is Queen Segis Ormsby, a winter fair winner. There is also a sister of Queen Segis Ormsby in the sale.

Mr. Hallman's young herd sire is Sir Echo Posch, a two-year-old sired by Inka Sylvia Beets Posch, the sire of May Echo Sylvia. He is a very finely turned individual, clean cut and smooth. His dam, May Echo Darkness, is sired by Sir May Darkness, brother to Lulu Keyes, with 36.4 lbs. butter and over 132 lbs. milk. He is thus backed up by great records on either side. A few of the younger animals will be bred to the junior herd sire. The mature animals in the sale will be bred to Sir Korndyke Dopo. The senior herd sire will not, of course, be offered, as Mr. Hallman is still retaining him. A goodly number of his sons from choice dams will, however, go under the hammer.

Breeders over Ontario who are planning to replenish their herds or who are out to secure herd sires of the right breeding, will not fail to be on hand at Mr. Hallman's sale of May 23. Trains will be met at Breslau Station on the forenoon of the sale. Buyers coming from Southern and South Western Ontario and not reaching Kitchener before 12 o'clock noon, will be met by bus line at the Bowman House, and taken to Mr. Hallman's farm. Drop a line for a catalogue of Mr. Hallman's offerings.

When You Write---Mention Farm & Dairy

YORK COUNTY BREEDERS' SUCCESSFUL SALE.

THAT the first annual sale of the York County Holstein Breeders should be marked as one of the most successful of the season was the consensus of opinion amongst the three hundred and fifty admirers of the black and whites who attended the sale at Richmond Hill on Wednesday, May 9. Excellent prices were paid, the sixty-seven head disposed of bringing the handsome sum of $11,895, or an average of $177 each. The top price of the sale was $390, paid by Mr. D. A. Dunlop, of Toronto, for Mr. Frank Boyle's Gipsy Wayne. Mr. Dunlop purchased six head at prices ranging from $140 to $390. Following is a list of the animals and their buyers that brought one hundred dollars or over:

Mature Cows.

Market Review and Forecast

TORONTO, May 14.—Erratic markets may be looked for during next few months, due to the state of panic, or near panic, in which the American people find themselves. Every changing condition is given a place of importance and is followed by wild buying or selling on the market. This is true of all things which are subject to speculation, but it is more true of wheat than of any other commodity. To what extent wheat prices, the highest in 50 years, are due to hysteria, and to what extent they are due to supply and demand, it is hard to say. There are large quantities of wheat stored in Australia. India has just harvested a bumper crop. The shortage of ocean tonnage makes both of these crops unavailable at present. The American situation, of course, dominates the market, and prices are bound to be high.

The butter market is unusually strong for this time of the year. The report that the British Government is purposing to buy the entire supply of Canadian cheese has unsettled the market, but values hold good. Eggs are higher than ever before at this time of the year, and the stock is selling at record prices. On the whole, this is a good time for the man who has anything to sell.

WHEAT.

According to the winter wheat crop forecast from the United States Department of Agriculture, there will be the largest abandonment of winter wheat acreage known in the United States since 1885. A production of 566,116,000 bushels is forecasted, while the production last year was 481,744,000 bushels, and in 1915, 672,347,000 bushels. The extreme bullish nature of this report sent prices rapidly upward, soaring as much as 28 cents in two days on the Chicago market. Quotations here are: Ontario wheat, No. 2, winter, according to freights outside, $3.16 to $3.20; No. 3, $3.13 to $3.18.

COARSE GRAINS.

The coarse grain market strengthened with the advances on wheat, especially on oats and corn, but trade was light. Quotations: Manitoba oats; no quotations; Ontario oats, according to freights outside, No. 2, white 76c to 78c; No. 3, 75c to 77c; corn, American, No. 3, yellow, $1.71, subject to embargo; peas, nominal; barley, making, $1.40 to $1.42; rye, No. 2, new, $1.83 to $1.95. Montreal quotes as follows: Oats, C.W. No. 2, 89c to 90c; No. 3, 87c to 88c; extra No. 1 feed, 87c to 88c; corn, American, No. 2, yellow, $1.65 to $1.70; barley, Manitoba feed, $1.19 to $1.20.

MILL FEEDS.

Millfeeds are firm, with a fair demand. Shorts, $45; bran, $42; middlings, $48; good feed flour, bag, $3 to $3.10. At Montreal, bran, $42; shorts, $46; middlings, $48 to $50; moullie, $52 to $57.

HAY AND STRAW.

Hay, track here, extra No. 2, $12 to $13; mixed, $9 to $11.50; straw, carlots, $8.50 to $9. At Montreal, hay, No. 2, carlots, $13 to $13.50.

POTATOES AND BEANS.

The market for potatoes holds strong, and there seems little prospect for easier prices. Ontarios are quoted at $4.25; Westerns, $4 to $4.25; Delawares at $4.50; and Cobblers, $5. At Montreal, New Brunswick Delawares, 90-lb. sack, $3.75; Quebec's, $4 to $4.25; Green Mountains, $4.25.

Beans—Japanese, hand-picked, bushel, $6.50 to $6.75; prime, $6 to $6.25; Canadian, hand-picked, bushel, $7.75; prime, $7.25.

EGGS AND POULTRY.

Eggs are coming on the market in only fair quantities and demand is very strong. The export trade in eggs has a somewhat unfavorable opening this year on account of the scarcity of ocean tonnage, as well as the high price asked. A country points a year ago, eggs were being bought around 21c and 22c. New-laid, in cartons, are now quoted 44c; ex-cartons, 40c to 42c. Montreal quotes new-laids at 40c.

Chickens, fat	20c	to 22c
Fowl, fat	21c	to 23c
Chickens, ordinary	22c	to 00c
Fowl, ordinary	20c	to 22c

DAIRY PRODUCE.

Butter is firm with no change in prices. Wholesalers are paying 37c to 38c for dairy in the country, and creamery solids are being taken at 40½c to 41c. At Montreal, Ontario creamery butter is finding a good sale, and quotations are about the same as for the Eastern Townships' product. Wholesale quotations here are:

Creamery prints, fresh made	44c	to 45c
Creamery prints, storage	42c	to 43c
Creamery, solids	41c	to 42c
Choice dairy prints	39c	to 40c
Ordinary dairy prints	36c	to 36c
Bakers'	30c	to 31c

Spot business in cheese is practically at a standstill, and will probably remain so until the commissioners who were appointed to secure the sale of the Canadian cheese for export to Europe put their plan before the trade. At Brockville recently, bids of 22c were refused, and no sales made, while at Stirling 25½c was refused, and at Campbellford 26 9-16c secured all the offerings. On this market, new large are quoted 29½c; twins, 29¾c; June, large, 29¼c; twins, 30c.

LIVE STOCK.

On this market, stockers and feeders were steady and strong at last week's prices. There was a good demand for all milkers of good quality. Quotations were unchanged on the hog market, and the demand on the part of packers was only fair and purchases rather light. Quotations are as follows:

Choice heavy steers	$11.50	to	$12.25
do medium	10.50	to	11.26
Butchers' choice handy	10.75	to	11.50
