Mrs. John O'Neill, Montreal

The funeral of Mary E. Palmer, wife of Mr. John O'Neill, ex-collector of canal revenue, and daughter of Mr. William F. Palmer, formerly of the Commissariat Department, took place Wednesday morning, Aug. 13th, from 71 Duhord street, to the Franciscan Church, Dorchester street, and was largely attended.

The solemn requiem service was celebrated by Rev. Father Ambrose, O.F.M., assisted by two of the Franciscan brothers, as deacon and sub-deacon. In the sanctuary were a large number of the brothers of the monastery. The Gregorian chanting was done by the Franciscan Brothers, from behind the altar, the place where the choir is situated.

The church and altars were heavily draped for the occasion. After the "Libera," the funeral cortege proceeded to Cote des Neiges Cemetery, where interment took place. In the congregation at the Franciscan Church were the lady members of the Third Order of St. Francis, of which the deceased was a prominent member.

The chief mourners were Mr. John O'Neill, husband; Mr. Wm. Palmer, father; F. Palmer, Montreal Postoffice, brother; Jos. Laurence Palmer, J. J. Palmer, and William C. Palmer, sons-in-law; John O'Neill, Jos. Palmer, James Palmer, and W. H. Mussen, nephews; T. N. Doody, Ottawa, and D. Doody, Canadian Express Office, Montreal, relatives.

In the valley of peace, "neath the walking of the sweet songs of the birds, the rustling of the leaves, the silent prayers of thousands, and the mournful sound of the church bell, tolling, announcing another Christian has joined the majority, rest the remains of a truly devoted and Christian woman, respected in life and honored in death. Anarchists After Combes

Marseilles, Aug. 9.—As Premier Combes was returning this afternoon to the Prefecture from a banquet given by the Friendly Society of Teachers, two pistol shots were fired at the carriage in which he was riding. The Premier was untouched, and none of those accompanying him was hurt. The attempt upon the life of the President of the Ministry caused great excitement, and the crowd pointed out to the police as the author of the attempt a man dressed in fishermen's clothes. His companion drew a knife, but the police disarmed him.

IT HAS MANY OFFICES.—Before the German soldier starts on a long march he rubs his feet with tallow. In good condition. If he knew that the Thomas' Electric Oil would be of much better service he would throw away his tallow and pack a few bottles of the Oil in his knapsack. There is nothing like it.

Never part without loving words to think of during your absence. It may be that you will never meet again in life.

ALWAYS A GOOD FRIEND.—In health and happiness we need no friend, but when pain and prostration come we look for friendly aid from sympathetic hands. Those hands can be found in the Thomas' Electric Oil. It has brought relief to thousands who without it would be indeed friendless.

A Big Work at Niagara Falls

Being Constructed by Battle Bros. of Thorold.

(St. Catharines Journal.)

For some time it has been known that much important work is being done in the vicinity of Niagara Falls for the purposes of power development, but it was not until Tuesday afternoon that a representative of The Journal had the pleasure and privilege of passing along the line of the Park & River Railway and viewing as he passed the stupendous work being done by the various companies interested. The reporter's attention, however, on Tuesday, was centered in the work being carried on near Chippewa, where, at the southern end of the Ontario park, and about 700 feet above the first cascade in the Niagara River, opposite Goat Island, Battle Bros. of Thorold, are building a dam in the river, to extend 200 feet out from the shore line, and then down towards the rapids a distance of 400 feet. In the construction of this dam cribs are being used, which are 16 feet wide and 15 feet high, varying in length. The cribs are built of lumber imported from Pennsylvania and are in six compartments, alternate compartments having floors. They are placed in position by means of a cable 700 feet in length, fastened around a giant of the Canadian forest, in the form of a magnificent specimen of oak, 4 feet in diameter, taken from a forest in this vicinity, and are then filled with stone taken from the fore-bay, where excavations have been made from 10 to 15 feet deep in the solid rock, in order to put in the intake pipes for development. The stone required for this work is purchased from the Niagara Construction Co., which was formerly the Ontario Power Co., and is conveyed in bays by means of a ten ton locomotive, to the exact place where it is to be used as a permanent track is being laid out the crib work as quickly as the cribs are placed in position. As evidence of the remarkable progress being made in the work it may be stated, in passing, that Battle Bros. placed the first crib on Dominion Day, July 1st, and that when the reporter visited the work on Aug. 11th, the dam had been constructed out from the shore line 260 feet, and also 200 feet of the 400 feet which the contract requires, the dam to be built down the river a 54-foot crib being put in position on Tuesday. The work has been facilitated greatly by the construction of a strong breakerway, 30 feet by 16 feet, but of 13 by 12 timbers, and secured with strong, 6-foot iron bolts which is placed on the outside of the dam and forces the swift current out into the river for a considerable distance. After the cribs shall have been put in, a double course of sheet piling of 2-inch planed, tongued and grooved lumber will be put on the upper side, after which bags filled with concrete will be placed against it, and another course of sheet piling, making it thoroughly water tight. The most dangerous part of the work has been completed and is in place, and it is confidently expected that the end of the present month will see the crib work completed. The 25 workmen employed on the job are French-Canadians from Chambly, Quebec, all of whom have experience in similar work in the St. Lawrence River. The work is being carried on under the personal supervision of Mr. James Battle, who very kindly explained to the reporter all the details of the work and accompanied him out over the portion of the dam already constructed to the middle of the Niagara River, where the water is fourteen feet deep and the current flows at the rate of ten or twelve miles per hour, a fact which will convey to the reader some idea of the obstacles that had to be surmounted by Battle Bros. in the carrying out of their contract, although no adequate conception of the magnitude of the work being done in that vicinity for power development purposes, and of the importance of the work done by the Thorold firm, can be had without a visit to the scene of the operations in connection with which the time taken in making the trip will be judiciously spent, and the efforts made will be amply repaid.

OBITUARY MR. JAMES GILLIGAN. Mr. James Gilligan, who died on the 10th instant, was laid to rest on Wednesday morning, Aug. 12th. The deceased was a native of County Sligo, Ireland, and was for many years a resident of Montreal. He was formerly engaged in the milk trade, but was afterwards appointed toll-gate-keeper at St. Henri, until last May, when he was changed to Maisonneuve. The deceased was a prominent member of the Catholic Order of Foresters, C. M. B. A., and the Third Order of St. Francis, the members of which attended in large numbers at the funeral. The members of the Third Order of St. Francis, according to their rule, assembled at the mortuary chamber the second evening of his death, and recited the customary prayers. The scene was a very edifying one and was participated in by many. Mr. Gilligan was of a kind, loving and charitable disposition was a benefactor to many of the charitable institutions in Montreal, all of which will greatly miss him. At St. Clement's Church, Viauville, the levee du corps, was performed by Rev. Father Rodrigue Sylvestre, professor at Assumption College, who also sang the Solemn Requiem Mass, assisted by Rev. Father J. Picotte, Hochelaga, as deacon, and Rev. Father J. V. Therien, Maisonneuve, as sub-deacon. The choir, composed of Messrs. John B. Morin, leader and tenor; George Charlebois, bass; George Dorval, organist and tenor; R. J. Louis Cuddihy, baritone, rendered the Gregorian Requiem service impressively. The altars were beautifully draped with purple and gold trimmings, whilst around the catafalque innumerable lights burned. The chief mourners were: Messrs. P. Gilligan, son; Michael Gilligan, brother; Thomas Carroll, Jos. Carroll, Henry Carroll, White River Junction, Vt.; John Carroll, Patrick Carroll, brothers-in-law; Philip Hughes, nephews; Thomas Gilligan, and David Bennett, relatives. Among those present were: Ex-Ald. Thos. Kinsella, Michael Burke, M. Curran, P. W. Whelan, J. Skelly, J. P. Doran, T. C. Kelly, R. F. Barrett, F. G. Graedinger, James O'Neill, Michael McCormack, A. F. Doherty, John Keenan, M. O'Connor, P. Hennessy, R. J. Louis Cuddihy, M. D. Panaher, F. D. Lester, Jas. Morley, H. C. Brady, T. O'Connor, O. Valois, J. Valois, W. Grant, G. Grant, G. Roy, P. Renaud, J. M. Arcand, Forbes Snider, Joseph Burns, James Peeney. Loving hands and loving hearts laid him to rest in the beautiful cemetery dedicated to Our Lady of the Snows, there to await the summons of the angel of the Resurrection. Of him the words of the Following of Christ, Chapter 23rd, verse 8th, Book 1, may be applied: "While thou hast time, heap up to thyself riches that will never die; think of nothing but thy salvation; care for nothing but the things of God. "Make now to thyself friends by honoring the saints of God and imitating their actions, that when thou shalt fall in this life they may receive thee into everlasting dwellings." R. I. P. FELIX. Montreal, Aug. 14, 1903.

St. Andrew's Oakville Garden Party. St. Andrew's congregation held their annual garden party Wednesday evening, Aug. 12th, and the spacious grounds at the Presbytery were filled to overflowing with a highly delightful audience, who came away remarking on every side the good programme they had the pleasure of listening to. The various booths were gayly decorated with flags and bunting, while numerous electric lights flashed all over the grounds, where the good ladies of St. Andrew's dispensed dainty lunches and ices to the appreciative crowd. The Oakville Musical Society Band enlivened the evening with their cheery strains. Miss Mabel Manley, soprano, of Oakville, delighted her hearers with her rich and powerful voice, as was evidenced by the fact that she was encored repeatedly. Mrs. Benenatti, of London, who is the possessor of a sweet and cultivated soprano voice, sang several solos with much feeling. Miss Gladys Smith, of Toronto, contributed much towards the pleasure of the evening, and although young in years, gives great promise for the future. She sang two very difficult solos. Miss Marie Smith (a sister of the above), performed with great credit on the violin, and as she drew the sweet sounds from her instrument she was listened to with the greatest attention. Bert Harvey, comic vocalist, of Toronto, was in his usual form and kept the large crowd in one continuous roar of laughter. Mrs. Wright-Orr accompanied the singers in her usual masterly style. Thos. A. Reynolds made a very acceptable chairman. At the close Rev. Father O'Reilly, in a neat speech, thanked the people for their large attendance, and said he was glad to see such a good feeling between all denominations in Oakville.
