I wish you would have something
done for Joe at once. It is terrible
to think of a man who has given
thirty years of his life for the good
of the party to be left practically
destitute.

I can't think that the party
at Ottawa has any idea of Bernier's
financial position or he would have
been looked after long ago.

Hoping I will receive some good
news from you.

I remain faithfully

J. T. Hater
president.
