

three white feet and star, is by Squire Rickell, dam Cherry Ripe. She won first and championship at Toronto as a three-year-old. She is now in foal to Cliffe Rosador and has to her credit a fine filly rising one year by Smylett's Performer. Another good young one from Wild Mint is Wild Clover, sire Smylett's Performer. Waverly Princess, a very promising filly sired by Smylett's Performer, dam Cherry Ripe, completes the list of the offerings of the Waverly Hackney Farm, a list which is conceded by horsemen to stand unequalled on the continent. Every animal to be offered is a good one, and the individuals to be found elsewhere are very few that can beat the worst of them. This sale offers an unparalleled opportunity for obtaining something really good in Hackney breeding, and with reasonable luck every animal should prove a bonanza for those who get them. Present indications all point to a rapidly growing appreciation of the merits of this splendid roadster breed, and it will only be a couple of years when the gets and produce of these horses and mares now offered for sale will be most eagerly sought after by prospective breeders both in Canada and the United States. Barring ordinary misfortune, no one can make any mistake in attending this sale and bringing their check book.

There will also be sold at this sale Mr. Beith's fine Clydesdale stallion Peveril—3613—, a fine large drafty horse, bay in color, with white markings, a horse of grand proportions and quality, now six years of age, sired by The Prior (10470), dam Madam of Black-spark (14277), by Gillie Callum (3629), g.d. Sally, by Sir William Wallace (1824), g.g.d. by Lord Byron (473).

Careful selection of the best breeding stock obtainable, carefully kept and bred along consistent breeding lines is fast placing the Ridgewood Park Stock Farm, of Goderich, right in the front rank. Some of the finest breeding and quality in Shorthorns find their home in the comfortable stables, and the young stock, bred from them and the grand breeding herd bull are of a quality to make them eagerly sought after. Among the young stock on the farm now offered for sale is the yearling bull, Veltor Archer, sired by Nompore Archer, the present herd bull at Trout Creek, dam imp. Veronica. He is a very promising animal, full of Shorthorn type and quality, breezy looking and thick fleshed, and with a coat of mossy dark red hair to please the most fastidious Scotchman. A fine yearling heifer by the same sire, dam imp. Lady Hope, roan in color and of the showing kind, will make a grand breeding cow. Another splendid heifer about the same age, dam imp. Seasbell is owned by Mr. A. Narr, herdman for Mr. Attrill, at Ridgewood. She is a fine promising heifer of the right kind and is sired by Maxwell, a bull that is now the head herd bull for Mr. J. Marr, of Uppermill. Lady Hope has also another fine young red roan heifer calf, by Favorite that promises to turn out a showring animal. Augusta 3rd has now at foot a very fine red bull calf by Favorite. Augusta was the dam of the winner in its class at London last year. Imp. Veronica has also another red bull calf now at foot, by the herd bull Favorite. Lovely of Pine Grove has also to her credit a promising red bull calf calved Nov. 27. This cow is one of the thickest and deepest to be found, and her calf should turn out a showring animal. Lady Dorothy has a good, thick, beefy heifer calf, calved Jan. 24, and imp. Chloris has an eight month's red bull that was a winner at Toronto last year and will take some beating again. Anyone looking for something really good in young breeding stock will find at the Ridgewood Park Farm the exact thing

AMOS SMITH, Huron Co., Trowbridge P.O., Listowel Station.

You must not imagine that because we sold some Shorthorns at Hamilton recently we have no more to offer.

BECAUSE we have quite a number yet, both male and female, and

GOOD ONES TOO.

Write us if you are in the market (it only costs 2 cents), and we will frankly tell you whether we have what you want.

John Glancy,
Manager.

CARNEFAC

GIVES QUICK AND PERMANENT RESULTS

THE CARNEFAC STOCK FOOD CO., WEST L'ARDOISE, CAPE BRETON, Jan. 27th, 1905.
Toronto.

Dear Sirs,—
Enclosed find balance due on "1 pall" of Carnefac—which duly arrived here Dec. 24, '04. Must say that Carnefac has proven very satisfactory—As a matter of fact—Do not think that I shall ever be without it again. I have recommended it and you can't certainly hear from me when this pall is empty.

Yours truly,
(Signed) JEFFREY MAUBOUQUETTE.

The above is but a sample of letters we receive every day from farmers to whom we have sent 25 lbs. of CARNEFAC on trial. A few points on this is worthy of special notice, namely, the small quantity, short time used, trifling cost, and the satisfactory results. If any of those are points that concern you in the feeding of your stock, a few weeks' use of CARNEFAC will satisfy you that it does all claimed for it. We would particularly invite you to try it if you have any stock seriously out of condition.

Robt. Beith, whose advertisement appears on Front Page, recommends Carnefac.
