PREFACE

AS in the past, the publishers of this work have taken every precaution to make our Halifax City Directory for 1893-94 as complete and reliable as possible, and while we know there are errors and omissions, we think, when it is taken into consideration the amount of detail we have to go through in so short a time, it should be considered very correct. We are well aware of the fact that we will be accused of making errors when such is not the case. The number of changes during this year has been more than usual, hence the names of the same parties will be found to have different addresses, also different occupations in the different parts of the Directory.

While we are very anxious to have errors or omissions pointed out to us, and will feel very thankful for such, we trust the parties will be very careful to ascertain before wasting our time or endeavoring to injure our reputation, that it is not their own want of knowledge of the spelling of the name, or from some of the many other causes, they imagine that we are in error.

The book will be found to be much better bound this year than previously.

To the supporters of this work the publishers return their sincere thanks.
