Doing is the best part of learning.

Across Canada, the Shell Environmental Fund is helping to turn classroom lessons into environmental action projects for school children.

As part of their studies on wetlands, students from Concord Public School in Windsor, Ontario, have made a former landfill site their conservation project. From cleaning up the area to building nature trails and planting trees, the students are learning that they can make a difference.

Students at Ecole St. Laurent in Lawrenceville, Quebec, have brought their study of bluebirds to life. They built, painted and placed 23 birdhouses in the woods - and now make field trips to learn about bluebirds in their natural habitat.

The \$1-million annual Shell Environmental Fund provides grants for action-oriented, innovative environmental projects in schools and communities across Canada. For more information about the Fund, call us at the Shell Helps Centre at 1-800-661-1600.
