

A New N. C. R. Invention

*As important to you as your
telephone or cash register*

It's a new credit file that **safeguards** your credit business—in a better, easier, safer, quicker way than you thought possible.

It is so simple that anyone can operate it.

It is so speedy that all entries are made in the presence of the customer, who leaves with a statement of the purchase—plus a record of the balance carried forward.

It is so convenient that you can set it on any size counter, table or desk. The exact balance due from any customer is instantly available, and the file can be operated with one hand while the other holds the telephone receiver.

It is so complete that a true record of the whole credit business is always available in short order.

And this knowledge alone is worth more than the cost of the file.

It is so safe that records once filed in its locked compartment cannot be lost or destroyed. Records can be seen, but not tampered with.

A few weeks' use will pay for it.

There's nothing else like it, and it can be seen at the N. C. R. office near you, or a letter to us will bring you complete information.

See this new file or find out how it will stop your losses, please your customers, and relieve you of work and worry.
