has been the most consistent of the league, having won all but one of its games. The Senators, on the other hand, have been the most inconsistent, having won only one of its games.

The match was remarkable in the splendid showing of Ottawa's two youngsters, Frank Boucher and King Clancy. The boys displayed a fine team spirit and were the stars of the game.

The match was remarkable in the splendid showing of Ottawa's two youngsters, Frank Boucher and King Clancy. The boys displayed a fine team spirit and were the stars of the game.
