

Notarized Used Cars and Trucks

Wise motorists buy with confidence NOTARIZED used cars and trucks from Western Ontario's used car and truck market.

All NOTARIZED used cars and trucks have been thoroughly reconditioned and a sworn statement by our Service Manager before a notary public is attached to every NOTARIZED car or truck. This statement gives a detailed explanation of all work done thereon.

All NOTARIZED cars carry a three day driving trial and a thirty day guarantee against defective parts and workmanship (all trade accessories excluded.)

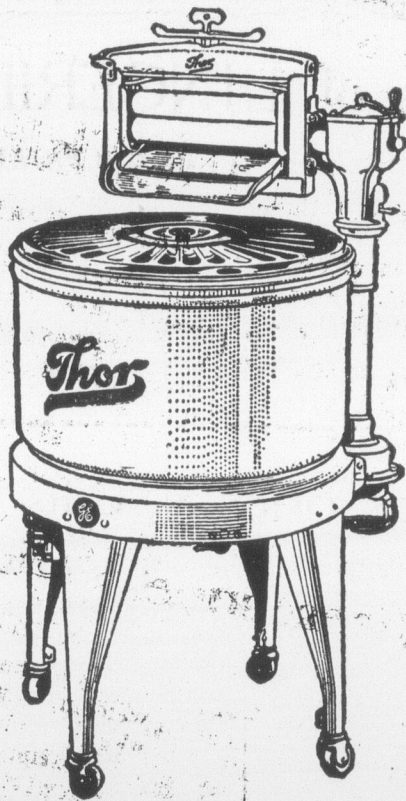

We invite you to give us a call in order that you may learn more about our NOTARIZED cars and trucks.
