	16-3-42		Dense fog and overcast after the fog cleared. Flying from 1100 hours but no night flying. Visibility very poor, with cross-winds, snow and rain. Sixty Students for Course 51 have reported today, with another one still to report from Virden, Manitoba.

	18-3-42		Major Eastman, of the Chilean Army, visited this Station. Weather overcast with rain and drizzle causing very log cloud at times. Apart from temporary washouts flying continued all day but there was no night flying.	
	19-3-42		Overcast, normal flying all day, but the field became unfit for circuit flying, so only cross-countries were carried out. Headquarters Squadron held a smoker in the Airmen's Mess, which was quite an enjoyable affair.	
	20-3-42		Clear weather. Flying all day but field too wet for circuit flying, due to water on runways. The "Merry-Go-Round" troupe from Toronto performed in the Recreation Hall to an audience of 500, the whole thing appearing to be enjoyed by the airmen and airwomen.	
	21-3-42		Overcast, with some occasional sleet and light freezing rain. Flying during part of the morning and afternoon. No night flying.
