THE HUMAN HAIR.

WHERE the hair is observed to be growing thin, nothing can be more preposterous than the use of oils, grease or any fatty matter. Their application can only be recommended through the grossest ignorance, as they hasten the fall of the hair, by increasing its relaxation of the skin. When there is a harsh, dry, or contracted skin, and where the small blood vessels which carry nourishment to the bulb are obstructed, then the oils, &c., may be good, as they tend to relax the skin; but alone they are of no avail. There must be a stimulus to rouse the vessels from their torpor, and quicken the current of the blood.—*Extract from Churchill's Treatise on the Hair.*

THE BALM OF COLUMBIA is the only preparation that can have that effect, being entirely free from any oily substance.

A CASE IN POINT.

I had unfortunately lost nearly all the hair from the top of my head, when I commenced the use of the Balm of Columbia, and have, by the use of two bottles had my head covered with a fine growth of Hair.—There can be no mistake in the matter, as any of my friends can see by calling on me. I had also become quite gray, but had the gray hairs plucked out, and it has grown in as the Balm says of the natural colour. If any body doubts these facts, let them call upon me and see. I bought the Balm of Constock & Co., 2, Fletcher Street.

CALEDONIA SPRINGS.

THE favorable opinion I formerly entertained of the waters of the Caledonia Springs is MORE THAN CONFIRMED, as from the benefits I personally derived from their use, as from what I observed of their effects on others. The water should be drank in moderate quantities before breakfast, and persevered in for some weeks at least.
